HORROR SWELLS IN JAMAICA.

Ninety Thousand Homeless and Needing Food—American Consul at St. Thomas Gives the Dead as One Thousand—Towns Outside of Kingston Damaged.

[BY DIRECT WIRE TO THE TIMES.]

ST. THOMAS, (Danish West Indies,) Jan. 16.—[Exclusive Dispatch.] One thousand persons were killed by the Jamaica earthquake. Ninety thousand are left homeless by the destruction of their homes. The financial loss is $10,000,000.

All persons are warned to keep away from Kingston by the latest cable from Jamaica. Famine is imminent in Kingston, and probably pestilence, for the stench is awful.

The banks and their vaults, supposed to be fireproof, were burned, but it is useless to send money, for all the shops were destroyed. Provisions are most urgently needed. There is no food for animals. Rich and poor are homeless.

All the buildings in and around Kingston were destroyed. Few dwellings are safe to live in. The misery in Kingston is indescribable.

Negroes are looting the ruined and deserted houses. Ghastly scenes are being enacted.

The shock which laid Kingston in ruins occurred about 3:40 p.m. Monday. A number of dead are buried under the smoldering ruins. Many professional men were killed or injured. Sir James Fergusson was killed.

The Governor of the island (Sweetenham) and Sir Alfred Jones and his party are safe.

The report that an extinct volcano in Portland had shown signs of activity before the earthquake is not verified. But otherwise the advices confirm those of yesterday. The fire that followed the earthquake completed the destruction of Kingston.

[Signed.] CHRISTOPHER PAYNE, United States Consul.

Park Lodge Hotel, Kingston, shattered by the earthquake.

HOLLAND BAY (Jamaica) Jan. 16.—[Exclusive Dispatch.] The violent earthquake which destroyed Kingston came at 3:30 o'clock Monday afternoon. Three shocks within an interval of fifteen seconds leveled the lower part of the city, on the water.

The upper part of the city was less damaged, but was ruined by the fires which followed immediately.

There was no water, all the mains being broken, and the fire burned all night. It is still blazing, but under control.

The whole city, south of the Parade, is consumed, including the churches, banks and government buildings, except the treasury.

The streets are full of wreckage and wires, and the charred bodies of men and horses.

The worst disaster happened to the camp. The whole barracks is gone.

The Military Hospital collapsed, and caught fire instantly.

FORTY-SIX SOLDIERS BURN.

As there was no water, forty-six soldiers were burned alive. Lieut. Betcher and two privates were saved.

The mess room fell, killing Maj. Hardyman, badly injuring Col. Hay, Capt. Motley, Lieut. Dixon and Quartermaster and Mrs. Price.

Captains Constantine and Young of the Royal Mail Company, Dr. Robertson and wife, Dr. Gibb Bradley and D. Varley were also killed.

In the Jamaica Club, Mr. Sherlock and Miss Lockett were killed. Mmes. Constantine and Wedderburn both had legs broken.

The Constants Springs Hotel is badly damaged, but is standing, and 150 tourists, camped on the lawn in tents or under the trees, with a cold northern wind blowing tonight, present a strange spectacle.

AMERICANS SAFE.

Dr. Twitchell is working hard among the wounded. He and his wife, of New York, the Haines and Foulkes families of Philadelphia, and the Hazens and Goulds of Boston are safe. No Americans are reported dead.

The delegates of the West Indian conference are on board steamer.

The school walls fell, but the roof stood, and none of the pupils were killed, though some were hurt.

The ballroom and upper part of the Government House are in ruins. The Governor was seen in Kingston directing the firemen. Lady Sweetenham is attending the wounded.

The residence of the officer commanding the troops is a total ruin, but his wife was dug out alive.

The hospital is shaky, but standing.

The wharf of the Hamburg-American Line is used as a hospital, and the dead and dying are brought by water in barges and by land in drays. The crew of the Arno, her captain dead, was saved at the Royal Mail wharf by the ships here.

The damage outside of Kingston is not great. Trains are running to Titicfield.

Port Antonio and Spanishtown are reported little damaged.

The negro population behaved splendidly, there were no riots, or looting but they got religious frenzy and were singing and praying in the streets.

Warships are reported summoned. Troops are guarding Varley's flour store, where there is sufficient food for twenty days.

TIDINGS VIA PANAMA.

[BY DIRECT WIRE TO THE TIMES.]

GALVESTON, (Tex.) Jan. 16.—[Exclusive Dispatch.] The Panama cable is working in fits and starts today, and the meager reports only confirm the first flashes of the horrors of the quake at Kingston. Slight tremors having been reported up to Tuesday evening.

One report today estimated the dead at Kingston at 400 and the injured at nearly two thousand.

Less than twenty buildings escaped damage. Had the shocks occurred at night, the loss of life would have been very great.

Reports from the surrounding country show the tremors to have been felt for 75 miles west of Kingston and eastward 60 miles, or to the end of the island.

Spanishtown, 15 miles west of Kingston, with a population of over five thousand, was considerably damaged. Three lives were lost.

Fruitsville, Colery and Boston, three small towns about twenty

(Continued on Second Page.)

WILL BE MARRIED TODAY.

Col. Harold J. Gross to Wed Miss Mary Louise Colt, Daughter of Judge Lebaron Colt.

[BY DIRECT WIRE TO THE TIMES].

PROVIDENCE (R. I.) Jan. 16.—[Exclusive Dispatch.] Col. Harold J. Gross, Police Commissioner of this city, commander of the crack First Regiment and chairman of the Republican City Committee, tomorrow is to marry Miss Mary Louise Colt, daughter of Judge Lebaron Colt of the United States Circuit Court. The wedding will be a very brilliant affair at the Colt residence, Rev. George McL. Fiske of St. Stephen's officiating.

ASKS FIDELITY IN CORPORATIONS.

NELSON PAGE SAYS FIDUCIARY PRINCIPLE IS LOST.

He Scores Commercial and Industrial Combinations—Directors and Management Do Not Guard Shareholders Interests, Immediate or Remote.

[BY DIRECT WIRE TO THE TIMES].

ALBANY (N. Y.) Jan. 16.—[Exclusive Dispatch.] In a sensational manner before the State Bar Association today, Thomas Nelson Page of Washington scored the commercial and industrial fields of this country for the almost total disappearance of the fiduciary principle.

"Time was," said Mr. Page, "when the entire direction and management of every corporation and association or combination was regarded and regarded itself as a fiduciary for every interest, immediate or remote, connected therewith. What do we find now?

"The assertion that a man may do what he will with his own, and the yet more erroneous idea that 'his own' is all he can acquire and get control of by any means whatsoever, that do not bring him quite within the reach of the statute law."

BURNING HOUSES TO KEEP WARM.

SMALL TOWNS OF THE BLACK HILLS HAVE NO FUEL.

Great Suffering and Heavy Financial Losses Due to the Continued Coal Famine—Numerous Mills Shut Down—Edgemont Supply Lacks Cars for Hauling.

[BY DIRECT WIRE TO THE TIMES].

OMAHA (Neb.) Jan. 16.—[Exclusive Dispatch.] A special from Deadwood says the coal famine in the Black Hills has become very acute, and is causing great suffering and heavy financial loss.

Today the fuel dealers of Deadwood found themselves without a pound of coal, while Rapid City and other towns are in a similar situation.

In some small towns in the hills, buildings of considerable value are being torn down and converted into fuel.

Many cases of the keenetst suffering from cold are reported.

The famine has resulted in the shutting-down of numerous mills and has involved a heavy financial loss.

The car and engine shortage has aggravated the situation.

There are 130 carloads of coal at Edgemont, near Deadwood. This coal has been there for three weeks, but owing to a scarcity of cars and engines, the railroad company has been unable to transport it to points where it is needed.

CORONATION SET FOR SATURDAY.

SHAH HURRIES MATTERS AND IGNORES CLERGY.

Persian Assembly Is More Harmonious and Moderates and Extremists Come to Better Understanding. Self-appointed Committees in Various Towns Will Be Checked.

[BY DIRECT WIRE TO THE TIMES].

TEHERAN, Jan. 16.—The coronation of the new Shah will take place on Saturday. Owing to the anxiety of the Shah to hasten the ceremony he has overruled the desire of the clergy who have strongly favored the Mohammedan festival, as already telegraphed.

The sitting of the assembly yesterday indicates that an understanding has been arrived at between Extremists and Moderates. The latter are less obstructive and proceedings were orderly.

Alleged oppression by the Governor of Khorassan is severely condemned.

Proposals were made with a view to check the activity of the self-appointed local committee at Tabriz, which sets the Governor at defiance. Similar committees have been formed in other provinces.

A member of the Assembly quoted the Shah's words respecting finances as telegraphed.

A responsible minister has been summoned to reply to the interpellation as to the Darcy oil concession in Southern Persia on Saturday. The Financial Minister has also been summoned. The national bank scheme and the internal loan is progressing slowly.

ANGELENOS IN FLORIDA.

PALM BEACH (Fla.) Jan. 16.—[Exclusive Dispatch.] Mr. and Mrs. Hensen Moore of Los Angeles are at "The Breakers" Hotel.

TRIBUTE TO ROOT.

President Indorses His Policy.

Foreign Commerce Convention Discusses Pending Ship Subsidy Bill.

Santo Domingan Treaty and Latin-American Trade Up for Review.

Chief Executive Declares Our Navy Is America's Cheapest Insurance.

[BY THE ASSOCIATED PRESS—P.M.]

WASHINGTON, Jan. 16.—A lively discussion took place at today's session of the National Convention for the Extension of Foreign Commerce over the question of ship subsidy. The Merchants' and Exporters' Association of New York urged the adoption of a resolution which approved the ship subsidy bill now pending in Congress. The convention refused to place itself on record in behalf of the measure before Congress by the adoption of the following resolution:

"We believe it imperative that the American merchant marine should be reëstablished and that new steamship lines to promote speedy communication should be opened, especially with South and Central American ports, for the proper extension of our commerce.

"To this end we recommend liberal compensation from the government to American-built and American-manned ships for all services rendered, including the carriage of mails and the right to use the ships in time of war."

The President, Secretary Root, Speaker Cannon and Govs. Warfield of Maryland and Swanson of Virginia were the principal speakers at a banquet given to the delegates tonight.

The President paid a tribute to Secretary Root and declared that "the minute we leave American soil, party lines are disregarded and we are all Americans."

AGREES WITH ROOT.

"What Secretary Root has already said has my unqualified indorsement," said the President. He said he would talk on three subjects already referred to by Secretary Root:

"First, our relations with Santo Domingo; second, the consular service, and third, the extension of our trade in Central and South America."

"The first view of the government," the President said, "is to help Santo Domingo stand on her feet." He referred to the pending treaty, which he declared, if adopted, would remove all danger in the future of any necessity of intervention. He reviewed the causes which led up to the United States taking a hand in the affairs of the island republic, and explained the objects of the proposed treaty.

The President then took up the question of reform in the consular service, and praised the conference work in this connection.

"I believe that a great improvement has developed in the consular service," he said, "but I do not believe the power of removal should be restricted."

"DOOR OF EXIT."

The President declared that both in the civil and military service he keeps open the "door of ready exit for the unfit." He said that no one except himself had the power to close this door.

He urged the passage of laws by the present Congress that would extend American trade. He said that a bill incorporating the suggestions made by Secretary Root in his Kansas City speech had been prepared, and he expressed the hope that it would be passed at this session of Congress.

"This bill," he added, "is absolutely needed if we are to meet foreign competition."

The President declared that there is no doctrine advocated by any nation that compares with the Monroe doctrine in advancing the cause of peace.

"The prime boast of the United States navy is to avert war," he declared in discussing the needs of a larger navy and the wisdom of preparing for war in the time of peace.

"The United States navy is the cheapest insurance this nation has. Treat every power with justice, with every courtesy—courtesy is very cheap, but very valuable—and don't give any nation cause for offense."

In conclusion, the President declared that he hoped the meeting of the convention would result in a faster line of ships to South America and to the Orient.

DELAWARE ELECTS SENATOR.

DOVER (Del.) Jan. 16.—The two houses of the Legislature met in joint session today and formally elected Harry A. Richardson, Republican, United States Senator to succeed J. Frank Allen.

DESTRUCTION AWFUL AND SHOCKS CONTINUE.

Fire Has Burned Out and Leaves City a Mass of Debris.

Troops and Police Have the Situation at Kingston Well in Hand—Over Three Hundred Corpses Are Buried—Financial Loss Exceeds Ten Million Dollars. Prominent White Persons Missing.

[BY DIRECT WIRE TO THE TIMES.]

KINGSTON (Jamaica) Jan. 16.—[Exclusive Dispatch.] The destruction in Kingston is awful. It is admitted that from 500 to 1000 persons have lost their lives through the shock which wrecked the city, Monday, and the fire that followed in its wake.

Two shocks came yesterday, and one today. The fire has burned out, and what was once a beautiful city is now an area of wreckage, and full of the sounds of lamentation and mourning.

Thousands of homeless are sleeping in the streets and parks, their principal food being bananas.

The troops and police at present have the situation well in hand, but there is pressing need of supplies and tents.

If rain should set in, the suffering is sure to be great.

Houses in the country for miles around have been wrecked.

OVER THREE HUNDRED BURIED.

One hundred and eighty bodies were buried in the Catholic Cemetery yesterday, and 130 more today.

It is estimated that the loss will total more than $10,000,000. The insurance carried by the Norwich Union Insurance Company of England alone is £8000.

Henniker Hatton, a man who has gone over the district, estimates that the dead will number anywhere from 500 to 1000, but the discovery of bodies and the search for the missing are proceeding very slowly.

LUNATICS AT LARGE.

With the destruction of the insane asylum, hundreds of lunatics escaped and are roaming at large.

The natives refuse to work. Sir Alfred Jones says they will continue to seek employment on the Panama Canal, and that their places here must be taken by coolie labor brought from India.

Of the dead, it is safe to say that one hundred are white, among them Capt. Constantine, the local representative of the Royal Mail Steamship lines, Capt. Young, commander of the Areno of the Royal Mail, and Capt. Lamont, who was said to be married to an American girl.

AMONG THE MISSING.

Among those reported missing are Charles and Edward de Cordova, J. W. Middleton Bradley, who married Miss Varley of the family engaged extensively in sugar cultivation; Bertie Varley, Charles Sherlock and his brother, a well-known merchant.

Messrs. Baker and Angier of Boston and Francis Kahle of Buffalo escaped without injury. Sir James Ferguson was instantly killed in the street by falling masonry.

ADMIRAL EVANS ON HIS WAY

SUPPLIES SENT TO KINGSTON BY SECRETARY METCALF.

Special Authority of Congress, Needed in Most Cases, Not Awaited in View of Necessity for Prompt Action—Steamship Lines Will Forward Relief Goods Free of Charge.

[BY DIRECT WIRE TO THE TIMES].

WASHINGTON, Jan. 16.—[Exclusive Dispatch.] The Navy Department late this afternoon received from Capt. W. H. Berger, commander of the station at Key West, a wireless message saying that Rear Admiral Evans, in command of the Atlantic fleet, was on his way to Kingston on the torpedo-boat destroyer Whipple with medical assistance, and that the battleships Missouri and the Indiana were following.

It is believed that he selected the Whipple because of her speed, 28 knots, which assured the prompt arrival of surgeons, while the slower battleships will follow with stores and other surgeons' and medical supplies.

The appeal for food supplies directed attention to the fact that, under ordinary circumstances, none of the government supplies could be used for outside relief, save by special authority of Congress. That fact, however, did not prevent Secretary Metcalf from ordering two supply ships with full cargoes of supplies to Jamaica, leaving for there tomorrow.

The question as to how the supplies are to be given to the needy inhabitants will have to be decided later.

SUPPLIES GO FREE.

All supplies that are contributed for the relief of the people in the Kingston disaster will be carried to the stricken city free of charge by the vessels of the Royal Mail and those of the Atlantic service of the Hamburg-American line.

The announcement that this would be done was made by the local agencies of the two companies today. Sanderson & Son, who represent the Royal Mail, said that the next vessel of their line to sail for Kingston is the Atrato, which is now on her way from Kingston, and which has been scheduled to begin her return voyage to that port Monday.

Mr. Merror of the Hamburg-American Line said that the company's pier, No. 55 North River, foot of Twenty-fifth street, would be kept open for the receipt of supplies intended for Kingston.

The Prince Joachim, which is now lying at this port, is scheduled to leave for Kingston Saturday.

BRITISH CRUISER BRILLIANT.

[BY DIRECT WIRE TO THE TIMES].

HAMILTON (Bermuda) Jan. 16.—[Exclusive Dispatch.] The British cruiser Brilliant arrived here last night. The Brilliant has been ordered to Kingston to assist the sufferers from earthquake, and will sail tomorrow, after coaling.

ANOTHER QUAKE REPORTED.

SHIPS FORBIDDEN PORT.

[BY DIRECT WIRE TO THE TIMES.]

HAVANA, Jan. 16.—[Exclusive Dispatch.] A dispatch from Santiago says there are rumors there of another earthquake at Kingston, Jamaica. The dispatch adds that the government officers at Kingston, have forbidden ships to enter the harbor.

The steamer Oteri left this afternoon for Port Bowden, twenty miles from Kingston, with supplies. Many Santiago men who have families in Kingston went on the Oteri.

Gov. Magoon this morning received a dispatch from Admiral Evans, saying that his ships sailed at noon for Kingston. The Whipple was sent ahead with advance supplies.

MANILA'S VISITATION.

TIDAL WAVE BREAKS HIGH.

[BY DIRECT WIRE TO THE TIMES.]

PARIS, Jan. 16.—[Exclusive Dispatch.] According to a dispatch to the Gaulois, Manila has been visited by earthquake shocks, that were accompanied by a tidal wave that broke over the harbor works.

VESUVIUS MORE ACTIVE.

[BY THE ASSOCIATED PRESS—P.M.]

NAPLES, Jan. 16.—Prof. Matteucci, director of the observatory at Mount Vesuvius, reports increased agitation of this volcano coincident with the Kingston earthquake.

WEATHER BUREAU RECORD.

SHOWS SLIGHT INTENSITY.

[BY THE ASSOCIATED PRESS—A.M.]

WASHINGTON, Jan. 16.—Today the Weather Bureau issued the following bulletin:

"The earthquake recorded at the Weather Bureau on Monday afternoon is undoubtedly a record of an earthquake that is reported to have destroyed Kingston at the same hour.

"Judging from the magnitude of the motion recorded at Washington, we regard the present disturbances as of relatively slight intensity as compared with other great earthquakes, as, for example, that of San Francisco, Valparaiso and the earthquake reported in the Indian Ocean, October 1. The magnitude of the disturbance reported at Washington was distinctly less than in either of the other great earthquakes, and we may therefore conclude that the violence of the motion at Kingston was also less."

ANXIETY AT HALIFAX.

CABLE OFFICE BESIEGED.

[BY DIRECT WIRE TO THE TIMES].

HALIFAX (N. S.) Jan. 16.—[Exclusive Dispatch.] The Halifax and Bermuda cable is still interrupted, and nearly every direct channel leading into Kingston has been closed for forty hours.

The cable office is besieged with anxious friends of Nova Scotians and Canadians known to be in Jamaica, but nothing except a brief message via Holland Bay, announcing the safety of all but one of the cable staff at Jamaica, has come from the company's office since Monday afternoon.

Will Cure Catarrh.

NEW YORK, Jan. 16.—A continuous line of humanity suffering from either catarrh, asthma or bronchitis fills the waiting-rooms of the Austrian dispensary at No. 32 West Twenty-fifth street, New York City.

Ascatro, the wonderful drug, is achieving results in catarrh and asthma never before accomplished by medicine. A ten days' treatment of this rare remedy is given to all callers, or sent free to any address in America on request.—[Adv.

RELIEF WORK EXPEDITED.

New York Ship Lines and Commercial Houses Appoint Committees.

[BY THE ASSOCIATED PRESS—P.M.]

NEW YORK, Jan. 16.—Plans looking to the relief of the Jamaica earthquake sufferers were formulated at a meeting tonight of a number of representatives of ship lines and commercial firms. A committee was named to attend to the collection of funds and the purchasing of supplies.

The steamer Allegheny of the Hamburg-American Line will sail for Colon Friday next, and will stop at Kingston. The Prinz Joachim of the same line will sail for Kingston Saturday. The Royal Mail steamer Atrato will sail for the same port Monday. All three will carry as many supplies as the committee can secure.

Fruit sellers of Kingston, the stricken city.

HORROR GROWS.

(Continued from First Page.)

to twenty-five miles east of Kingston, are reported as having been devastated by th equakes, with from fifty to one hundred lives lost.

Morantby, thirty miles east of Kingston on the coast, suffered two severe shocks, with much loss of property. Many persons were injured but no lives lost.

For twenty miles out from Kingston the fine roads are impassible, and the sugar and coffee plantations report heavy losses.

The six cables entering Kingston were broken by the quakes.

NATIVES ROASTED IN THE RUINS.

MEMBER OF PARLIAMENT SENDS GREWSOME CABLEGRAM.

Many Heroic Deeds of Blacks and Whites Reported—Steamers and Tourists Safe—Canadian Capitalists Suffer Heaviest Losses—American Concerns Involved.

[BY DIRECT WIRE TO THE TIMES.]

LONDON, Jan. 16.—[Exclusive Dispatch.] A cable received by the Colonial Office from Amer Greenwood, Member of Parliament, touring Jamaica, says:

"Kingston ruined. No Englishmen, Americans or Canadians missing, excepting Sir James Ferguson, Governor, and Sir Alfred Jones, directing affairs. Inadequate discipline. Many natives roasted under ruins. Many heroic deeds by black and white reported. Sailing Thursday with most English tourists."

FRUIT TRUST'S LOSS.

The United Fruit Company (the "fruit trust") issues a statement that its loss is nominal. It owned only a small wharf at Kingston. All steamers, tourists, hotel guests, and steamship passengers apparently are safe. Some steamers are not yet due. The company received the following from its Jamaica division manager:

"Mercantile section Kingston, including our office, completely destroyed by earthquake and fire, and Myrtle Bank Hotel and Constant Spring Hotel practically destroyed. Several hundred killed. On account of obstruction to railway, steamship Port Kingston will get small quantity fruit."

ON THE NORTH SIDE.

The north side of the island, where the most extensive plantations exist and where the largest interests of the company are located, experienced only a slight tremor and no damage was done. There will be no serious delay from shipments from the South Kingston side of the island.

The heaviest foreign loss felt by Canadian capitalists. Halifax, N. S., capital was heavily invested in Jamaica, especially in Kingston. The Bank of Nova Scotia has a branch there. A staff of fifteen men, nearly all former Haligonians.

The Halifax and Bermuda Cable Company has not had a word over its line from Kingston since Monday.

AMERICAN CONCERNS.

The principal American companies are the United Fruit Company, with headquarters at Port Antonio; the Atlantic Fruit Company, Baltimore, and J. E. Carr, at Monteg Bay, Jamaica, with offices at New York; Ainslee & Grabow, Boston, proprietors of Hotel Tichfield and another new hotel under way, all at Port Antonio.

Ainslee & Grabow cable that all is safe, and the United Fruit Company's Hotel at Port Antonio cables for two barrels of plaster of Paris, to repair the slight damage.

Emma Goldman, who was arrested January 6, charged with making an incendiary speech at a public meeting in New York, was discharged from custody yesterday. Alexander Berkman and John R. Corryell, arrested at the same time, were also released.

ALMOST EVERY HOUSE IN CITY DESTROYED.

[BY THE ASSOCIATED PRESS—A.M.]

KINGSTON, Jan. 16.—Kingston was overwhelmed by an earthquake at 3:30 o'clock Monday afternoon.

All the houses within a radius of ten miles were damaged, and almost every house in the city was destroyed.

Fire broke out after the earthquake, and completed the work of destruction. The business section of Kingston is a heap of smoldering ashes.

The killed number about 400, and thousands were injured.

The churches, public offices and hotels are all gone, but there were no fatalities at the Constant Springs Hotel.

Among the killed were Sir James Ferguson and prominent merchants and professional men.

[The foregoing dispatch reached the Associated Press this afternoon, and may have been delayed by the great pressure of official business. It is possible it was filed at a time when excitement was great, and before the later estimates of the dead were available.—THE ASSOCIATED PRESS.]

QUAKE PRODUCED BY SUN AND MOON.

Meteorologist Clements of London Says Conditions Can Be Accurately Foretold — Repetition of Volcanic Disturbance in Europe Due.

[BY DIRECT WIRE TO THE TIMES.]

LONDON, Jan. 16.—[Exclusive Dispatch.] "It is all the effect of the sun and the moon," said Hugh Clements, the meteorologist, discussing the Jamaican quake. Prof. Clements, January 9, predicted earthquakes to take place in America, January 12.

"The sun and the moon," he continued, "cause all earthquakes and every other natural disturbance. They produce atmospheric and lithospheric, as well as hydrospheric tides. The only difference is that the denser the medium is the faster is the movement.

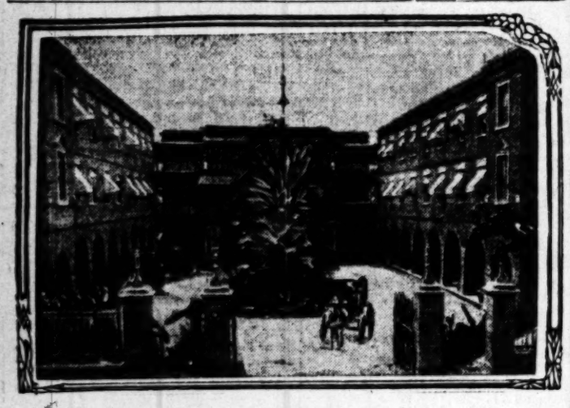
"The waves of the air, which are the least dense of the three media, have the slowest tides. Water is next, and the earth is the most rapid. When the earth tides reach water, they are blocked and force accumulates, until an explosion results, and all the earth quakes.

"All meteorological conditions can be accurately foretold by observation of the sun and moon and the tidal positions. I predicted the recurrence of the Vesuvius eruptions, the recent seismological shocks in northern Europe, and missed the Kingston upheaval by only the matter of a day or so.

"The next earthquake will occur in Europe on January 21, or thereabouts. It will be a repetition of the volcanic disturbance in Calabria. No more earthquakes need be feared in the Western Hemisphere in the immediate future.

"Prof. Milne and such men know nothing about the causation of earthquakes. They are chiefly remarkable for the management of instruments for recording seismological events. They admit the existence of tides in the water, because these can be actually seen, but refuse to believe that there are tides in the air and earth equally real, that can be understood and prognosticated with the same unerring accuracy.

"If I knew the exact moment when an earthquake or volcanic eruption happened in history, I can foretell exactly where and when it will be repeated. Some day the scientists who now either ignore or ridicule me, will admit that my conception of the sources of disturbances in our universe is correct."



[From stereograph copyright 1904 by H. C. White Company.]

The Myrtle Bank Hotel of Kingston, Jamaica, completely destroyed.

HUNDREDS ARE LOST, IS CONSULATE ADVICE.

[BY THE ASSOCIATED PRESS—A.M.]

WASHINGTON, Jan. 16.—The following cablegram was received at the State Department this afternoon:

"JAMAICA, Jan. 16.—3:31 p. m.

"Secretary of State, Washington.

"Fearful earthquake, followed by fire. Kingston destroyed. Hundreds of lives lost. Food badly wanted. Consulate probably destroyed. Fireproof safe.

[Signed] "AMERICAN CONSULATE."

The last sentence is supposed to refer to the consulate papers.

ANS METHOD OF TEST CASE.

e Is for Japanese to Ask School Entry.

l Makes Basis of Government's Big Suit.

Observatory Wins the Lelande Prize.

RECT WIRE TO THE TIMES.]
FRANCISCO, Jan. 16.—[Exclusive Dispatch.] The first step to determine a controversy over the segregation of the Japanese school children was taken tomorrow morning when the complaining witness, a ten-year-old Japanese boy named Keikichi Aoki, appeared at the Redding school, with official from the United States District Attorney's office and formally apply for admission. The application will be denied, Miss M. E. Dean, the teacher in charge, this action will be the specific case for the government suit.

United States Attorney Devlin met Superintendent of Education and City Attorney Clarke this afternoon and agreed upon a test case which will be taken tomorrow by Keikichi Aoki, with his father, will present himself at the school and make application, which will be denied by Miss Dean, the principal, will then forward the papers in the government case. Preparations are now being prepared and by Monday or Tuesday they will be ready to file in the United States Court of California.

It is understood that it will be an application for an injunction restraining the Board of Education from carrying out its segregation order based on the ground that the order is a violation of the treaty rights between Japan and an unjust discrimination against them.

ASSES THREE BIG FORTUNES.

BROKE, BUT RECOUPS HIMSELF TWICE.

Man Loses All When Puget Sound Boom Broke, but Buys Gold Mine, Develops It and Railroads Now Buy His Nearly Poor Lands.

CT WIRE TO THE TIMES].
Jan. 16.—[Exclusive Dispatch.] After losing one fortune by the collapse of the Puget Sound boom years ago, Allen C. Mason has two new fortunes.

Having practically evrything, went to Montana and engaged in mining. He purchased an abandoned mine near Helena and for years has devoted himself to developing and equipping it.

Now he is paying handsome dividends. The mine in charge of a superintendent, Mason today returned to Los Angeles to live.

Among the first returns from his mine Mason, with strategic eye, took control of a large body of timber lands fronting on deep water.

The big fortune has now come to him as he has sold 160 acres to the Salt Lake and Northwestern Railroad, another 160 acres to the Pacific Electric at a great profit.

SLOPE BRIEFS.

Women Lath Church.

TACOMA (Wash.) Jan. 16.—The women of Milton lathed the new Methodist Episcopal Church at that place yesterday and in spite of many bruised fingers succeeded in putting on about 8000 lath.

Fire Destroys Two Hotels.

VANCOUVER (B. C.) Jan. 16.—Fire at Sandon, B. C., last night destroyed the Filbert and the Balmoral hotels, the occupants barely escaping with their lives and losing all their possessions.

Los Angeles Buys Berkeley Bonds.

BERKELEY, Jan. 16.—The municipal bonds recently voted, amounting to $298,100, have been sold by the Town Trustees to the Los Angeles Trust Company, which offered a premium of $18,000, the highest received by the town authorities for the bond issue. Ten offers were received.

Refugee Died Rich.

SAN FRANCISCO, Jan. 16.—The Public Administrator was today granted letters of administration for the estate of William P. Browning by Judge Graham. When Browning, who was a refugee, died in his quarters at the Ingleside Camp, some weeks ago, it was found that he had $3000 in various banks and stocks of the value of $2000.

Recoin Filipino Pesos.

SAN FRANCISCO, Jan. 16.—A shipment of $1,500,000 in pesos arrived from the Philippines on the transport Logan yesterday for recoinage in new form by the mints of this country. The recoining of the silver is necessary because the Chinese have been importing great quantities of the money from the Philippines and melting it up. To prevent the threatened depletion of the money supply of the islands, the government has decided to have the pesos recoined with the intrinsic value sufficiently decreased.

To Aid Starving Chinese.

SAN FRANCISCO, Jan. 16.—The California branch of the American Red Cross League has issued an appeal for $150,000 for the purchase of a shipload of flour and corn meal, to be sent to the relief of the millions of Chinese along the Grand Canal in China who are in danger of starvation because of the destruction of their crops by floods.

Cobblestones for Silks.

SAN FRANCISCO, Jan. 16.—Instead of receiving half a ton of silk goods from Chicago, valued at several hundred dollars, Livingston Bros., merchants of this city, received a large dry goods box yesterday, containing cobblestones. George Betchel, a driver, who delivered the box, was taken into custody last night and locked up at the police station on suspicion. He denied that he had any knowledge of the substitution.

Bay City Wants Teams.

SAN FRANCISCO, Jan. 16.—Information received by the California Promotion Committee from all parts of California notes an unusual condition brought about by the excessive demand for teams in the building operations now going on in San Francisco. The demand, which has resulted in the employment of 14,000 teams in the city, has brought about high wages for the teamsters and their outfits, and the country districts have been drawn upon to such an extent that in many places the farmers are offering high prices for team help. It is estimated that several thousand teams can find employment at once in the State outside of the cities, while the various interior towns and cities are also badly in need of them. Inducements of an exceptional nature are now offered to men with teams to come to California.

FIERY SWEEP UNCONTROLLED

CONSUL BRIDGMAN AT BOSTON SAYS WINDS ARE HIGH.

Flames Starting at Harbor Street Would Rush Through Kingston's Buildings, Very Old and Dry—Editor Alice Stone Blackwell Fears for Her Father's Safety.

[BY DIRECT WIRE TO THE TIMES.]

BOSTON, Jan. 16.—[Exclusive Dispatch.] Alice Stone Blackwell, editor of the Woman's Journal, Boston, is anxious about her father, Henry B. Blackwell, who sailed for Jamaica January 6 with G. W. Blackwell, a brother, and the latter's wife and daughter. The steamship sailing list the past two weeks and the hotel arrivals there reported to the Boston papers indicate only one party from the Far West, Mr. and Mrs. Stock, Billings, Mont.

CONSUL BRIDGMAN'S OPINION.

Dr. George H. Bridgman, American Consul at Kingston for four years until January 1, when he resigned, has just arrived at Boston, having left Kingston January 8. He says that if fire started there at all, the place must have been swept clean. At this time the northeast trade winds are at their height, and though not heavy at Kingston, would strongly fan the flames. Fire starting at the east end of Harbor street would sweep the city, as the buildings are very old and as dry as tinder.

PROF. PICKERING'S DENIAL.

Prof. William H. Pickering of Harvard does not consider the earthquake at Kingston as having any relation to the San Francisco seismic disturbances and those at Valparaiso last year, excepting that the past year has been rather prolific in earthquakes.

Mme. De Thebes, the Paris seeress, known as "Pythoness" who predicted the San Francisco and Valparaiso quakes, also foretold the Jamaican quake.

MONEY FOR FRESH AIR.

BOSTON, Jan. 16.—[Exclusive Dispatch.] The will of the late Charles F. Farrington, a Boston merchant, contains public bequests amounting to $250,000, $200,000 being left to found the Farrington memorial, unsectarian and philanthropic, particularly directed to the health and happiness of Boston children.

The will provides that this memorial shall partake of the best elements of the philanthropic, designated as, fresh air fund, children outings, or country week, and is not a permanent home.

The details of the aeronautic congress to be held at the Jamestown exposition this summer were formulated at the meeting of the committee of the aeronauts held Monday evening in New York. The exhibition of models and other paraphernalia which is to be the most extensive ever shown, will be placed in a separate building.

LABOR.

DETAILS OF PAY INCREASE.

New Railway Schedule Effective February First.

All Classes of Engineers Get More Wages.

Electrical Workers Are Out of Council's Pale.

[BY THE ASSOCIATED PRESS—P M.]

CHICAGO, Jan. 16.—A final settlement was reached here today between committees representing the railroad managers and the engineers. The agreement includes all railroads west of Fort William, Canada; St. Paul, Chicago, St. Louis and New Orleans to the Pacific Coast and south to the Mexican border. The new schedule is to go into effect February 1, and will affect about 27,000 engineers. The terms of the agreement follow:

Freight engineers receive a flat increase in salary of forty cents of ten hours or less, 100 miles ar less, overtime pro rata.

Engineers in switching service, first class yards are advanced to $3.75 per day for ten hours or less; second-class yards advanced to $3.50 a day of ten hours or less, overtime pro rata.

In the work train and helper service the hours are reduced from twelve to ten per day.

In the passenger service engineers on engines having cylinders under eighteen inches in diameter receive $3.75 per 100 miles or less; one engine having cylinders eighteen inches or more in diameter, $4 a day of 100 miles or less.

The engineers asked for an eight-hour day but withdrew the demand when the managers offered other concessions.

WRONG MAN IS ENJOINED.

COUNCIL IGNORES ELECTRICIANS

[BY THE ASSOCIATED PRESS—A M.]

STOCKTON (Cal.) Jan. 16.—It is expected that the State Building Trades Council will conclude its labors today. The sessions have been executive, everything being given out through a press committee.

It is declared some of the trade differences have been contested to the last ditch.

Robert W. Martland, president of the Pacific Coast Electrical Contractors Association, is in Stockton today to confer with President McCarthy of the State Building Trades Council regarding the strike of the electrical workers in San Francisco. The latter have had served upon McCarthy an injunction, but it develops that their ease is not before the State body at all, being entirely in the hands of the San Francisco Council.

The intent of the injunction is to prevent McCarthy keeping the union mentioned from participating in the deliberations of the State body. It was issued by Judge Seawell of San Francisco. It is claimed here that McCarthy has no jurisdiction and that the injunction is against the wrong party. The union was suspended for striking without the authority of the local Building Trades Council.

Those familiar with the situation state that electricians not affiliated with the San Francisco union will be given working permits from the San Francisco Building Trades Council, the purpose being to prevent a stoppage of electrical work.

The following officers were elected today: General president, P. H. McCarthy; general secretary-treasurer, O. A. Tveitmoe; first vice-president, J. B Bowen of Alameda county; second vice-president, Thomas Graham of Santa Clara; third vice-president, M. G. Barnhardt of Stockton; fourth vice-president, E. G. Johnson of Sacramento; fifth vice-president, James A. Gray of Los Angeles; sixth vice-president, John F. Coefield of San Francisco; seventh vice-president, Fred Forgett, of Sonoma; sergeant-at-arms, F. H. Pratt of Alameda county; general council, Cleveland L. Dam of San Francisco; executive board, J. P. Burke of Alameda, Parry Burlingame of Humboldt, George B. Hill of Los Angeles, J. W. Maloney of Marin, W. J. Dickerson of Monterey, George Duffy of Sacramento, William Conklin of San Diego, E. L. Nolan of San Francisco, E. N. Gay of Stockton, W. G. Mathewson of Santa Clara, and J. Gerow of Santa Cruz, H. E. Harding of Sonoma. Delegate to structural building trades alliance of America, P. H. McCarthy.

REVOLT OF KWANGO BLACKS.

Natives of Congo Free State Secure Modern Winchester Rifles from the Portuguese.

[BY DIRECT WIRE TO THE TIMES].

ANTWERP, Jan. 16.—[Exclusive Dispatch.] Natives of the Kwango district of the Congo Free State are in serious revolt. They are armed with modern Winchester rifles, sold to them by Portuguese traders. The Belgian authorities will take severe measures against the Portuguese.

The Kwango district is in the southwestern part of the Congo Free State and adjoins the Portuguese possessions on the west coast of Africa.

WASHINGTON.

LAST STAND FOR NEGRO.

Foraker Holds Senate Floor at Session's Close.

Would Move by Committee on Brownsville.

Carmack Thinks President Needs Renominating.

[BY THE ASSOCIATED PRESS—P.M.]

WASHINGTON, Jan. 16.—Senate leaders tonight regarded the end of the Brownsville discussion as in sight, and confidently expected that a compromise resolution offered by Senator Foraker just before the close of today's session will be adopted.

Mr. Foraker had the floor to make what he today hoped would be the concluding speech on the subject. He will proceed immediately after morning business, tomorrow, unless interfered with by the special order of the day, which is the delivery of eulogies on the life of the late Senator Bate of Tennessee.

Whether the Ohio Senator speaks tomorrow or Friday, it is expected that a vote will soon follow, although it is possible that other brief speeches may be made before the end is reached.

MR. FORAKER'S SUBSTITUTE.

Mr. Foraker offered a substitute for all his previous resolutions on the Brownsville affair, as follows:

"Resolved, that the Committee on Military Affairs is hereby authorized and directed, by subcommittee, or otherwise, to take and to have printed testimony for the purpose of ascertaining all the facts in reference or connected with the affray at Brownsville, Tex., on the night of August 13, 1906. Said committee is authorized to send for persons and papers, to administer oaths, to sit during the sessions of the Senate, and, if deemed advisable, at Brownsville or elsewhere; the expenses of the investigation to be paid out of the contingent fund of the Senate."

The language of this provision is satisfactory to Senator Lodge and other supporters of the administration in the matter of the discharge of the negro troops, and it is believed by Senators that it will be unanimously accepted.

CARMACK CHAMPIONS CHIEF.

The feature of today's debate was the arraignment by Senator Carmack of Republican Senators who have criticised the President for his action in the Brownsville matter. He regarded it as an attempt to "dethrone" the President as the leader of the party, and declared that either the President must be renominated or the platform on which he stood returned to the Democrats.

Senators Stone, Money and Knox followed, each upholding the authority of the President to take the action he did, and favoring an investigation of the facts connected with the Brownsville affray.

Senator Foraker started to make his closing speech, but before he concluded the Senate adjourned for the day, leaving him in possession of the floor.

Mr. Carmack, in his speech, said:

"Nor is it true that I have been moved to undertake the President's defense because of my infatuated devotion to the man. I have a great admiration for that strong, brave, large minded gentleman, the Secretary of War. My admiration for the President is more temperate and subdued. Seriously I suppose there is no Senator always with the exception of my friend from South Carolina (Mr. Tillman) who is less likely than myself to be suspected of excessive partiality for our present chief executive. The President only recently said that he would see a certain member of the Tennessee delegation in Hades before he would do anything for him, a remark entirely gratuitous, in view of the fact that the person supposed to have been referred to had never asked a favor at his hands, but with supreme indifference to his good opinion had criticized him when he was wrong and with like indifference to his good opinion, can support him when he is right. I care so little for the hasty ebullitions of that remarkable man that I can see the good as well as the bad in his public conduct, and judge both without passion. In this case it seems that he has acted with remarkable freedom from impulse, with unusually careful deliberations and with an effort to do nothing more or less than complete justice to all concerned. Indeed, I am haunted by the suspicion that the President was more careful to ascertain the facts and to keep within the limits of the law because the offenders were colored than he would have been if they were white."

Mr. Carmack then turned his attention to Senator Foraker's criticism of Maj. Blocksom, and declared that "the Senator from Ohio may be God Almighty to the Republican party of Ohio, but not of the universe.

"I can remember with what frantic energy he used to wave the bloody shirt, a shirt dyed with the crimson current of his own rhetoric: I remember how he used to go raging over the land a bifurcated, peripatetic volcano in a perennial eruption, belching fire and smoke and melted lava from agonized and tumultuous bowels. I can see how in public speeches he spattered the gall of his bitterness upon the South until I came to think that the Senator wished all the white people of the South had but a single neck, that he might sever it at a blow. I would not have to go back forty years, or make any inquiry into the Senator's pedigree to prove that the Senator from Ohio is the last man to sit in judgment in a case of murder where a negro was the murderer and a Southern white man was his victim.

"But I will not do the Senator such gross injustice as to judge his heart by the testimony of his own mouth; and when my southern friends ask me if the Senator from Ohio is really as rabid and bitter as he seems, I tell them no, his ferocity is purely oratorical; it is simply the lingering force of a tyranical habit.

"If the Senator from Ohio could convict the President of the charge he has charged against him, that of inflicting harsh and brutal punishment without any authority of the law, then," continued Carmack, "he will have placed the President on an eminence of infamy from which no man can take him down."

Paying his compliments to Senator Tillman, Carmack said:

"The Senator's speech was powerful, but it seemed to me his premises were upon one side of the earth and his conclusions on the other. If there is anything that apears plainly from that speech it is that these soldiers ought to have been discharged from the army a long time ago, and that the President deserves criticism for having delayed it so long."

Carmack then gave what he regarded as the real purpose of agitation—an attempt to unhorse Mr. Roosevelt as the Republican leader. He said:

"It seems to me that there is something else behind the uncalled-for attacks upon the President than a passion for justice and for law. This particular act of the President is simply the occasion, but it is not the cause of this violent and concerted attack on the administration. The President has done enough in all conscience to alarm every real friend of the Constitution, but through it all he has had the united and enthusiastic support of all the Senators on the Republican side.

"It is by the best acts of his administration that the President has aroused so deadly antagonism within his own party. He might have continued to trample on the law to the end of time, and there would have been no voice of protest if he had not otherwise offended. The President has made the mistake of compelling his party to break with its old-time friends, to turn its guns upon its allies of a hundred battles; he has brought the great railways and trusts to know that there are such things as government. His party leaders have yielded a snarling and reluctant half way obedience to his will, biding time and opportunity to strike."

Declaring this to be "the beginning of the fight to break the power of the only leader of the Republican party who ever arraigned it against the enemies of the people," he said:

"It is an effort to put the party back into its old position, to renew its old alliance, make peace with its old-time friends and renew its covenant with the plunderers and oppressors of the American people. All the resources of the gentleman in the White House cannot stay the inevitable. He has attempted the impossible task of recreating the Republican party."

He told the Republican Senators they must make choice of the alternative "either to renominate President Roosevelt or give us back our platform."

He declared the sentiment which the President had helped arouse against plutocracy will bring millions of votes to the Democratic party, and that "if President Roosevelt himself chooses to come he will find ample opportunity to exercise an influence for the welfare of the people and learn some respect for the law and Constitution."

Senator Stone, following, expressed disappointment that what at the outset promised to be a "real scrap" was to melt away to a myth. The sting had been taken out of the Foraker resolution.

Because there was no doubt that an investigation ought to be for the good of the army, Stone said he should vote for the resolution. "I believe the facts obtained will confirm the President's statement of what the facts are. I am profoundly interested to see that the President is vindicated," he said.

Stone said he was aware that there was a disposition among Democratic members of the Senate to vote against the resolution, but as there was a family feud among Republicans involved, he saw no good reason why Democrats should smother the fire or burn their fingers by pulling out hot chestnuts for the Republicans.

Senator Heyburn, following Stone, laid down the general principle that the Senate has not the power to review a competent act of the President.

Senator Knox declared the commander-in-chief of the army had the power to dismiss. Knox cited laws bearing out his conclusion as well as judicial interpretation of these acts.

Senator Foraker then said he desired to close the debate.

Foraker disclaimed that he had attacked the President.

RECIPROCITY IS THEME.

CANNON TALKS TO DELEGATES.

[BY THE ASSOCIATED PRESS—P.M.]

WASHINGTON, Jan. 16.—Speaker Cannon extended an informal reception at the Capitol today to 300 delegates to the convention for the extension of foreign commerce. Chairman William McCarrol of New York presented the appeal of the commercial interests for tariff changes and a ship subsidy. Cannon, responding, declared that the Republican policy is to monopolize the home market and then establish a foreign market for the surplus.

"Reciprocity is a sweet word," he said. "Its meaning depends on the man or the leader who uses it."

He reviewed the reciprocity labor of Blaine and showed how the Democratic party, as he said, undid Blaine's work.

A statement of Cannon that maximum and minimum tariff is practicable was greeted with applause and the Speaker explained how carefully such a tariff must be drawn to afford protection to American interests and clothe the executive with power to retaliate when other nations discriminate against the products of the United States. Mr Cannon declared that the maximum tariff would be a "big stick" to be used in compelling other powers to behave themselves.

The Speaker reviewed the provisions of the Littauer ship subsidy bill, which is about to be reported to the House, and said the assistance to mail lines provided for in the measure should not be called a subsidy, but merely "the spending of the money we get from sea service to promote sea service."

COLORADO RIVER HEARING.

President's Message and Flint's Bill Up Tomorrow—Opposition from Imperial Valley.

[BY DIRECT WIRE TO THE TIMES].

WASHINGTON, Jan. 16.—[Exclusive Dispatch.] Friday the House Public Lands Committee will give hearings on the President's message relating to the Colorado River's break. It is expected that Director Wolcott of the Geological Survey, Chief Engineer Newell of the Reclamation Service, C. E. Grunsky (California consulting engineer), and perhaps others will appear and urge the enactment of legislation recommended by the President, as embodied in Senator Flint's bill.

Representative Smith, as a member of the committee, will examine witnesses. He will seek to defeat the Flint bill, unless his constituents urge its support. As nearly as he knows now, he says, the inhabitants of the Imperial Valley do not want their irrigation system consolidated with the Yuma reclamation project. They think, he believes, that the extension of the irrigation system to the Laguna Dam will be very expensive without corresponding benefits; they insist upon the recognition of water rights under the old system.

All that is necessary to meet the present situation, Smith thinks, is to make the levee on the Colorado's banks south of the international boundary an excuse for an indefinite time, and then bring the water northward to the Imperial Valley through the cement headgate. This, he says, will give a safe and economical irrigation system.

WITHDRAWS SLOPE LANDS

[BY THE ASSOCIATED PRESS—A.M.]

WASHINGTON, Jan. 16.—Secretary Hitchcock has issued an order withdrawing from all forms of disposal under the public land laws, except mineral lands, the vacant appropriated public lands in Siskiyou and Modoc counties, California. The lands withdrawn will be added to the Modoc forest reserve. They include about 469,160 acres in Northwestern California, adjoining the Mount Hoffman withdrawal and the Modoc reserve.

WASHINGTON BRIEFS.

Forms Caribou Reserve.

WASHINGTON, Jan. 16.—The President signed a proclamation today establishing the Caribou forest reserve in Idaho and Wyoming containing approximately 65,000 acres, mainly in Idaho.

Respects Honest Land Rights.

WASHINGTON, Jan. 16.—Secretary Hitchcock today notified the general land office by orders of the President that the orders heretofore issued regarding the entry lands under the coal lands have been amended so as to not impair any right acquired in good faith at the date of withdrawal.

Passes Fortifications Bill.

WASHINGTON, Jan. 16.—The House today passed the Fortification Appropriation Bill. The amendment offered yesterday by Representative Keefer that $100,000 be appropriated for the construction of coast batteries in the Hawaiian Islands was defeated. The measure carries $5,411,883, which is $357,890 more than was appropriated for the same purposes at the last session.

Keeps Cars in East.

WASHINGTON, Jan. 16.—A committee of the recent national reciprocal demurrage convention in Chicago today told the House Committee on Commerce that coal shipped from West Virginia in coal cars was not allowed to go beyond the Mississippi River in those cars, that when cars for reshipment were asked for in Chicago neither coal cars nor box cars could be obtained.

Criticises Hitchcock's Order.

WASHINGTON, Jan. 16.—The report of the select committee on Indian Territory was made to the Senate today. It criticises Secretary Hitchcock's withdrawal of land for the forest reserve as illegal.

Gatun Dam Is Well Founded.

WASHINGTON, Jan. 16.—The report of borings on the proposed site of the dam at Gatun for the Panama Canal which was called for by the Senate Committee on Inter-Oceanic Canal, has been received and will be considered at a meeting on Tuesday next. Chairman Shonts of the Canal Commission has written a letter to Senator Millard, chairman of the Senate Canal Committee, declaring the borings are satisfactory and there can be no doubt of the stability of the foundation for a dam at Gatun.

Divides Rio Grande Flow.

WASHINGTON, Jan. 16.—Secretary Root and Señor Davalos, the Mexican Charge of Embassy, today signed a treaty regulating the disposition of the waters of the Rio Grande. The basis of the treaty is the recognition by the United States of the right of Mexico to use a certain proportion of the waters of the river now impounded by the great dam at El Paso, for irrigating purposes on the Mexican side of the boundary.

Chinese Famine Widespread.

WASHINGTON, Jan. 16.—The American National Red Cross today gave out a statement that Dr. Louis Klopsch, editor of the Christian Herald of New York, has received cable news from Ellis, who made a trip into the famine district of China, that he finds famine conditions worse than reported. He states that $3,000,000 must be sent within five months and that $50,000 cabled now will be a great help in preventing death for a month.

Torpedo Planter for Coast.

WASHINGTON, Jan. 16.—[Exclusive Dispatch.] The Fortifications Bill, which passed the House today, contained an item of $175,000 for a torpedo planter to mine the Pacific Coast harbors as a protection against foreign fleets.

Foster Upholds Japanese Treaty.

WASHINGTON, Jan. 16.—[Exclusive Dispatch.] Representative Foster of Vermont today delivered a long speech in favor of the proposition that the Japanese treaty provided for co-education of Japanese in the California schools and that the Federal government can enforce treaty provisions regardless of State laws. The speech attracted considerable attention, particularly among the California members, and will probably be answered by them.

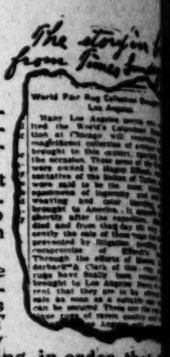
SPECIAL AUCTION ANTIQUE RUGS.....

World's Fair Collection



These rugs comprise the famous collection exhibited at the world's Columbian exposition in 1893 by Hagop Effendi, representative of the Sultan of Turkey.

They are unquestionably the richest, most valuable antique Oriental rugs in America. They have been tied up in litigation in Chicago for over twelve years and every year have been increasing in value.

They came to us by a pecular coincidence of circumstances, briefly explained in the accompanying article, clipped from last Sunday's Times. We have instructions now DIRECT from HAGOP EFFENDI'S HEIRS that every solitary rug must be sold for what it will bring, in order that estate may be closed.

We have secured special quarters at 420 and 422 S. BROADWAY, (formerly Hotel Van Nuys Broadway,) where we will conduct special sales commencing FRIDAY, JANUARY 18th, at 10 a. m., and 2:30 p. m.

Sales will be continued daily at these same hours for a limited time only.

This is an opportunity that never came to an American people before, and never come again. When these rugs are sold, there can be no more like them, those who secure them may know that they will never see their duplicates anywhere.

POLITICAL.

NEW SENATOR FOR MICHIGAN.

W. A. SMITH TO SUCCEED RUSSELL A. ALGER.

Simon Guggenheim, Newly-elected Senator from Colorado, Resigns from All Business Concerns With Which He Has Been Connected. Texas Governor's Message.

[BY THE ASSOCIATED PRESS—A.M.]

LANSING (Mich.) Jan. 16.—Congressman William Smith was today

WILLIAM ALDEN SMITH,
former Congressman from Michigan, elected successor to Senator Alger.

elected United States Senator to succeed Senator Russell A. Alger.

GUGGENHEIM RESIGNS.

QUITS ALL BUSINESS.

[BY THE ASSOCIATED PRESS—A.M.]

DENVER (Colo.) Jan. 16.—Simon Guggenheim, who has been elected United States Senator from Colorado, today announced his resignation as an official with all business concerns with which he has been connected. The most important of these are the Western Mining Company of Leadville, the Guggenhim Exploration Company of New York, the United Lead Company of New York, the Federal Lead Company of Missouri, the American Smelting and Refining Company of New York, the American Smelters Securities Company of New York, the United States Zinc Company of Pueblo and the American Smelters Company.

CAMPBELL'S MESSAGE.

EULOGIZES HIS PLATFORM.

[BY THE ASSOCIATED PRESS—A.M.]

AUSTIN (Tex.) Jan. 16.—Gov. T. M. Campbell, inaugurated in office yesterday, sent his first message to the Legislature today, devoting much of it to a eulogy of the Democratic platform demanded, and urging the members that they should enact the same into laws. Among these demands are anti-free passes, anti-nepotism in public office and the requirement that telegraph and telephone companies shall exchange wire service to facilitate business.

BORAH SUCCEEDS SENATOR DUBOIS.

VANQUISHES OPPONENT IN RACE FOR UPPER HOUSE.

Strong Mormon Fighter Is Sent to Washington to Represent Idaho in Nation's Highest Legislative Body by Decisive Vote of Fifty-three to Eighteen on Joint Ballot.

[BY THE ASSOCIATED PRESS—A.M.]

BOISE (Idaho) Jan. 16.—At a joint session of the Legislature at noon, W. E. Borah was elected United States Senator to succeed F. T. Dubois, Democrat, by a vote of 53 to 18. Borah addressed the legislators and a crowd of visitors that packed Representative Hall. The new Senator is a native of Illinois, has been a resident of Boise for sixteen years and is one of Idaho's foremost lawyers. He received the indorsement of the Republican State Convention and had no Republican opponent before the Legislature.

W. E. BORAH,
elected United States Senator from Idaho to succeed Dubois.

POLITICAL BRIEFS.

Brown Formally Elected.

LINCOLN, Jan. 16.—Norris Brown was today formally elected United States Senator.

Dixon Is Elected.

HELENA (Mont.) Jan. 16.—Congressman J. M. Dixon, Republican, of Missoula, was formerly elected United States Senator today when the two branches of the Legislature met in joint session. He succeeds W. A. Clark, Democrat, of Butte.

Burnham for Governor.

CONCORD (N. H.) Jan. 16.—United States Senator Henry Burnham was today elected for six years.

Frye Re-elected.

AUGUSTA (Me.) Jan. 16.—William P. Frye was today reëlected to the United States Senate for six years.

No Senator Elected.

PROVIDENCE (R. I.) Jan. 16.—The State Legislature failed today to elect a Senator to succeed Senator Wetmore.

GEN. REILLY'S FORTUNE.

Left to His Former Fiancee, Who Died by Fire, It Will Go to Her Daughter.

[BY DIRECT WIRE TO THE TIMES].

FT. WORTH (Tex.) Jan. 16.—[Exclusive Dispatch.] Investigation of the estate of Gen. James W. Reilly of Wellsville, O., reveals the fact that he left a fortune of $115,000 to Mrs. Ella Lees of San Antonio, his former fiancée.

Gen. Reilly left no heir, and going through his papers, the executors of the estate found a note requesting that all his fortune be given to Mrs. Lees, but the bequest came too late to be of any benefit to that lady, as she lost her life several years ago in a fire which destroyed her residence in San Antonio.

Mrs. Lees left a daughter, Mrs. Harry Hunisucker, of Denver, and it is probable the estate left by Gen. Reilly will be turned over to her as the only heir of her mother.

LEFT AT THE ALTAR.

Omaha Plaintiff Sues Her Former Expectation for Damages Because He Will Not Wed Her.

[BY DIRECT WIRE TO THE TIMES].

OMAHA (Neb.) Jan. 16.—[Exclusive Dispatch.] Miss Dora Waxman, a young lady of Omaha, today brought a suit for $5000 damages against Barnum Cerber, who, she alleges, deserted her at the altar a few days ago. The wedding invitations had been issued, the marriage license procured, and guests were assembled to witness the marriage, but Cerber did not appear.

He afterward, she alleges, told her he had decided not to wed her.

MUTINY OF IMMIGRANTS.

FORT DE FRANCE (Island of Martinique) Jan. 16.—The French cruiser D'Estrees left Fort De France yesterday afternoon for Trinidad, convoying the French line steamer Canada, which had been detained here by a mutinous outbreak among the immigrants on board that vessel. The Canada, Capt. De Lanth, left Havre December 22 for Pauillac, near Bordeaux, France. Thence she went to Santander, Spain, and sailed from there December 28 for Colon.

FOOD DOES IT.

The Most Natural Way to Get Out of Trouble.

"I have been troubled with my stomach for years, having the habit of vomiting and spitting up my food and was all run down, and September last I had a fearful hemorrhage which completely prostrated me. When I got up, even a rare porterhouse steak distressed me.

"Then I happened to meet a lady who had trouble just like mine and who used Grape-Nuts food and it agreed with her, so I bought a box and found I could keep it down, and it nourished and built me up, and I have used it constantly since then, usually twice a day. I have gained in flesh and can eat almost anything I want and my stomach takes care of it without any hesitation, but before I toned and strengthened my stomach on Grape-Nuts I could not handle any food but it was liable to come up again.

"I am over sixty years old and people here consider my cure remarkable." Name given by Postum Co., Battle Creek, Mich. "There's a reason." Get the little book, "The Road to Wellville," in pkgs.

RAFT RAIDS TO BE STOPPED.

Gillett Assails the Legislative Scandal.

Additional Amendment Will Be Introduced.

Public and Press Urged to Do Their Part.

[BY ASSOCIATED PRESS—P.M.]

SACRAMENTO, Jan. 16.—Gov. Gillett, in an interview today, gave an outline of the legislative patronage and in so doing had no hesitancy in denouncing the raid that has been made by the present Legislature upon the treasury of the State. In expressing his opinion, the Governor said:

"It seems to me for me to say that I am not in the present state of affairs—the open and shameless expenditure of public funds.

"I have deplored it from the first, and have done all in my power to put a stop to it. I did not learn of what was going on until too late to take effective action against it, and even if I had learned of it in its incipiency, I should not have been able to hinder it. When I learned the matter, I immediately protested to certain Senators with whom I was acquainted. I possessed some influence and urged them to interfere and put a stop to it, but at that time it was too far, and I found that I could not. I gladly welcome any suggestion that would enable me to correct the matter, if it is possible to do so, to put a stop to it.

LEGISLATURE SEPARATE.

"It should be remembered that the Legislature is a coördinate branch of the government, entirely separate and distinct from the Executive, with a power of its own, over which I have no control. It has been pointed out that I have in my power to refuse to sign any of the bills carrying appropriations for contingent expenses, but there is no doubt but I could do so, knowing that these contingent expenses were segregated, in order that they might cover what were legitimate expenses and what were not.

"Inasmuch as this is not done, and inasmuch as the method by which I can defeat the unjust, and the unjust from the just, from me my hands are tied.

"In my opinion there is but one course to put a stop to these unnecessary expenses, and that is to have a Constitutional amendment passed, which shall provide that the expenses of the Legislature shall be held down to a reasonable and legal amount.

APPEAL TO THE PRESS.

"I appeal to the press of the State, the press of the country on occasion to deplore the evil practices of lobbyists attaché and willful waste of the people's money.

"In my opinion, if the press of the State will get behind such a Constitutional amendment and push it as energetically as it now denounces legislative patronage, an amendment could be passed that would put a stop to this practice and prevent it to come. The press has a great reform toward the people, both the Executive, and it should make a part of its duty.

"I am sure will be introduced and so I am given to understand the power of the press is such that it can be

[illegible] the action of the [illegible] this patronage I also hope that it will [illegible] matter of the passage of [illegible] amendment that will [illegible] this evil for all time to [illegible]

BILLS RECEIVE FIRST READING.

OVER ONE HUNDRED MEASURES ARE TAKEN UP.

Union Labor Band Causes Delay in Committee Work—Law for Nimrods Introduced by San Bernardino Senator—Still Another "Game" Law from Savage.

[BY DIRECT WIRE TO THE TIMES].

SACRAMENTO, Jan. 16.—[Exclusive Dispatch.] Just to while away the time while waiting for the return from the State Printing Office of the 500 bills already introduced, the Senate and Assembly gave a first reading today to a little more than 100 additional measures. They got through with this business in each House before noon, and adjourned until tomorrow morning. Committees are holding preliminary meetings, mainly to give members an opportunity to become acquainted, but it is not expected that any earnest committee work will be performed before next Monday, two weeks from the date of the convening of the Legislature—a delay which is chargeable to the Union Labor band from San Francisco, who refused last week to permit bills to be introduced and insisted upon adjourning for three days.

A similar adjournment probably will be taken Friday. Two weeks thus have been wasted, and the session promises to be dragged out considerably beyond the sixty-day limit.

In the Senate today, Willis of San Bernardino introduced a bill for the regulation and licensing of the hunting of game birds and animals. It aims at the preservation and restoration of the kingdom of feathers and fur by making it a misdemeanor to hunt such creatures as are protected by law unless the hunter thereof shall hold a license issued by a County Clerk, or by the State Fish Commission.

Each hunter must obtain a metal license tag, good for the open season, for which residents of California will be required to pay $1, residents of other States $10, and persons from foreign countries $25. A description of the hunter as to hair, height and other characteristics also must be taken.

A "game" bill of another description was presented by Senator Savage of San Pedro, making it a misdemeanor for any person to play or conduct any game with cards, dice or other devices for money, checks or credits of any kind. Penalty is fixed by fines, to range from $100 to $500, or imprisonment up to six months.

Senator Sanford of Ukiah proposes to repeal the farcical law relative to the publication of cartoons and caricatures in newspapers, by which the artist is obliged to sign his name. A bill to that end has been introduced.

A bill of interest to osteopaths of Los Angeles in particular was introduced in both houses. It provides that no member of the State Board of Osteopath Examiners shall be connected in any way with a college for the teaching of that branch of the healing art.

The dispute arose from the warfare following the split in the Pacific College of Osteopathy of that city, followed by the establishment of a rival college.

Grove Johnson introduced in the Assembly bills to prevent minors under 18 years from visiting race tracks, prize fights and cock fights, to prevent such minors from selling newspapers in which such events are advertised, to prevent the sale to them of such newspapers and to cause the registration of purchasers of guns, pistols and other firearms.

A joint resolution was introduced in the Assembly by Baxter of Wawona, calling upon California Congressmen to support Needham's bill for the tranfer of Yosemite Park, in the custody of the Department of the Interior, to the Department of Agriculture, the argument being that forest rangers can protect the park much better than United States soldiers.

Thompson of Los Angeles presented a bill providing for another troop of cavalry, which is the only change proposed for the National Guard law, and which is in the interest of a troop proposed for Long Beach, making a total of five troops in the State.

The old Barber Commission law, which brought "Corney" Pendleton of Los Angeles into the limelight before its repeal, was revived in a bill presented by request by Assemblyman Percival of Placerville.

SAVAGE GETS HIS BILL IN.

WOULD GIVE STATE'S DAY LABORERS AN INCREASE.

Would Put Common Employees on Level With Skilled Mechanics—But Arbitrary Measure Is Frowned Upon by Conservative Lawmakers. Union Labor Lobby Supports It.

BY B. FRANK GREAVES.

[BY DIRECT WIRE TO THE TIMES].

SACRAMENTO, Jan. 16.—[Exclusive Dispatch.] Senator Savage's bill fixing a minimum of $3 a day for all labor performed for State, county or city, has aroused legislators who are opposed to the payment of exorbitant wages to laborers of all classes, and promises to meet the same fate that befell it when an attempt was made to slip it through at the last session.

The minimum now is $2, which is considerably more than is paid by railroad and other private enterprises.

The suggestion that unskilled workmen be placed on a plan with many skilled mechanics by arbitrary law is frowned upon by law-makers who have an eye to "the eternal fitness of things."

When the bill was up at the last session protests were received from every part of the State. There was an almost unanimous expression of opinion that the proposed law was unjust, and although the labor unions fought hard for its adoption, the bill was defeated.

The fight will have to be fought all over again if the bill is to be defeated at this session. The union labor lobby is on the ground, active in its support, and its members will use every argument and threat to put it through.

CALIFORNIA LEGISLATURE

THIRTY-SEVENTH SESSION.

[BY THE ASSOCIATED PRESS—P.M.]

SACRAMENTO, Jan. 16.—SENATE—When the Legislature convened today, it was expected by various members of the lower house that the tenth day of the thirty-seventh session would be given over to business. In the Senate, however, it was apparent that the members had no intentions of doing anything more than was absolutely necessary to keep within the bounds of the State Constitution. The members of the upper house had been in session only twenty-five minutes when an adjournment was taken.

ASSEMBLY—After the members had kept their seats listening to the reading of the sixty additional bills introduced this morning an adjournment was taken also, not until 9:30, as is defined in the Constitution for convening, but until 11 o'clock. Pursuant to adjournment, however, the members of the Assembly held their seats long enough to pass upon the appointment of several additional attachés.

Although there were a host of sergeants-at-arms appointed in both houses, it was fifteen minutes before one could be found to enforce the resolution adopted by the members recently, pertaining to the clearing of the floor of persons neither members nor ex-members of the House. Lobbyists had filled the chamber, and so loud was their clamoring that it was

A Silk Petticoat Sensation

The Prices—$5.00, $10.00, and $15.00

A Good Many Worth Double

Many a time we've told you of Silk Petticoat savings—and many a time you've shared in the events, and yet here's news of a Silk Petticoat surprise to eclipse all past occasions. Pink Petticoats, Blue Petticoats, Petticoats of Tan and Brown and Red and Green, yes, and Black, too. Three prices govern the entire lot—$5.00, $10.00 and $15.00—and there are some 200, all told. Nearly half of them are samples.

AT $5.00 SILK PETTICOATS, $6.50 TO $10.00 VALUES.
Of finest taffeta, with full 10-inch tucked flounce, underdrop of silk. In this lot green, pink, blue, resada, purple and black. Some in large plaids, too. Invest $5.00 and buy the best silk petticoat we ever offered at this price. Not many; hurry.

AT $10 SILK PETTICOATS. $13.50 to $20.00 Values.
Made of the first quality taffeta silk; 10 to 20-inch tucked flounce in three sections and silk drops; some trimmed with lace insertions and edging; choose from light and dark blue, pink, rose, tan, brown, also plaids and stripes; $13.50 to $20 values $10.00. Again we say hurry. Second floor.

AT $15 SILK PETTICOATS. $20.00 to $32.50 Values.
Of taffeta and brocaded satin; 10 to 20-inch flounces with silk drop; choose from green, white, pink, blue, purple and changeable; many with lace flounce over silk drop and tucked flounced; trimmed with lace; they're beautiful; not many, but great values every one of them.

Our Word for it. No Better Silk Petticoats Have Ever Been Out at These Prices.

Lace Clearance at 5c Bolt
That's a sale price for pretty butter color, valenciennes laces. Many different designs. A good firm weave and a fine mesh. Width of half an inch, all 12 yards to the bolt, and for sale by the bolt only, 5c, aisle 1.

Torchon Lace A Clearance at 5c
Good 7½c and 8 1-3c values. Many beautiful designs. Floral patterns, edges, and insertions, some matched sets. Widths of 1½ to 3 inches. Sale, aisle 1, at 5c yard.

Prescribed and Endorsed by a Temperance Doctor

DR. T. P. PALMER.

Dr. T. P. Palmer, Rives, Tenn., heartily endorses Duffy's Pure Malt Whiskey, the great renewer of youth.

Dr. Palmer, who is a strong temperance man, praises Duffy's Pure Malt Whiskey as a "medicine and for medical use only." He writes:

"I indorse Duffy's Pure Malt Whiskey as a medicine and for medical use and for nothing else. I oppose intemperance and favor all laws that tend toward the suppression of drunkenness."—T. P. Palmer, M. D., Rives, Tenn., Aug. 9, 1906.

Dr. Palmer is one of many thousands of doctors throughout the United States who prescribe Duffy's Pure Malt Whiskey whenever a tonic stimulant is needed.

Duffy's Pure Malt Whiskey

The leading hospitals throughout the world use Duffy's Pure Malt Whiskey as the only alcoholic medicine for convalescents.

If you wish to keep strong and vigorous and have on your cheeks the glow of perfect health, take Duffy's Pure Malt Whiskey regularly, according to directions, and take no other medicine. It is dangerous to fill your system with drugs. They poison the body and depress the heart, while Duffy's Pure Malt Whiskey tones and strengthens the heart action and purifies the entire system. It is recognized as a medicine everywhere. Duffy's Pure Malt Whiskey has been analyzed and tested by chemists for the past fifty years, and has always been found absolutely pure and to contain great medicinal properties.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the one absolutely pure medicinal whiskey and is sold only in sealed bottles—never in bulk. Look for the trademark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Price, $1.00. Illustrated medical booklet and doctor's advice free. Duffy Malt Whiskey Co., Rochester, N. Y.

JEFF TO TALK WITH BOXERS.

Will Settle Controversies Outside of Ring.

Attell's Career Is One of Changing Phases.

Scored Many Knock-outs in Early Experience.

James J. Jeffries is to give instructions to Abe Attell and Harry Baker relative to their fight Friday night, at a meeting to be held in Manager McCarey's office in the Wilson Building about noon, today. Such is the programme as mapped out.

Both training camps are to close up this morning. Attell expects to come to town from Arcadia this morning, while Baker will come in to attend the meeting and then return to the East-side Athletic Club to pass the night.

It is proposed to settle all controversies relative to weighing in, fouling, holding, and other incidental points connected with the fighting game which may come up in the contest Friday night. Jeffries will interpret the rules and then see that the two boys agree with him and understand every point.

A great load was lifted off McCarey's mind yesterday when he received from Jeffries his definite consent to referee the contest.

Jeffries has been non-commital since the matter was broached to him, but now has given a definite answer. It is understood that the financial question has been satisfactorily arranged and Jeff is to receive a big wad of coin for his services.

Manager McCarey suggests that the spectators come to the pavilion early in order that the large crowd expected to be present can be seated before the first preliminary begins. Interest in this battle is great because of the close battle the two lads put up when they met before.

ATTELL'S HARD GAME.

Attell realizes that he will have to put up the best battle of his career to beat Baker and has trained himself to the minute. If Baker loses he will have the satisfaction of knowing that it was lost to Attell at his best. Baker is unfortunate in having to meet Attell, for never was there such a great little man in the history of the ring.

Fighters say that Attell not only is the cleverest little man in the business but that he has developed hitting powers. In the last year or two he has given more attention to the hitting features of the game. His cleverness in defense has been developed to the highest degree and he depends largely upon intuition to carry out his defense. This has given him more time to devote to developing his punishing powers.

Despite the opinion that Attell may have gone back in his work, the little champion does not show it. He is young, has exhibited no diminution of speed, is growing stronger all the time, is taking fairly good care of himself, and should be good for years to come.

Attell's career seems to be working out in phases. His first thirty fights, covering a period of two years, resulted in twenty-four knock-outs, five decisions, and one draw. These knock-outs were accomplished in four rounds or less. The first five battles were knock-outs. Then Eddie Hanlon lost a decision to Abe in five rounds. The next ten were knock-outs, six being ended in one round, and the longest was but three rounds. Then Jockey Bozeman lost a decision to Attell in ten rounds. The draw was with George Dixon in ten rounds.

BUT THREE KNOCK-OUTS.

Since August 29, 1901, when he knocked out Scotty Williams at Denver in one round, up to the present time, Attell knocked out but three men in fifty-three big battles. These men were Harry Forbes, Patsy Hakey, and Maurice Rausch, the last one taking place March 28, 1904. Twelve of the battles during the last five years were no-decision affairs. This period represents the phase in Attell's career where he gave more attention to cleverness and defense.

During his last few fights Attell has demonstrated that he can punch. He pounded Frankie Neil to a pulp. He made Frank Carsey jump out of the ring at Davenport, Iowa. He tried to make Harry Baker fight by every way in his power. He butchered Billie Decoursey at San Diego. He gave Jimmy Walsh the hardest beating of the latter's career and practically knocked him out. It may be that another phase of Attell's career has begun. If so, he may be able to knock out Baker Friday night.

Attell has been knocked out but once in his career, and the trick was turned by Tommy Sullivan at St. Louis, in five rounds, during the fall of 1904. He lost a decision to Jack McClelland in the spring of the same year, in fifteen rounds; and was beaten in nineteen rounds by Benny Yanger early in 1902 when the "Tipton Slasher" was in his prime. To all of these men he gave away many pounds of weight.

FLYNN IN TOWN.

Jim Flynn arrived in town from San Diego, last night, and today may have a talk with Manager McCarey concerning a February date. Flynn is keeping in good shape and could be ready at a moment's notice to begin training for a battle with Jack Sullivan or Jack O'Brien who seem his logical prospective opponents.

Manager McCarey received a message from O'Brien, who is in San Francisco, last night, but the foxy Philadelphian did not commit himself. Jack received a cablegram from England, the other day, and it is said that the British are insisting that he keep a date with them to fight "Gunner" Moir.

HIGH SCHOOL GIRLS WIN.

Defeat Sophomores of Pomona College in Hotly Contested Game—Several Stars Shine.

[SPECIAL CORRESPONDENCE OF THE TIMES.]

CLAREMONT, Jan. 16.—The girls' basketball team of Pomona High School defeated the sophomore girls' team of Pomona College, last evening, in the college gymnasium, by the score of 18 to 7. The High School girls' superior team work was sufficient to offset the greater individual brilliancy of the sophomores. Miss MacFadden proved the star of the college aggregation and Miss MacFarland was the best of the High School team.

The teams lined up as follows: Sophomores—Stopp, center; Foy, guard; Willard, guard; Edwards, forward; MacFadden, forward.

Pomona High School—Haley, center; George, guard; Poston, guard; MacFarland, forward; Peck, forward.

The boiler of a Philadelphia & Reading freight train exploded at Bridgeport and five trainmen were killed. A portion of the boiler was hurled 150 yards.

HIS HIGHNESS, PRINCE CHARMING,
one of the most beautiful cats in the world, which will be exhibited at the cat show at Chutes Park.

TWO SLEEPERS COME TO LIFE.

DARUMA AND SAN ALVISO GRAB RACES AT LONG PRICE.

Both Were Overlooked in Betting and Certainly Proved Very Great Surprises—Horse Toots Mook Is Set Back for Fouling and Rider Is Fined Hundred Dollars.

Two long shots came to life yesterday at Ascot in Daruma and San Alviso and while the Daruma business was very much of a form reversal, San Alviso has been running well enough to come through at any time on such a heavy track as there was yesterday. A lot of the sports winked at the Daruma race but probably the truth of the matter was that the old beast just decided to win, for the betting did not show that any one was betting on her chances. The card was a very fair one and fair time was made, considering the condition of track. In the Daruma or second race, Toots Mook swerved into the fence and shut off Pantoufle and Entre Nous. For this the beast was disqualified and the rider, Koerner, fined $100 for fouling. Two favorites won in Renraw at 3 to 4 and Confessor at 2 to 1.

Results:

Mile: Little Minister, 107 (Harty) 4 to 1, won; Chas. L. Stone, 107 (Koerner) 7 to 10, second; Happy Rice, 104 (Harris) 4 to 1, third; time 1:44 1-4 Athenia, E. B. H., Gold Ledge, Kitty McCarthy, Miss Himyar and Henry Mc also ran.

Six furlongs: Daruma, 107 (McDaniel) 15 to 1, won; Pantoufle, 112 (Booker) 8 to 5, second; Entre Nous, 112 (Finn) 11 to 5, third; time 1:15. Hirtle, The Miss and Toots Mook also ran. Latter finished second but was disqualified for fouling. Elancer scratched.

Mile: Foncasta, 105 (Preston) 3 to 1, won; Jack Adams, 105 (McDaniel) 7 to 1, second; Sais, 108 (Harris) 8 to 1, third; time 1:44¾. Needful Komombo, Winsome Ways, Bessie Welfly, Ding Dong II and Lord Provost also ran. Taylor George, Turkey Foot, Pinta and St. Albans scratched.

Five and one-half furlongs: San Alviso, 100 (Fischer) 40 to 1, won; Jersey Lady, 104 (McDaniel) 5 to 2, second; Elancer, 100 (D. Riley) 8 to 1, third; time 1:09¾. Allerton, Col. Jack, Airs, Dominus Arvi, Prolific and Halton also ran.

Six furlongs: Renraw, 99 (Preston) 3 to 4, won; Round Dance, 106 (Boland) 6 to 1, second; Virginia Lorraine, 99 (McDaniel) 15 to 1, third; time 1:15⅘. Judge Nelson, Pepper and Salt, Edwin T. Fryer, Maxim Gorky, Friendly and Colewort also ran. El Cazador scratched.

Mile: Confessor, 102 (W. Riley) 2 to 1, won; Clandestine, 104 (Preston) 8 to 1, second; Bill Curtis, 104 (Harris) 8 to 1, third; time 1:43⅘. Lille B, Sir Cauthers, Kinsman, Sherry, Sheriff Bell and Col. Bronston also ran. Van Hope, Salina and Netting scratched.

RACES AT OAKLAND.

ALL RACES SLOW ONES.

[BY THE ASSOCIATED PRESS—P.M.]

SAN FRANCISCO, Jan. 16.—The sport at Emeryville today was fair, though the weather was cold and sharp. Yellowstone, with Brown up, was an easy winner of the six furlongs race, but Lillitus ran in fine form and surprised the talent by coming in second. Lone Wolf won the mile event, but was disqualified for fouling.

Three and a half furlongs: Banoica, 111 (Miller,) 7 to 2, won; Bonheur, 111 (Rice,) 9 to 5, second; Bravoure, 111 (McIntyre,) even, third. Time, 0:45 2-5. Lady Hildreth, Andena, Valousky, Brook Leaf, Leonardsdale, Crystal Wave, No Farther also ran.

Five and a half furlongs: Duke of Orleans, 109 (L. Williams,) 9 to 1, won; Peerless Lass, 102 (Dugan,) 3 to 1, second; Anna Karenia, 102 (Rice,) 5 to 2, third. Time, 1:11 3-5. Menden, Lugano, Miss Turtle, Tanana, Induna also ran.

Six furlongs: Yellowstone, 112 (Brown,) 9 to 5, won; Lillitus, 106 (Sandy,) 60 to 1, second; Meada, 107 (Graham,) 9 to 2, third. Time, 1:17 3-5. M. M. Bowdish, Bell Reed, Briers, Blackthorne, M. A. Powell, The Missourian also ran.

One mile and a hundred yards, selling: Mandator, 106 (McIntyre,) 3 to 2, won; Dorado, 105 (W. Miller,) 2 to 1, second; Lazell, 102 (Horner,) 7 to 1, third. Time, 1:51 1-5. Migrane, Governor Davis, Clydeo also ran.

Mile, selling: Crowshade, 97 (Lynch,) 5 to 1, won; Sir Carter, 111 (Sandy,) 25 to 1, second; Inflammable, 107 (W. Miller,) 4 to 1, third. Time, 1:47 3-5. Lone Wolf finished first, but was disqualified for fouling and placed last. Early Hours, Alma Boy, Box Elder and Tenordale also ran.

Six furlongs: St. Elmwood, 107 (Graham,) 5 to 2, won; Fred Mulholland, 107 (Williams,) 5 to 2, second; Huerfano, 102 (W. Miller,) 8 to 1, third. Time, 1:17. Vox Populi and Rose Cherry also ran.

STAKE RACE SATURDAY.

RICH ASCOT PARK EVENT.

The rich Pasadena Handicap at one and one-eighth miles, will be run at Ascot Park on Saturday, and the stake will have $1500 added money. There are fifty-five entries, but many of the horses are not here, and it is not likely that there will be over a dozen starters. The entries and weights are as follows:

Ormonde's Right	120	Celjo	96
Borghesi	118	Jack Dolan	96
Good Luck	116	Hippocrates	95
F. W. Barr	112	I Told You	96
W. H. Carey	110	Colonel Jack	95
J. F. Donohue	108	Ampezio	94
Standover	108	Ebony	93
Gorgalette	107	Oro	92
Von Tromp	106	Woodthorpe	90
Dusty Miller	106	Bellentov	90
Lubin	105	Workmaid	90
Deutschland	104	John Lyle	90
True Wind	104	Greeno	90
Arimo	104	Elevation	90
Stillicho	104	Bas d'Or	90
Ed Ball	103	Woodmansee	90
Supreme Court	103	Judge Nelson	87
Chantilly	103	Black Prince	85
Rey del Mundo	100	Kilter	85
Orflene	100	Prudential Girl	85
Eddie Ware	100	Miss Officious	85

Cloudlight	98	Allerion	85
Maxine	98	Retrospect	80
Lord of the Heath	98	First Pirate	75
Gold Enamel	96	Red Ball	75
Macy, Jr.	96		

METHODISTS WIN FIRST CONTEST.

OCCIDENTAL HOLDS U.S.C. TO A VERY CLOSE SCORE.

Game Characterized by Fast Work. First Intercollegiate Meeting of Men's Basketball Teams in Southern California — Another Game Scheduled for Next Week.

The first intercollegiate men's basketball in Southern California was played yesterday on the University of Southern California court. The competing teams were the U.S.C., and the Occidental College team, and a well played game gave the home team the victory by a score of 18 to 15.

The game began with a rush and was characterized by fast work to the end. Melrose for U.S.C. secured the ball at the whistle, passed to Killian, then to Goode, back to Melrose, who put it in the basket. Then a foul was declared on Roth, the star player for Occidental, and in a free throw Melrose missed the basket. Next Melrose passed to Goode who scored a goal. The score stood 4 to 0, and then O. C. began to get busy.

Conrad passed to Beal, and working the ball back, Roth threw a neat goal. U.S.C. fouled, but Roth failed to profit by the opportunity. Hard, fast playing wound up the half with Roth and Melrose doing the prettiest work. The score now stood 10 to 10.

The second half was marked by still hotter playing, both sides passing well. The score ran up steadily with U.S.C. about one point in the lead. Occidental was penalized frequently through Roth's fouls. The game was a clean one with good feeling all round and infractions of the rules were unintentional.

Occidental had the larger team and did better guarding than their opponents, while U.S.C., whose men were lighter and quicker, were remarkably good in passing. The line-up:

Occidental		U. S. C.
Beal	forward	Goode
Roth (c)	forward	Killian
Conrad-Hillery	center	Melrose (c)
McDowell-Clark	guard	Swantek
Blee	guard	Adams

Referee—Torrey; umpire, Breitkreutz; scorers, Munson and Goheen; timers, Holmes and Crane.

Another game is scheduled for these teams at Occidental on January 26. Better playing even than yesterday is expected later, for while the individual players of each team have had considerable practice in contests and scrub games, they have not had the advantage of consistent teamwork.

RACE TRACK REFORMS STAND SMALL CHANCE.

BY B. FRANK GREAVES.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, Jan. 16.—[Exclusive Dispatch.] Race-track legislation will travel a rocky road in the present Legislature unless there be a sudden change in sentiment of the members of the Senate and Assembly Committees on Public Morals. It may be that Eshleman's bill prohibiting race track gambling will get through the Assembly committee, although in an emasculated condition, and that the lower house may pass it up to the Senate, where its companion bill was introduced by Senator Bell of Pasadena.

But the Senate Committee on Public Morals is expected to bury the measure beyond all hope of resurrection. Senator Irish of Downieville is chairman of this committee, and his associates are Henry W. Lynch of the Thirty-first District, Edward I. Wolfe of San Francisco, Frank Leavitt of Oakland and T. J. Kennedy of San Francisco. Leavitt is a concession holder at the Emeryville race track, and his power in the Senate is expected to go far in killing the bill.

Women's clubs and other organizations throughout the State are taking an active part in the fight in favor of the bill, and much aid is expected from these sources, but it is admitted on all sides that the measure, however popular it may be with the public, will have hard sledding in the hands of the upper house committee that will guide its destiny.

Senator Hartman of San Francisco professes to be in real earnest in support of his anti-prize fight bill, but this, too, it is declared, will occupy a grave close to that of the anti-race-track measure.

AFTER MEADOW LARKS.

WANTS PROTECTION LIFTED.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, Jan. 16.—[Exclusive Dispatch.] A savage onslaught on the meadow lark is made in a bill that has been introduced by Assemblyman Held of Ukiah, who seeks to have the protection of the game laws removed from this beautiful songster. The Audobon society will have to bestir itself if it has any concern for the bird.

Held and other northern legislators claim that the meadow lark is most destructive to growing grain, although an eminent ornithologist of Illinois has declared but recently that it is the rancher's best friend; that investigations have proved the songster to live principal on harmful insects.

CAT SHOW TO OPEN TODAY.

One Hundred Entries Include Many Blue Ribboners.

Almost Priceless Animals Are to Be Shown.

Second Annual Exhibition by National Club.

Half of all that is blue of blood and elite of title in the local cat world will be assembled at Chutes Park today, where the second annual cat show of the Southern California National Cat Club is to open for a three days' session.

The glass house at the Chutes has been transformed into a veritable Versailles where fair "pussies" and brave "toms" of the feline kind will parade for a season amid scenes of stunning fluff.

The local cat aristocracy will vie with representatives of other quarters which have traveled leagues from afar to mingle their meows in the nightly chorus that will fill the festive evenings at Chutes Park from now until Saturday. And though they are strong in many excellent qualities, they will have to show much superiority to win from visiting contingent.

One hundred cats have been entered for the show, and most of them will be on exhibition. All arrangements for the housing and care of the animals have been completed. The kennels have been so placed as to allow the best view of the cats. Ventilation has been made an especial feature. Seats in pleasant places have been set for visitors, and dressing rooms have been provided.

JUDGES AND OFFICERS.

The judges are: F. W. Story of Chicago, Mrs. E. Knox, Mrs. C. H. Hinsdale.

The reception committee is composed of Mrs. A. M. Moore, Miss Myrtle Mason, Mrs. Nelson Wolcott Mrs. J. C. Girton, Mrs. G. H. Kriechbaum, Mrs. H. C. Aiken, Mrs. W. L. Wolfe.

The ways and means committee consists of Dr. G. H. Kriechbaum, W. L. Wolfe, H. C. Aiken, J. C. Girton, E. H. Rydall.

The Decoration Committee is: Mrs. H. A. Weller, Mrs. W. H. Crowther, Mrs. Carrie Preston, Miss Myrtle Mason.

The officers are: Mrs. J. C. Girton, president; Mrs. G. H. Kriechbaum, vice-president; J. C. Girton, treasurer; Mrs. W. L. Wolfe, secretary, No. 841½ S. Broadway; Mrs. H. C. Aiken, corresponding secretary; directors, Dr. G. H. Kreichbaum, Mrs. G. H. Kreichbaum, J. C. Girton; Mrs. J. C. Girton, W. L. Wolfe, Mrs. W. L. Wolfe, H. C. Aiken, Mrs. H. C. Aiken, E. H. Rydall.

BEAUTIFUL CAT.

Prince Charming, one of the most beautiful cats in the world, will again be a feature of the cat show. Every one who attended the last annual show of the club will remember Prince Charming, as he undoubtedly was one of the most admired cats in the exhibition, and he has lost none of his fine points during the past year.

Prince Charming is a grandson of the famous Paris, a Chicago cat of high degree, and his blood is royal on both sides, as his pedigree will testify. He is nearly three years old and weighs eighteen pounds. He was called the $1000 beauty at the last show. He is very amiable and gentle and loves to be petted. He has his own crib to sleep in and also his going-away gown of blue and white, with a hood to protect his royal ears from the chill night air. He is not much of a ratter, and the only mouse he ever caught he played with a whole day without breaking its skin. One of the proudest moments of his life was when he laid a bird at his mistress' feet, absolutely unharmed. Prince Charming is a pure white Angora with heavenly blue eyes, and is owned by Mrs. Edgar A. Wright of Los Angeles.

GASOLINE ROW AGOG FOR SHOW.

COMING AUTOMOBILE FESTIVAL CENTER OF INTEREST.

Excellent Progress Being Made at Morley's Rink, and Installation of Exhibits Will Commence Today. Many Delayed Cars Are Delivered by Railroads.

In every automobile emporium along Gasoline Row men are buffing engines and polishing brasswork, while the heads of concerns gather in corners and discuss color schemes and electric lighting. At Morley's rink men are swarming over the building, laying canvas, fitting electric fixtures, and spreading bunting.

The big automobile show, first ever held on the Pacific Coast, opens Monday night, and the whole motoring world is straining every nerve to have it a fit starter for the ones that will follow it year after year.

Yesterday men were laying the big canvass covering that will protect the skating floor in the rink from any injury.

Last night it was all tacked down around the edges, and today the long strips will be laced together in a few hours. As soon as that is done, the show committee will mark the spaces on the canvass, and painters will follow them, painting a guiding line for those setting up the exhibits.

Exhibitors having spaces along the sides of the building have already begun their work in the rink. Part of the big electrical lighting scheme of the White Garage is already in place, and more will be put in today. E. J. Bennett's space is blossoming out in a fine shade of nile green, while in the square corner where Heineman & Pierson are quartered a blue ceiling is being erected.

Those who have space in the center of the building have been getting their material together so that they can erect their booths quickly. The big electric light balls of the Western Motor Car Company are almost finished and several other electric designs are stored in various places waiting for the time. Signs in almost endless quantity are waiting in the balcony.

The freight yards of the railroads also contain hurrying automobile men. Anxiously awaited cars are beginning to arrive. Two Waltham-Orients have just come in, a touring car and a runabout. They form part of the show exhibit of the Diamond Motor Car Company. Yesterday afternoon there was a parade down Main street of three cars in fiery red, which Paul Billington was leading. They were the new 1907 Knox waterless cars, which will be seen for the first time at the show. Many others are just arriving or about to arrive, including several cars expressed from the factories.

DRUG SATISFACTION

Satisfaction in quality—satisfaction in price—all round satisfaction—that's what you get at the "Sun." Buying for eight big progressive stores means quantity—hence price concessions from manufacturers—which we pass on to our patrons. Ever changing stocks assures the freshest of drugs and drug sundries. It pays to trade at the "Sun."

A 2-Quart Hot Water Bottle Guaranteed $1.50
This week we are offering genuine maroon rubber hot water bottles, 2-quart size, at $1.50 each. They are guaranteed for one year. One of the best water bottle bargains ever offered.

Protect Your Chest
Kelley's Chest Protectors fortify you against the chill winds that sometimes visit us. They have chamois back and front and elastic sides. Men's and women's sizes, $2.00 each.

Bath Cabinets
STANDARD NO. 2—Square, steel frame, heavy cloth, rubber lined, with lamp. Price $3.00.
SUPERIOR—Large size, detachable top, steel frame, with lamp. Price, $4.50.

Kelley's Catarrh Cure
Kelley's Catarrh Cure is the most reliable. It always brings relief and often effects a complete cure. Complete outfit, including the atomizer, $2.00.

Surgical Supplies
Trusses, Electric Belts, Batteries, etc., at Store No. 2—328 South Broadway. Abdominal supporters, $2.00 to $10.00. Shoulder Braces, 75c and upwards.

One Quire "Sun Specials" Stationery 19c
This week we are selling at No. 2 one quire "Sun Special" stationery—fine paper and envelopes; regular 25c, at 19c per box. Only a limited number. Shop early.

Glycerine and Rose Water 10c
Laux' Emoline, for chapped hands 25c
Camphorated Oil, 2 ozs. 10c
Norwegian Cod Liver Oil, half pint 25c
Dr. Strong's Porus Plasters 15c
Mustard Plasters, 3 for 10c
Electric Insoles—foot warmers 25c

For Shavers
See the window display of shaving supplies at Store No. 3—Second and Spring streets. Although we are not making any extra specials on this line this week, the prices are much lower than prevail elsewhere on similar goods. Our assortment is unlimited.

Beecham's Cold Cure .....
Quinine Sulphate, 48 grs. Quinine Capsules, 2 for ..... per dozen .....
Menthol Cough Cure .....
Syrup of White Pine Tar .....
"Sun" Gargle—for throat .....
Lister's Fluid, per pint .....

No. 5—Cor. Pasadena.

NO NEWS FROM SEATTLE CLUB.

LEAGUE WILL FINANCE A TEAM THERE IF NECESSARY.

McCreedie of Portland Is Anxious to Remain in the Pacific Coast Organization—Seals Will Have a Park in 'Frisco—Chutes Lease Is Still in the Air.

The directors of the Angel City Baseball Association, who will run the Los Angeles ball club this season, profess to be unable to imagine what will become of the Seattle team or who will have charge of it this season. There is no fear expressed that there will not be a club in that city, but it stands to reason that if something is not done soon, the Pacific Coast League will take charge of the team and run it until a company can be found to take it, as was done in this city when Morley quit.

It is a bad guess for any one to think that the Coast League will give up the Seattle territory if Portland desires to remain in the league. The Seattle fans like bush league ball, but Portland does not, and this well shows the difference between the two cities. McCreedie of Portland is anxious to stay in this league, from all accounts, and yet a story drifted down here from the Northwest to the effect that the Coast League will be shortened this year to a California league, leaving the entire Northwest to the mercy of th bush league players, such as Toren, Swindells, Russ Hall, Drennan, Ed Hutchinson and that kind, who were not good enough for Class A ball.

The directors of the local club don't know what to think about the situation up North, and will await the return of President Bert from the East before getting counsel. Cal Ewing and McCreedie can be expected to take care of Seattle for the present, but there is no doubt but that a team will be placed there. That is, there is no doubt, unless some one falls down, and baseball managers frequently do that.

The San Francisco team is to have new grounds on the 'Frisco side of the bay, and the fans there will not have to ride across on the ferry to see any games except on Tuesday afternoon and Sunday morning. Cal Ewing is very enthusiastic about the success of the league this year, and if the Seattle trouble can be fixed up there should be a good season. The local club people are still undecided about Chutes Park, but if the park management don't come through this month with a definite proposition that is a hold-up, a big force of men will be put to work fixing up another location.

Henry Berry, the manager of the local club, seems to be in doubt as to where he is at. The directors of the club elected him manager of the club, and several local papers announced that fact. Another local sheet declares that one T. J. McCarty is the manager, and now comes a San Francisco paper and solemnly announces that Frank Dillon is the manager. Berry would certainly like to know whether he is what he thinks he is or what some other people think he isn't.

Herbert H. D. Peirce, the American Minister to Norway, and formerly third Assistant Secretary of State, in an interview yesterday, relative to the charges made against him in Washington in connection with a hearing for the protection of fur seals, said the charge is simply a rehash of the attack which was explained in Secretary Root's letter to the President, January 28, 1906.

Children's Shoes

The new styles in children's shoes are always found here first. We believe that children's shoe should be attractive as well as serviceable and select our stock accordingly. Come and see our new spring styles

ALL ELECTRICAL MANUFACTURING COMPANIES ARE IMMENSELY SUCCESSUL

The Financial Opportunity of Your Lifetime to Get Into a Money-Making Electrical Manufacturing Business on the Ground Floor

Best Equipped Machine Shops in Southern California

With the additional machinery now being installed this company will have a perfect equipment of machinery and special tools costing about $21,000, ALL OF WHICH IS CLEAR.

GO AND SEE THE **Factory** —At— **Dolgeville**

Take the San Gabriel car on Main street marked Dolgeville or Alhambra, get off at Dolgeville and walk down Railroad avenue three blocks. The fare is only 10 cents and it will only require an hour of your time to make the trip and inspect the factory.

WHAT WE ARE DOING NOW AND WHAT WE PROPOSE DOING IN THE NEW PLANT

The business of the Electric Heating and Manufacturing Company represents the latest and most important achievement in electrical development.. It is the practical application of electricity to the everyday needs of the people in cooking and heating. It is the kid-glove method of doing the ordinary work of the kitchen; for there is no soot, no smoke and no dirty cooking utensils.. Further, it is economical, for with all its pleasing innovations, it costs less money than any other known fuel. The Electric Heating and Manufacturing Company is incorporated with a capital stock of $250,000, divided into 250,000 shares of a par value of $1 each.. All the stock is fully paid and non-assessable.. There is no preferred stock.. We manufacture under patents secured to us, various heating and cooking appliances, every one of which is ordered today and every day, far beyond our capacity to furnish. In the simple matter of our electric flatiron alone, orders swamp our store, although we are turning them out now at a rate of more than a thousand a month. Electric room heaters, pancake griddles, bake ovens, bread toasters and other kitchen and heating necessities are demanded by the people and by the trade in quantities that our present overworked facilities cannot begin to supply. Our new factory at Dolgeville, which is now in course of construction, will not only increase our producing capacity, but also our dividend paying capacity, as the business is one of the most profitable industries on the coast.. Its output sells at a profit of fully 300 per cent., assuring big returns for every share of stock in the company. The new plant will be modern in every respect. Our business is an absolute monopoly, as no other individual in the world has the right to manufacture our patented articles.

The Most Profitable Industry on the Coast.

Machinery Now Being Installed in the Above Factory

As shown in the picture above, the new factory at Dolgeville is now completed. The money of the company is being wisely, ably and conservatively managed. Business principles apply, and we pay as we go. There are no assessments on our shareholders for unforeseen conditions or unexpected contingencies. Every share is just like every other share, actually full paid and absolutely non-assessable.

Electric Toaster

Toasts Both Sides of the Bread at Once.

Overwhelming Demand for Our Appliances

An electrical marvel for the home, the restaurant, the hotel, the rooming-house and every place where people eat and cook. A dainty little appliance which may be connected with any electric light circuit and placed right on the table, without smoke, soot or smell, and toasting to a turn.

Put Your Money to Work

Let us put your money to work for you. It is the only way you will ever get ahead in this world. No man or woman in the world ever got rich unless he put every cent he could rake and scrape together into some kind of a business where the money worked for him. We want to do that for you. We have a business that is safe, honest, sure and without speculation. It is a business that has been in operation for some time past, and has proven an immense success.

The Vital Points

There are three vital points in the success of any manufacturing enterprise. First, to invent something practical and necessary; second, to manufacture it economically and cheaply; third, to sell it easily. Failure of any of these will balk an enterprise.

This company has surmounted all of these difficulties. We have the invention; we own our own machinery, and our success in selling has been proven by the large number of orders on hand.

Every Article is a Household Necessity

An Electric Disc Heater

Cooks Anything Requiring a Flat Surface

This takes the place of our ordinary stove griddle and is suited to all cooking purposes requiring a flat surface. It will boil water in five minutes and may easily be transferred from room to room or house to house.

A Heater Without an Equal

For Satisfaction and Economy

This heater performs every function of the coal or gas stove heater without dust, smoke or soot and at a great money saving and economy.

An Oven That Solves the Baking Problem Forever

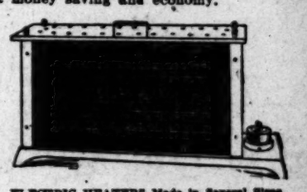
The distribution of heat is absolutely uniform. That rare, even brown, on top and bottom, so much desired by careful, painstaking cooks, is secured without effort in this Twentieth Century Oven. Makes perfect bread and bakes biscuits in from eight to ten minutes.

The Electric Flat Iron

Ironing is a pleasure with this new invention. Whether in heavy commercial work of the laundries or in the finest of light work in the home, this flat iron relieves ironing of all its troubles.

Every Appliance a Success

The test of any new invention is the degree of its acceptance by the people. Reflect that, work as we do, we are unable to begin to meet the demand for these appliances and you can realize the success awaiting us in our new factory, where every facility will be provided.



ELECTRIC HEATERS Made in Several Sizes.

Prices of Stock for Cash

50 Shares	$ 32.50
100 Shares	65.00
150 Shares	97.50
200 Shares	130.00
250 Shares	162.50
300 Shares	195.00
500 Shares	325.00
1000 Shares	650.00
5000 Shares	3250.00

THERE IS JUST A LIMITED AMOUNT OF STOCK TO BE SOLD BELOW PAR FOR CONSTUCTION PURPOSES

It is the intention of the company to sell sufficient stock to fully equip its plant at Dolgeville. The success of the business, even with the overcrowded condition of our present factory, has been phenomenal. This is an opportunity for investors, large and small, to take shares in an industrial company in which returns are certain and big. Our profits are fully 300 per cent. Our expenses are merely nominal. Many people of means who find in this country only opportunities to speculate at a risk, but who realize that the industrial development of the country is just awakening, should investigate this. It will be found that every advantage claimed here is claimed conservatively, with no effort to mislead. That full and complete returns are accorded for the most searching investigation. That every stockholder enters the company on an equal footing with every other stockholder, without any preferred stock. That the ratio of profits is exactly as presented here. That the company is absolutely unable to fill its orders by reason of contracted facilities. That the money realized from the sale of the stock is actually being used as represented, and last but not least, that the whole field of industry on the entire Pacific Coast presents no other business so sure, so safe, and so profitable for every dollar invested in its shares of stock.

Those of limited means seeking to improve their condition will find in this stock the opportunity of a lifetime. Remember that the stock advances to 70 cents a share in a few days. Applications should be made for it at once—today—now.

Office open every evening this week until 9 o'clock.

F. H. JOHNSTON, Fiscal Agent

326 Merchants Trust Bldg. 207 South Broadway LOS ANGELES, CALIFORNIA

THE LEGISLATURE.

(Continued from Fifth Page.)

impossible to distinguish the words of the Speaker.

The few members who had resolutions to introduce found that the majority had planned otherwise, and they were compelled to hold their resolutions over until tomorrow.

Assemblyman Eshelman of Berkeley, who has declared war on the race tracks, and who will endeavor to have laws passed prohibiting any betting at race tracks in this State, will have a strong supporter in his fight in the person of Assemblyman Grove L. Johnson of Sacramento. The latter also has thrown down the gauntlet to the race-track proprietors, but along another line. He introduced a bill in the House this morning, making it a crime for any person or persons to sell a minor a ticket to a race track, horse race, prize fight or cock fight, or a chance in any lottery game.

Senator Sanford today introduced three bills relative to advertising of official statements and repeal of the cartoon law. The first and most important is that the banks, insurance companies, corporations or firms making a business of loaning money, must publish their statements, whether weekly, monthly or semi-annually, in a newspaper in every county in which they do business.

Another bill By Mr. Sanford asks that Sections 258 and 259 of the Penal Code, which prohibit the publication of caricatures in the newspapers, shall be repealed. The bill was inspired by Senator Morehouse and passed in 1899. Grove L. Johnson introduced the bill in the Assembly.

Senator Willis introduced a measure which provides for a hunting license, game preservation and restoration and an appropriation to meet expenses of carrying out the objects of the act.

Among other so-called "reform bills" introduced in the Assembly today, was one by Burke of Alameda, mkaing it a misdemeanor for any person under the age of 21 years to represent or declare himself to be of that age in order to obtain liquor or any other malted or intoxicating drink.

OBITUARY.

A. Derkum.

NEW YORK, Jan. 16.—A. Derkum, who was on his way to visit his son in Los Angeles, died of pneumonia on the steamer Pretoria, which arrived here today from Hamburg.

The effort to preserve the premises at No. 28 East Twentieth street, New York, the birthplace of President Roosevelt, has apparently been abandoned for the present. Two floors of the building which have been occupied by the Roosevelt Home Club, an organization formed to further the movement, were leased Monday for business purposes.

Classified Liners.

Times Classified Rates: The rate for inserting "Want" ads in The Daily Times is 1c per word for each insertion; in the Sunday issue 1½c per word each insertion; minimum charge 25c.

The Sunday circulation of The Times exceeds 70,000 copies, and more "liners" are regularly printed in its columns than in the five other Los Angeles newspapers combined.

"Liner" (classified) advertisements for Sunday insertion received over the counter or by telephone after 11 o'clock Saturday nights will be inserted under heading "Too Late to Classify."

Sunday real estate advertisements, to be classified properly, must be in The Times office before 10 o'clock Saturday nights. Rate 1½ cents per word.

Telephone your want advertisements. Ring up "The Times" any time of day or night, and secure prompt and careful attention.

The Times cannot guarantee accuracy or assume responsibility for errors of any kind occurring in telephoned advertisements.

Country Property.

FOR SALE—

DECIDE TODAY TO BUY ONE OF THESE FORTUNE-PRODUCING FARMS.

There is no region in Southern California better adapted to agriculture than the country in and around Downey. We offer you herewith some of the very choicest buys. If you have any idea of locating in the country, see us before deciding where to buy.

50 ACRES AT $175 PER ACRE.
Here's a 50-acre ranch of fine sandy loam, improved with 5-room house, 7-inch artesian well, 20-h.p. pumping plant No. 6, furnishes 100 inches water, 15 acres set to alfalfa—family orchard—will grow any sort of crop. Located on railroad only ¾ mile from depot and thriving town. A fine chance to secure a ranch home at $175 per acre, with the additional advantage of easy terms.

$3500 CASH FOR TEN FERTILE ACRES.
Eight acres of this property are set to alfalfa—balance splendid soil. There is a 5-room house, barn and new pumping plant with 600 feet of pipe. Horse, colt, 4 cows and 20 chickens go with the ranch. Only two miles from Downey, and an excellent buy for the money.

17 ACRES NEAR CAR LINE.
This 17-acre farm is located only one-half mile from car line, with adjoining property selling at $600 to $800 per acre. 10 acres set to soft-shell bearing walnuts, 4 acres to apples—bearing, 2 acres to table grapes. 17 shares of water are included in the purchase. One-half cash—terms for the balance. This is an A No. 1 proposition, which it will pay you to look into.

37 ACRES FINE, SANDY LOAM.
This farm contains large new barn. There are 15 acres set to alfalfa—balance plowed and ready for any kind of crop—pumping plant nearby furnishes 120 inches water. 2 miles from Downey—1½ miles from car line. Only $175 per acre—one-half cash—terms on balance.

Write or see the
DOWNEY RANCH CO.,
E. A. Brunson, Manager,
Downey, Cal. 17

FOR SALE—
WASCO LANDS,
$22.50
AN ACRE.
The range of prices is from $12.50 to $25 in 20 to 40-acre tracts. Five and 10-acre tracts are slightly higher per acre, also nearer the town and depot.
I know that it sounds almost too good to be true, but the facts are what we will tell you. We also know that we can sell these lands faster at $50 an acre than we can at present prices to strangers, but there is a limit and this is your opportunity.
Before the 400 families decided to locate on the 5000 acres at Wasco, in Kern county, a large committee of experienced soil judges, including Prof. Fowler of the State Department of Agriculture, thoroughly examined and highly recommended the proposition.
The same week Dr. Hilgard, the eminent head of the State University Agricultural work.
A special excursion train of club members has already been to the grounds and examined conditions.
Churches, homes, business blocks, establishing irrigation ditch systems and putting the land to vineyards, orchards and alfalfa will soon be the order of the day by a happy and contented people.
Positively no chance at this after February 1. Then act at once if interested. Special low rate excursion, 19 round trips next Sunday afternoon and evening. Join this large party of bona fide home builders and utilize an opportunity of a lifetime.
Call or write,
CALIFORNIA HOME EXTENSION ASSOCIATION, ground floor, Chamber of Commerce, Los Angeles. Cal. 17

FOR SALE—
"AT MONTEBELLO."
5 acres fine level soil, covered with fine bearing apple trees; also 5 acres of deciduous which alone is worth $1000; soil is adapted to all kinds of berries and vegetables. Abundance of water; improved with fine 5-room house, finish house with porch which would cost $2000 to build. There is a storage house, also stable; good well piped all over the place. Montebello raises strawberries, peas, tomatoes, onions, lettuce, etc., all the year around. This place would cost you $5000 to reproduce. It is very fine. A combination of unfortunate circumstances compels the slaughter of this property. This is an ordinary claim of the "Realty" man's dream, but we know, we have what such a place can be had for about $3500, you will believe it. No nicer suburban home anywhere. Investigation at once. An offer must and must sell. Montebello is only 15 minutes on the Salt Lake Railroad with frequent electric service. Just 10 minutes' ride to Montebello and we know you will call and see us at once.

The famous Paige-Mitchell ranch near Tulare city is noted for its abundant water supply and immense crops. The soil has been proven UNUSUALLY FERTILE, even for California.
You can get a piece of this ranch for a farm and have it cost you no more actual cash than a cheap, unsettled piece.
Call or write for our five pamphlets about different kinds of farms and farming in Tulare Co. They give facts and figures.

Alfalfa, grape and chicken ranches galore at very low prices, all things considered. Just stop and think, I have sold over one hundred properties in the past three years, and all my purchasers are my friends. That is the way that I deal with them, as I will positively not misrepresent a ranch or a piece of property to make a sale, as I esteem your friendship if you locate with us more than the commission. Of course, I work for the commission, but your friendship is first in the deal, as my friends will tell you, and I have lots of them here, where I have done the most of my business for the three years past. Yours for business, and lots of it, for this next year. Call or or address
F. A. J. SHAFTER, REAL ESTATE AGENT,
Norwalk and Artesia, Cal.

FOR SALE—
HOMESEEKERS, ATTENTION.
Land in the fastest growing section of the State, good soil, no alkali, abundance of pure water; 100 miles from San Francisco, on railroad and close to new electric line; good climate, good schools, good roads; everything grows; great for poultry; $-10-20-acre tracts, $? an acre; liberal discount for cash or easy terms; no interest, no taxes to pay; special expense allowance for homeseekers from Southern California. Classified Lines.

STOCKS AND BONDS—
And Mortgages.

MINING HAS BUILT MANY GREAT FORTUNES.

Nothing so surely offers large returns as mining stocks. Probably you do not realize how many people there are who enjoy a regular income as a result from investing in mining stocks. There are thousands of them and they are largely those who bought their stock when the opportunity was offered, to secure shares at a low price before the company had begun to pay dividends. Many mining stocks have advanced from a few cents to prices ranging from $10 to $100 a share in value, besides having paid back to the investors in dividends many hundred times what they first invested.

A SMALL INVESTMENT NOW MAY MAKE YOU INDEPENDENT FOR LIFE.

One of the richest and most promising copper properties in Arizona is the Schnell Group of 2 claims on the Rio Tonto River in Gila county; owned by deed and bond by the TODD COPPER CO., whose stock we offer in blocks of 5000 shares at

ONE (1) DOLLAR FOR EACH 1000 SHARES.

Until 300,000 shares have been sold; experts have examined this property and in their opinion it has a wonderful future; we expect to sell the balance of the 300,000 shares allotment today. Send check or call for number of shares you want. CHAS. M. FRYE, 228 Mason Bldg.

CONSOLIDATED REALTY STOCK IS THE best buy on the market today. Backed by over one million dollars' worth of centrally located business corners that are bound to increase enormously in value in years to come this stock will be worth $1000 per share. We have some of this stock we can sell at a bargain, while it lasts. Cash or installments. Contracts. If you have Consolidated Realty Stock you cannot carry, list it with us. We can sell it for you. FLEETWOOD & CARROLL, Stocks, Bonds and Investments, 511 Merchants Trust Bldg. M

FOR SALE—SNOWSTORM HAS DECLARED a dividend of 3c per share, payable in February; my advice is to buy this stock as anything under $3. RICH B. KIRCHHOFFER, Member L. A. Stock Exchange, 611-12 I. W. Hellman Bldg. 17

AUTOISTS FAVOR IT.

WOULD ATTRACT TOURISTS.

[SPECIAL CORRESPONDENCE OF THE TIMES.]

REDLANDS, Jan. 16—The substantial citizens of Redlands are unanimous in their commendation of the proposition looking toward the intercounty and intercity movement for good roads throughout Southern California. Below are given a number of interviews:

H. P. D. Kingsbury, president of the Redlands Board of Trade: I think that the proposition for a system of good roads all over Southern California is one of the two or three things which will be of the greatest benefit to this end of the State. I am heartily in sympathy with this movement and will do all I can to help.

A. K. Smiley, owner of Smiley Heights: As I have only recently arrived from the East, I am not thoroughly conversant with the movement as it is spoken of now; but I will say that I will do all that I can to forward any movement in the direction of improved highways. It is a very good thing and deserves the help of everyone.

A. G. Hubbard: This good roads proposition is a splendid one, and one with which I am in thorough sympathy. Although I am a heavy taxpayer throughout this county, yet I will be glad to see such a road completed and will do all in my power to help the good work along.

E. M. Lyon, millionaire orange packer: The good roads proposition cannot fail to be a most excellent thing. Besides the increase in the value of property along which the road will pass, think of its attractions to tourists. A run by automobile to Redlands will then be a pleasure and will be the means of bringing more people here than any other one thing which we can do. Good roads are a good thing for any community.

K. H. Field, Attorney: This is the most important proposition which we have had put before us in a long time; it more important than we have any idea of. Good roads throughout this southern part of the State will do more to encourage the tourist business than any other one thing which we can offer.

A. Gregory, president and general manager of the Mutual Orange Distributors Association: No movement more profitable and timely can be taken up by the public-spirited people of this section than that of building good roads, so that our eastern friends may see the beauties and glories of our country in comfort and with pleasure. It will mean a great increase in the valuation of property in cities and towns through which the good road passes. People with autos should be especially interested in this proposition.

S. C. Haver, president of the Redlands Orange Grove and Water Company: We are spending money on everything else except good roads, though it is a fact that in no other way will money bring such big and quick returns on the investment as when put into good roads. Money cannot be spent to better advantage. What a joy it would be to the people of this community if they could enjoy a good, smooth road for the entire distance between Redlands and Los Angeles. Then what a great drawing card to tourists. It is a splendid thing, push it along.

F. P. Morrison, president of the First National Bank: I am heartily in favor of all sensible and substantial improvements and I certainly think that good roads would properly come under that head. But I must in truth say that Los Angeles county has the greatest improvement to make. The road for automobiling between here and Los Angeles is fairly good as far as Baldwin's ranch, but from there into Los Angeles, particularly from Pasadena to Los Angeles, it is horrible.

C. S. McWhorter, cashier of the Citizens' National Bank: Surely there is no one who would knock such a proposition as this. It is a splendid thing, I cannot think of anything too strong to say in favor of it. Good roads are the greatest upbuilder a community can have, and I am heartily in favor of doing all that is possible to bring the plan to a reality.

C. S. Chesnut, president of the Home Gas and Electric Company: "I think every man in Redlands would be favorable to an improved highway from the southern metropolis up to this end of the San Bernardino Valley. Such things are a mark of progress on the part of the community and always do an untold amount of good."

C. M. Brown, manager of the Redlands Golden Orange Association: "Of all the manys plans looking toward the improvement of this southern country, this, to my mind, is the most important of all. It should not be neglected but should be taken up at once and in earnest and pushed to completion. I would be willing to do anything. Let it be taken up as a State or a county or a city movement, let us vote bonds or do anything to secure the necessary amount of money to build not only an accessible highway between Redlands and Los Angeles, but a splendid boulevard, which will be an attraction and will bring tourists.

HOLLYWOOD ACTIVE.

WANTS BONDS FOR ROADS.

[SPECIAL CORRESPONDENCE OF THE TIMES.]

HOLLYWOOD, Jan. 16.—Hollywood has caught the good roads fever. Sunset boulevard, one of the principal thoroughfares of this city, is to be macadamized and made a permanent roadway. This boulevard, on its way to the sea, passes through Hollywood for a distance of about three miles, and is sixty feet in width from curb to curb. The estimated cost of the proposed improvement will be in the neighborhood of $125,000.

Property owners representing practically one-half of the frontage last night presented a petition to the Board of Trustees, asking that the work be done at once under the Vrooman Act.

This is only the beginning of the campaign for good roads here. Petitions are to be circulated asking the Trustees to call a special election to vote bonds to the amount of $100,000 for the purpose of assisting property owners in building permanent streets.

Prospect avenue, which has just been improved at a cost of $30,000, has not proven satisfactory, and many property owners are in favor of tearing out the present oiled road and replacing it with asphalt.

The Northwest Improvement Association, which made up of residents of the extreme northwestern part of Los Angeles, and that portion of the county lying between Hollywood and Los Angeles, last night threw their weight in favor of the general movement for good roads in Los Angeles county. The following resolutions were passed:

"Whereas, the matter of good roads is of primal importance to the welfare of Southern California, and of the Cahuenga Valley; therefore, be it

"Resolved, that this association pledges its influence and hearty support as a body and as individuals to the proposition of the Pasadena Board of Trade to bond the county in the sum of $3,000,000 for the construction of interurban boulevards, and especially to every movement looking to the improvement of Sunset boulevard from Los Angeles to the sea.

The coronation of the new Shah of Persia will take place January 19. The date of the funeral of the Shah has not yet been fixed.

KNABE

THE KING OF PIANOS

The reign of the KNABE PIANO began in 1837. Every year new subjects acknowledged its supremacy in the world of music. One of its distinctive merits—It has honestly gained the title of "the world's best piano."

CAPTURES THE GAS USERS.

MUNICIPAL OWNERSHIP LEAGUE WANTS A CATSPAW.

Well-Meaning Men, With a Grievance Against the Gas Service, See Their New Organization Slide Into the Hands of Politicians—Real Issue Hopelessly Beclouded.

"Woe is me! Woe is me!" will be the cry of the suffering gas consumer this morning. "Whence cometh relief?"

As announced in The Times, following the initial meeting of indignant protestors against the service being rendered by the Los Angeles Gas Company, lack of leadership resulted in their undoing last night.

"The Los Angeles Gas Consumers' Association" was called together for the formation of a permanent organization, but was quickly captured, body and soul, by the municipal ownership boosters.

Fred Spring, municipal ownership candidate for City Councilman from the Sixth Ward in the last election, was elected president, and "Jimmie" Roche, spellbinder for the same organization and chief booster for Stanley Wilson, labor-union candidate for Mayor, was elected secretary. There being nobody else of the same stripe who seemed to want an office, Roche was also made treasurer.

Spring was present at the first meeting, but never uttered a word during the whole evening. Last night he had nothing to say until the decisive time came, approaching the election of officers, when he said a few things that caught the crowd. Somebody had suggested that the hand of Providence had prevented the gas company from supplying sufficient gas. Spring said:

"There is no act of Providence in the character of the gas they furnish, nor in their extortionate bills, even if some things are out of order at the works. The office that puts out the bills is always in working order. Providence is or no Providence."

This was received with applause, and a few moments later the election was taken up. A. D. Hunter, the instigator of the movement, who has been serving as temporary president, was nominated for the permanent place. Attorney McCahill, another municipal ownership man, promptly nominated Spring, and Roche "rooted" for his friend. Hunter is a modest man, and would not stand for a contest, so Spring was elected by acclamation. Hunter being made vice-president out of courtesy. Then followed the election of Roche as secretary-treasurer, without opposition.

The officers elected were made the Executive Committee and will arrange for another meeting next week, and a committee was appointed to draft an ordinance regulating the quality of gas, the pressure to be maintained in the pipes, and recreating the office of gas inspector, with enlarged powers. This committee consists of Messrs. Loucks, Warner, Seibert, Gilboa and Roche.

It seems apparent that the association will now be severed from its original purpose, though many well-meaning sufferers from bar gas service, did not see the hand writing on the wall last night.

CHAMBER OF COMMERCE.

Chart of Hawaii Excursion Ship Here Soon—City Asked for Better Street Crossings.

The committe of the Chamber of Commerce having in charge the arrangements for the coming excursion of the Chamber to Hawaii reported to the directors yesterday that the chart of the ship is expected in a day or two, and that those who have made reservations can select the staterooms they desire to occupy.

Secretary Wood of the Hawaiian Promotion Committee inofrmed the committee that the excursionists who play golf should take with them their golf sticks, as there will be a tournament held during the stay of the Angelenos. A communication was also received that the annual flower festival of Honolulu had been postponed until the arrival of the chamber's excursion.

Postmaster Flint sent a communication to the directors of the chamber asking their influence toward the passing of a bill now before Congress for increasing the pay of postal clerks. The chamber decided to request the local representatives in Congress to urge the passage of the bill.

A resolution was sent to the City Council asking if there is not some way in which the street crossings of the city could be kept passable, or something done to relieve their present frightful condition.

The following-named were elected to membership in the Chamber: Dr. Paul A. Adams, Myron Jackson Machine Works, Frank M. Bell, Alexander & Nye, J. Frank Bowen, Hack & Pelpers, Harris & Jenks, Independent Fruit Company, C. H. Lippincott & Co., Robert M. Lusk, W. J. Nelson, Nickel & Stum, C. F. Parker, W. H. Pemberton, P. F. Wood, Stewart-Dawes Shoe Company.

MINES AND MINING.

MAGNATES IN CONFERENCE.

SMELTER IN LOS ANGELES MAY BE DISCUSSED HERE.

John W. Gates and Patsy Clarke to Be in the City—Mohave Camps in Throes of Coal Famine—Capital Is Needed for Pushing Development. Mexican Mines.

It is expected that within another week there will be a conference in this city between a number of prominent mining men interested in the country tributary to Los Angles that may lead to some definite movement for the establishment of a smelter near here. Among those who are expected to be present are John W. Gates, Patsy Clark and others. Mr. Gates is known to have taken an interest in the movement for a smelter for some time past and he is not the man to take up a matter of this kind without first being satisfied of his ground or to let it drop lightly.

Clarence McCormick of New York, who represents large capital, is also expected in a few days.

The completion of the railroad into the Bullfrog district places this city in such touch with the great mines of the Southwest and this may very likely have the effect of interesting capital in a smelter here, so that the coming meeting may mean much for Los Angeles. There appear to be no advantages possessed by San Francisco as a smelting point that are not possessed equally or in a greater degree by this city.

MINES' FUEL FAMINE.

The fuel famine has struck the mines of Mohave county just across the Arizona line and in the camps at Vivian, Stockton Hill, Mineral Park and Chloride, the matter of keeping houses warm is the chief problem that confronts the people. There is not a pound of coal to be had and to get wood the operators have been taking the timbers from all the old shafts and stoppes, which will ensure a supply of fuel for immediate wants. For the moment the question of heat overshadows all others.

There is considerable activity in the San Francisco district in consequence of recent strikes made about seven miles from the Gold Roads. Work in general is being quickened since the first of the year. In the Gold Roads mine the seventh level is showing up better than ever. The success of the Gold Roads property is evidence of what might reasonably be expected from others in this district if they were to be better equipped and able to push work steadily as is being done at the Gold Roads. Capital is undoubtedly needed here as much as anywhere. At present a numbert of properties are working along on a small scale, operating for a time and shutting down for a period.

The Gold Parks Consolidated Mines Company reports having sunk the main shaft to 175 feet on its property in northern San Bernardino county. It is intended to go down 1000 feet. Eight men are now at work.

PURCHASE COMPLETED.

The Choix Consolidated Mining Company has recently completed payment on the Platenos, a property adjacent to the others which it holds in the State of Sinaloa. The company's latest advices are that the Kansas City, Mexico and Orient Railroad has its grading completed to a point three kilometers beyond the town of Loreta, which is about as near to the mines as it will go. The rails are laid to the San Pedro River, about fifteen kilometers distant. Work is steady but very slow and all must be officially inspected and accepted by the government inspector before it can be operated for freight and passengers.

GETS RICH RETURNS.

The Boca del Cobre Company, composed of Angelenos, operating at Velardena, State of Durango, Mexico, reports net returns of $31,500 Mexican, on proceeds of work between November 12 and January 1. Capt. Thompson of the company, who has just returned from the mines, reports that work of sinking and development is going steadily ahead, with the best outlook for future development. The company, he says, is devoting itself to legitimate mining entirely and will continue to push work. Mr. Gilliam, Capt. Thompson's partner, remains at the mines as superintendent.

SUSPECTED AS JAP SPIES.

EL PASO (Tex.) Jan. 16.—Three Japanese who had been employed as servants by the officers at Fort Clark have mysteriously disappeared. Their actions in examining the fort and equipment, their close attention to the drilling and the discovery that they were frequently making memoranda led to the belief that they were Japanese officers.

THIS ARREST MAY BE IMPORTANT.

POLICE BELIEVE THEY HAVE THE "LADDER BURGLAR."

Suspect Captured on West Adams Street After Having Been Closely Watched by a Patrolman—Record and Movements of the Prisoner Being Closely Investigated.

The police believe they have one of the burglars who have been looting south-end residences under arrest. They suspect their prisoner may be the "ladder man" who stole $1500 worth of jewels from Gen. Adna R. Chaffee's residence, J. D. Layton is the name given by the man now in custody.

A patrolman working in citizens' clothes out of the University substation arrested Layton yesterday afternoon. After he had thoroughly questioned his prisoner, the officer took him to the Central Station, where he booked him as a suspect. Meantime efforts will be made to identify the man.

Layton was arrested on West Adams street. The officer had been shadowing him for two or three days. It is stated that Layton was supposed, when arrested, to be looking over residences with a view, the police think, to entering them later. On how good ground this suspicion is based is not now known.

During four weeks past the University sub-station force has concentrated its efforts toward catching the "ladder burglar," the barefoot burglar and at least one other crook who has entered south and west end residences during the night time.

COSTLY PRESSURE.

Heart and Nerves Fail on Coffee.

A resident of a great Western state puts the case regarding stimulants with a comprehensive brevity that is admirable. He says:

"I am 56 years old and have had considerable experience with stimulants. They are all alike—a mortgage on reserved energy at ruinous interest. As the whip stimulates but does not strengthen the horse, so do stimulants act upon the human system. Feeling this way, I gave up coffee and all other stimulants and began the use of Postum Food coffee some months ago. The beneficial results have been apparent from the first. The rheumatism that I used to suffer from has left me; I sleep sounder; my nerves are steadier, and my brain clearer. And I bear testimony also to the food value of Postum—something that is lacking in coffee." Name given by Postum Co., Battle Creek, Mich. There's a reason. Read "The Road to Wellville," the quaint little book in pkgs.

SHOES FOR 50c

The Mammoth Shoe House Will Have a Quick Clean-up Sale

SALE STARTS TODAY

Two Thousand Pairs of Ladies', Misses' and Children's Shoes, Oxfords and Slippers, Worth to $3.00 a Pair, Some Slightly Factory Damaged, on Sale for 50c a Pair.

Today the Mammoth Shoe House, No. 519 South Broadway, will start their annual clean-up shoe sale. The Mammoth never does things by halves, so come expecting big reductions.

The most interesting feature of the sale will be the closing out of over two thousand pairs of shoes for 50c a pair. These shoes are the short lines left over from the big purchases made during the year, and some slightly damaged factory shoes. Better come early and get the pick of these shoes for 50c a pair. They are worth up to $3.00 a pair. There will also be over a thousand pairs of fine shoes on sale for 98c a pair, and a like number of pairs on sale for $1.23. You can find shoes for every member of the family on sale. This is an opportunity that seldom occurs.

This is the Mammoth Sixteenth Annual Clean-up Sale, and during their sixteen years in business they have never offered any shoes at anywhere near as low price as the above-mentioned prices.

All shoes can be fitted, exchanged and money refunded, so you take no chances at the Mammoth Shoe House. Location 519 South Broadway, between 5th and 6th streets

Real Cures of Real People FREE! FREE!

ALL APPLICANTS IN PERSON AT THE LOS ANGELES MEDICAL INSTITUTE, ROOMS 400-402 REMICK BLDG., FOURTH FLOOR, ENTRANCE NO. 517 SOUTH BROADWAY, UP TO JANUARY 25TH, WILL RECEIVE EXPERT TREATMENT FREE OF CHARGE UNTIL CURED. OUR OFFICES ARE ON THE FOURTH FLOOR. TAKE ELEVATOR. BRING THIS AD.

Read the Columns of the Daily Press. Examine Carefully the So-called Medical Testimony and Decide for Yourself.

In these columns the manner and kind of this testimony have been contrasted very vividly with the so-called medical testimony published for various purposes in the newspapers.

It may be well to let this matter sink deeply into the minds of the people who may be sick or suffering. Perhaps it is not altogether a waste of time to teach those whose health and strength are failing what real medical help is and how and where it can be obtained. Perhaps this lesson to all the countless unfortunate and suffering may be quite as important as any that can be taught, for MARK YOU—THESE CURES MEAN SOMETHING.

It is no light thing for dwellers in this city and neighborhood, whose daily coming and going out are marked and known to all of you, to come forward and give their names, their addresses and their experiences regarding their sickness in the public prints.

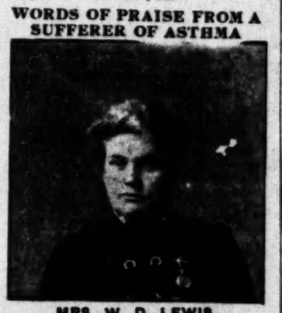
Read, then, in this record of cures the mastery of diseases that will cure you.

And why has all this been said and written? What is the necessity of enforcing this lesson and keeping it before the public?

This: That the people may know the truth; that the people shall not be confused by false teachings of false prophets; that humbugs or quackery and deception shall be made to live in the light of contrast with real skill and with professional faith, well kept through all these years of success.

THERE IS BUT ONE Los Angeles Medical Institute. Make no mistake. Bring this ad. with you.

WORDS OF PRAISE FROM A SUFFERER OF ASTHMA



MRS. W. D. LEWIS,
227½ South Figueroa Street.

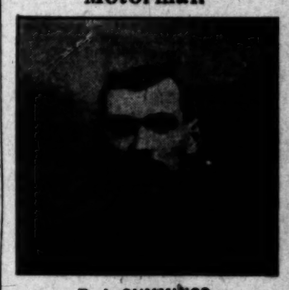
Mrs. W. D. Lewis, living at 227½ South Figueroa street, voluntarily testifies regarding the treatment and cure of her own case at the Los Angeles Medical Inst. Recently she said, in substance: "I have been a terrible sufferer from asthma for a long time. I could not sleep nights; was weak, had no appetite, and, in short, I was a very sick woman. The specialists of the Los Angeles Institute convinced me from the first treatment that they understood my case, and my progress and recovery was more than satisfactory. My cough is all gone. I sleep fine, and all evidence of lung trouble has disappeared. I am astonished myself at the improvement, and cannot say enough in praise of the Los Angeles Medical Institute."

OUR SPECIALTIES

Include:

Catarrh, Asthma, Bronchitis, Deafness, Ear Noises, Rheumatism, Blood Disease, Catarrh in any form, Chronic Kidney Disease, Chronic Stomach Disease and Diseases of the Nervous System.

A Well-Known Motorman



F. J. CUMMINGS,
805 East Fifth Street.

Mr. Cummings is one of the best known motormen employed by the Los Angeles Street Railway Company. In speaking with the writer a few days ago, Mr. Cummings made the following voluntary statement:

"My progress and recovery under the care of the specialists of the Los Angeles Institute has been more than satisfactory. When I first consulted with these doctors I was suffering from a severe case of catarrh and bronchitis. I was coughing all the time, and spitting up a great deal from my throat; was losing in weight and feared that my lungs were affected. The way I improved is remarkable. I am fully able to do a day's work, cough all gone, apoetite good and I feel fine. I certainly can recommend these doctors."

Write for Symptom Blank

If you live at a distance, write for free symptom blank and be cured at tome.

One Word of Warning

The many cures and great success we have had has led to many false attempts to imitate our methods and style of advertising. We have no branch offices. Cut this ad. out and bring it with you.

Special Notice

In order to accommodate business people our offices are open during the noon hour and evenings. Bring this ad.

Office Hours: 9 to 12 a. m.; 1 to 5 p. m. Evenings, 6 to 8. Sundays, 9 to 12 m.

THE CITY IN BRIEF

NEWS AND BUSINESS.

Dead Near Syracuse.

Mrs. Sarah Eaton, mother of Louis Rogers of this city, died yesterday near Syracuse, N. Y., according to a special dispatch received here last night.

Cars Collide.

A University electric car collided with a Santa Monica car at Tenth and Hill streets last evening. The rear of the vestibule of the Santa Monica car was smashed and the steps torn away. No one was injured.

Dog Bites Boy.

Charles Goldsmith, a 10-year-old boy, was badly bitten at Orange and Lucas streets last evening by a dog which several boys set upon him as he was riding his wheel. The boy was taken to the Receiving Hospital where surgeons cauterized the wound.

Union League Ladies' Night.

The monthly dinner of the Union League will be held tonight in the banqueting hall of the club. It is also ladies' night, and a large attendance is expected. The speaker of the evening will be Rev. Robert J. Burdette, who has recently been elected a member of the club.

Chinaman Held Up.

As Chum Sin was coming to town early yesterday morning from Fruitland he was robbed by a highwayman with a red handkerchief over his face. The fellow hit Chum Sin a terrific blow on the left eye, and then went through his clothes, secured $2, and made off. The Chinaman informed the Sheriff's office, but there is no clew to his assailant.

For Gen. Alberger.

At the reception to be given by the several posts of the G.A.R. to Department Commander William C. Alberger, which will be held tomorrow night at Blanchard Hall, an interesting programme will be presented, after which those present desiring to meet the guest of the evening will have the opportunity afforded in an informal way.

Bruised and in Barn.

J. Ceshan was taken to the Receiving Hospital last evening after he had lain for a day in J. W. Maddox's barn at No. 2320 West Pico street, suffering from severe bruises on the body. He had been hurt by a falling door, and Maddox had given him shelter in the stable. Last evening Maddox notified the Central Station of the man's injuries.

Too Many Pills.

Juan Hernandez took twenty digitalis pills in one day for heart trouble and nearly died in the Arcade Depot last evening. The first dose did not give instant relief, and he kept swallowing pills until he collapsed, just as he was about to take a train for an Arizona construction camp. At the Receiving Hospital the doctors saved his life by administering antidotes.

We Boys' Installation.

"We Boys" Society of the First M. E. Church Sunday-school, at its business meeting, installed Herbert Eccleston as president; Robert Allen, vice-president; George Christensen, recording secretary; Wayne Yarick, corresponding secretary; Charles McCully, treasurer; Perren Heaverin, editor; Frank Cretcher, recordkeeper; Jay Tinney, sergeant-at-arms. Half an hour was devoted to refreshments and an informal social time.

Saves Money, Risks Life.

Chong Fong saved his money, but almost lost his life, early yesterday morning. While driving his wagon along the county road near Fruitland a highwayman climbed on the box and struck him a vicious blow with a stick. The highwayman then jumped from the wagon and ran away. Chong may lose an eye. He was cared for at the Receiving Hospital. The thug wore a handkerchief over his face, but Fong says his assailant is a white man.

Thief Enters Front Door.

Carefully placing the door key under a flower pot on the front porch, Mrs. C. E. Martin left home on Tuesday with a feeling of security. She had probably been observed by the thief who entered the house later in the afternoon and stole $41. Mrs. Martin resides at No. 817 East Twenty-first street. She reported the robbery to the police yesterday. She said she is positive the thief entered the front door because the key was removed during her absence.

Loses Large Damage Suit.

The suit of W. Williams, a former employé of the Edison Electric Company, against that concern, for $25,000 damages for injuries sustained in June, 1905, was yesterday decided against him by Judge Wellborn, sitting in the United States District Court. Williams had contended that he was not told of the alleged dangerous character of the work he was to do while the company, through its attorneys, declared he had been fully informed and instructed.

Diocesan Memorial.

This morning at 10 o'clock a notable gathering will take place at St. Vibiana's Cathedral. It will be the diocesan memorial to the late Archbishop Montgomery, formerly Bishop of the Diocese of Monterey and Los Angeles. Every priest in this diocese has been invited by Bishop Conaty to be in attendance, and it is expected that fully 100 priests will be in the sanctuary when the services begin this morning. There will be a solemn high mass of requiem, with Mgr. P. Harnett, V. G., as celebrant, and the sermon will be by Bishop Conaty, who returned yesterday from San Francisco, where he preached at the funeral services of the beloved Archbishop. Priests will be in attendance all the way from Madera to San Diego.

Man and Wife Drunk.

R. C. Dixon and his aged wife were found drunk under circumstances which lead the police to believe that they had been brought to this condition by a man who sought to rob them. A patrolman arrested the gray-haired couple on South Main street. From their rambling statements it appeared that the man had come from Pasadena in response to a telephone message to the effect that his wife was about to be robbed. The two dined with a stranger whose name they do not know. They say that they had a large amount of money in their possession but at the station none was found on them. The police suspect that the man with whom they dined secured the money.

CAUGHT IN THE FIRE.

Man Supposed to Have Set Match to His Sister's Grocery Store Arrested.

Arson is the charge against Livin Iannone, a Greek who lives in the rear of a grocery store at No. 2629 Central avenue. Iannone was caught in the act of stuffing inflammable material into an open window of the store, which is owned by his sister, Mrs. Lucia Saluzzo.

Flames were seen issuing from the rear of the place yesterday morning at 1:30 o'clock. Through the smoke the outline of a man was seen. He had a bunch of lighted papers in his hand. He was arrested at once by a passing patrolman. He was seriously burned. The man proved to be Iannone.

His correct name was not known until he was booked at the University Station. He pleaded to be allowed to go to the hospital and have his wounds dressed. He was cared for at the station. The loss to the store amounted to about $200.

Leonard Witt was found in the store helping himself to some of the stock. He was arrested and is held for trial.

Late yesterday afternoon Iannone was taken into Justice Rose's court and arraigned on a charge of arson. He is held under a $2000 bond, and will be given a preliminary examination at 10 o'clock Saturday morning.

REFINED YOUTH IS ASSASSIN.

Nobility Is Shocked to Learn That Launitz' Slayer Comes of Good Family.

ST. PETERSBURG, Jan. 16.—Consternation has been caused in governmental circles by the discovery that the assassin of Gen. Von der Launitz, late prefect of police, was the son of a prominent personage connected with the government and a member of an aristocratic family.

RAILWAY OVER RESERVATION?

WASHINGTON, Jan. 16.—[Exclusive Dispatch.] Senator Flint today introduced a bill granting a right of way through the San Pedro military reservation to the Los Angeles Inter-Urban Railway Company. The privilege is to be revocable by the Secretary of War on sixty days' notice. If the company doesn't remove the tracks and telegraph line the secretary is empowered to do so at the company's expense. The bill authorizes the collection of a reasonable recall on right of way.

BREVITIES.

We will give away, absolutely free, over 200 beautiful sheet pictures, consisting of colored facsimiles, etchings, photogravures, English and Dutch posters, etc., on condition that you order us to frame them at our usual low prices. LARGEST ORANGES GROWN THIS YEAR.

Unusual Size of Fruit Makes the Crop Equal Last Season's.

Shipments Slow, Owing to Natural Causes, but Briskness Coming—Twenty-two Thousand Carloads Going Out, Sixteen Million Dollars Coming to the Growers, Practically no Harm Done by Frost.

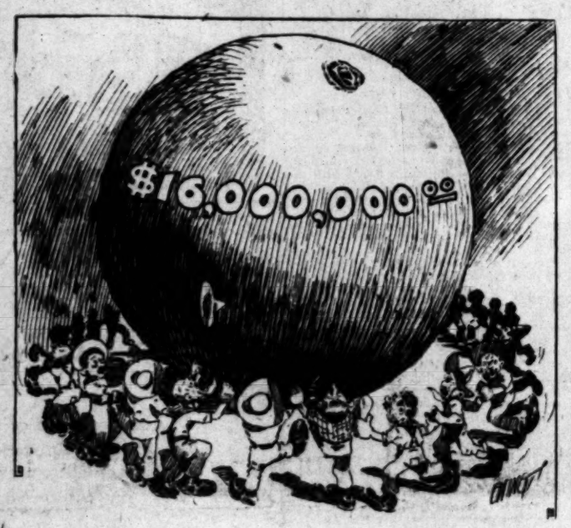
BY GEORGE W. BURTON.

SOUTHERN CALIFORNIA'S oranges this year are the largest ever grown, and the quality of the fruit is exceptionally fine.

The unusual size of the individual oranges will practically make up what was believed early in the season to be lacking in number of boxes and carloads, so the output may be about the same as last year in quantity.

Owing to several retarding influences, shipments have been light to date, but are expected now to "step lively." When it's all done, about twenty-two thousand carloads will have been placed in the hands of consumers.

Sixteen millions of dollars will come rolling in to the grower. He will make money this year, and his orchards are in fine condition for next season.



This year the Southern California orange is the largest ever grown, and the lucky orchardists will have about as many boxes as last year. This picture shows what's coming to them in return.

The shipments of oranges from here to this date number 2025 carloads. Eliminating the question of the lemons, as is done above, at the present time the shortage in shipments this year compared with last is 1994 carloads.

This morning there are not fewer cars of oranges to ship to market than there were on the corresponding day a year ago. Early in the season all estimates pointed to a shortage in the total crop in California amounting to several thousand carloads compared with last year. Careful estimates made a little after the season opened, about the first of last month, seemed to point to a crop of practically the same volume in boxes, carloads or tonnage as a year ago. This change of view was brought about by the unusual size of the fruit.

Several things are responsible for the deficit in shipments to the present time. Until after the opening of the new year the fruit was of a very pale color, more immature than in former Novembers and Decembers, and less fit for market. Then there came difficulty about obtaining refrigerator cars during the whole season since the opening on November 1, which has retarded the marketing of fruit fairly ripe. Another influence in keeping back shipment was the more abundant apple crop at the East than a year ago, resulting in less demand for our more or less unripe oranges. Lastly, the rains of January, amounting to about nine out of the sixteen days of the month, so far, prevented picking as rapidly as growers and shippers would like, in view of an excellent demand existing at the East.

In order to ascertain the situation with as much exactness as possible, The Times this week sent me into most of the more important centers of orange growing. I interviewed many exchange managers; independent shippers and growers. The views of these persons coincide more nearly on all points than is usually the case.

NEARLY EQUAL TO LAST YEAR.

Taking up the matter of volume of the crop, the general impression of all interviewed is that there are about as many carloads in California today as there were on the corresponding date last year. The only divergence of views found was a person here and there who thinks his own district will show a little shortage. To offset this are others who think their own orchards and those of many of their neighbors, on account of the large size to which the fruit is running, will show a little in excess in boxes, carloads and tonnage over a year ago.

Some went so far as to express the opinion that there are enough oranges in the State today to quite make up for the deficit in shipments up to date as compared with the same time a year ago. If their view is correct there are 2000 carloads more today than on the corresponding day in 1906. Of course this is all more or less accurate or inaccurate guesswork, as you think best to use the adverb. The most conservative conclusion seems to be that of the managers of the central exchanges here, and of many of the largest independent shippers, that the total shipments for the entire season are likely to fall a little short, leading to the view that the crop to be marketed from this on to the end of the season is practically the same in volume of carloads as during the corresponding period of last year.

FROSTS DO LITTLE DAMAGE.

There were two severe snaps of frost during this season, the first in November, the second during the earlier part of this month. Speaking generally, these frosts resulted in no damage whatever to the crop. There is no divergence of view upon this point. At the same time it is conceded that here and there over very small areas in low basins, there was a little nipping of the tenderest shoots of new growth, and possibly occasionally a little of the more exposed fruit got a bit frosted. There are many sections of the valley where the best informed persons insist that the groves escaped entirely free from any touch of frost, even to the extent of a few boxes of oranges. The growers in localities where trifling damage is frankly acknowledged smile with a little incredulity when they hear of some section where all frost affect is denied. At the worst, the matter is unworthy of serious discussion.

A good many growers think the most damage was done in the first cold snap in November. The weather at that time was dry and a good many growers wishing to save the expense of irrigation waited for the rain, and the trees and the ground around them were in a parched condition. This exposed the fruit more than usual to the effect of the frost. In the cold snap this month the ground was so thoroughly soaked with water and even the trees drenched that the latent heat given out by the evaporating moisture prevented any freezing of the fruit except in small areas in the lowest basins or in little spots particularly exposed to mountain currents of cold air.

After a careful personal examination of the situation, I reached the conclusion given me by the growers and shippers. I visited miles of orchard, in low places, too, away down in such localities as the lower end of Magnolia avenue at Riverside. The frost has in times past so affected fruit and even trees in the lowest spots here that the owners have grubbed the trees out and turned the land into alfalfa. Even here the tenderest growth on the tops of th eyoungest trees barely showed the least effect of the cold. More than this, between the rows of trees where the growers have sowed peas very liberally, the pea vines are half a foot high, and they show not the slightest sign of frosts. Now the pea vine is vastly more susceptible to the influence of cold than the newest growth upon young orange trees. It is said that the morning after the coldest night in January, when the thermometer was several degrees below the freezing point, and that for several continuous hours, these pea vines in the morning were frozen, but the abundant moisture around them and the overcast condition of the skies following the cold snap, the absence of sunshine, and the gradual thawing of these vines, caused them to come out as fresh and vigorous as if never touched. This, to my eyes, is absolute proof that the damage to the orange crop is of the slightest.

FRUIT LARGEST EVER.

One of the most interesting points about the crop is as to the size of the fruit. Here is an exact record of twenty-nine carloads shipped recently: Of oranges running 80 to the box there were 190 boxes; 96 to the box, 1064 boxes; 112 to the box, 646 boxes; 126 to the bo, 5339 boxes; 150 to the box, 4740; 176s, 2149; 200s, 345; 216s, 124; 250s, 17; 288s, 4. These were all shipped from East Highland. It will be noted that the large sizes run into many more boxes than usual, the average sizes into less than usual, and the smaller sizes away below what is usual. It is generally conceded that the sizes will run at least two larger for the average crop than usual—and about the largest ever.

Up to this time the excessively large average sizes of the crop has had no depressing influence upon the eastern markets. The supply of oranges since these large sizes have gone forward has been so very moderate that it is a case of "oranges is oranges." The dealers seem glad to get anything in the way of a good orange just at present, but when the heavy rush of fruit

(Continued on Eighth Page.)

THIS PIONEER IS LOST.

Saw Old Los Angeles in 'Forty-eight, and Now Can Find Only the Plaza.

H. E. Gibson, one of the old residents of Utah, is on a visit to his daughter, Mrs. L. H. Eddy, of this city. Gibson was in Los Angeles in 1848, and has not been here since.

About all he could find yesterday of the town of more than a half-century ago is the Plaza, and even that has undergone many changes. "Fort Hill," now covered with fine residences, has "grown" out of his recollection, also. In taking a walk over the new city the pioneer, now 80 years of age, really became lost and had to return to the Plaza to get his "bearings."

Gibson has a good memory, and a chat with him seems like a leaf out of the history of the past. In fact, it is, for he is one of the pioneers who made history. He came to Southern California at that early day with a company of emigrants known as the "Flash Emigrant Colony." The object was to establish Mormon settlements in California. The Cucamonga rancho was selected. It comprised nine leagues, and this, with 80,000 cattle, was offered to them for $200,000. They could not raise the money, and finally selected the spot where now is San Bernardino, where the descendants of these colonists still live.

When Brigham Young was appointed Governor of the Territory of Utah Gibson secured a New York newspaper containing the announcement, which had come by way of Panama, and carried the newspaper to Utah, "scooping" all couriers and mail riders. Accordingly, Brigham Young put the territorial government in motion a few months before the official appointment was received.

Gibson says that when he arrived in Los Angeles land was "dirt cheap." He stood at the Plaza and read signs offering whole blocks at from $500 to $1000.

HAS THE DEVIL IN HIM.

Preacher's Accuser Confesses to Harboring Satan and Declares His Charges False.

Men, ere this, have felt like the devil; but George E. Thompson claims that the Satanic Majesty is actually in him. It weighed on him so that he had to write to The Times about it yesterday.

Thompson is a Middle Western farmer, who has been one of the persons engaged in sending letters to Rev. Mr. Bedient of this city calling him a rattlesnake, the Devil-in-person, a toad, a tape worm, and other unpleasant things.

Since thinking it over, Thompson has decided that Bedient is not the devil; he says the devil is in himself instead of Bedient.

He sent the following remarkable document to The Times yesterday:

To the Public and All the Newspapers for Publication:

I wish to confess my wrong and sin and justify Rev. John A. Bedient of No. 1057 Jasmine street, Los Angeles, Cal., as far as lies in my power for saying that the devil is in him in a circular letter signed by myself, my daughter, Eva B. Thompson, and Miss Myrtel D. Clark, while I was living on the farm in Shakopee, Scott county, Minn., and as I verily believe, as Mr. Bedient said: "That God is in all men who do God's will," and as Mr. Bedient says of himself that God is in him, and as I believe what Mr. Bedient says, namely: "That if any man will do God's will, God is in him." And as Mr. Bedient has further said: "If any man will confess, God will forgive," I believe God.

So I confess that the devil is in myself, and all I have said against Mr. Bedient is false.

[Signed] GEORGE E. THOMPSON.

"BUTTONS" IS SHOT.

Valuable Bulldog Wounded by Supposed Would-be Burglar—Victim Rushed to Hospital.

"Buttons," the famous $200 bulldog of Leo J. Levy, a South Main-street market-man, is the victim of a pistol-shot wound, inflicted by a would-be burglar, early yesterday morning.

When "Buttons" was discovered in a wounded state, he was rushed to the dog hospital with all haste, and there received the most careful treatment. Last night that dog of high degree was removed to the home of his master, No. 1040 Lincoln street, where he received consideration enough to turn the head of any dog but a real thoroughbred.

"Buttons" has a bullet wound that ranges down from his neck to his breastbone. It is feared one of his lungs were cut by the missle in its course. The dog's collar was cut clean in two by the shot.

The dog, which is a great favorite with friends of Levy, followed George Armbuster, a meat wagon driver, on Tuesday evening, and when the man turned in with his wagon for the night at No. 1041 Valencia street, he cared for the dog by shutting it up in the barn on the premises.

After midnight, yesterday morning, neighbors heard a great commotion at the barn. The dog was furious, and barked wildly; then there rang out three shots, and a man was seen slinking away from the barn.

Investigation followed at once, and it was found that one of the shots had taken effect. It is believed that the man was hidden in the barn when the dog was placed there, and that his plans for robbery were thus frustrated. Doubtless, when he attempted to escape, the dog attacked him, and he then decided to shoot the animal.

Levy thinks his dog will recover, but he is anxious to get track of the miscreant who wounded him, and he offers a reward for any information which will lead to the arrest and conviction of the fellow.

MAPLE-AVENUE PROFIT.

Lot Sells for Fifty-four Thousand Dollars—Money Invested in Flower-street Flats.

W. M. Garland & Co. report the sale of 90x125 feet on the west side of Maple avenue between East Sixth and East Seventh streets for J. W. Wilkinson to R. G. Beebe, for $54,000. This property was sold about December 15 by R. F. Vogel to Wilkinson, representing a syndicate, for $50,000.

W. H. Allen & Son report the following sale closed yesterday through their offices. John H. Roberts buys of Albert Cohn, a lot 50x155 feet to alley on the east side of Flower street, 200 feet north of Sixteenth street. Price paid $12,000. Flats are on the property and Mr. Roberts bought for a permanent income property.

MASS FOR LATE ARCHBISHOP.

A solemn high requiem mass, for the repose of the soul of the late Archbishop Montgomery, will be celebrated in St. Mary's Catholic Church, Boyle Heights, at 9 o'clock tomorrow morning.

DEACON HELD CHICKEN SACK.

Police Hurt His Feelings, He Seek Redress.

Strange Question Raised in Justice Court.

Colored Brother Declares He Was Abused.

Is a colored deacon, accompanied by three chickens in a sack, to be construed as a symptom that there's stealing going on? 'Specially when somebody says they are his chickens?

This question was referred to Justice Pierce yesterday for decision.

Deacon Dunston's feelings were outraged because two police officers arrested him in these circumstances. He demands damages from them.

The deacon says about $299 would patch up the laceration to his wounded sensibilities. The defendants, against whom he complains, are Police Lieutenant Lenhausen and Patrolman Hackett.

Lenhausen was stalking majestically along Main street when an excited German rushed up to him and entreated him to come to the rescue of his chickens, which he said had been kidnaped by a colored person.

The police lieutenant followed him to the Hughes Market, where three lonely-looking chickens in a coop greeted the German with a sad and melancholy smile of welcome.

It seems that Deacon Dunston, who erstwhile preaches on the street, is also proprietor of a stall in the Hughes Market.

"Where did you get those chickens?" asked the police dignitary, with official severity.

DEACON'S REPLY TART.

"Ah dunno as I got any call fo' to tell whar I got them chickens," said the deacon, tartly. "If you all want dem chickens, you all kin have 'em fo' 75 cents apiece. Ah dunno nothin' about no stolen chickens."

Lieut. Lenhausen was then reinforced by Patrolman Hackett, whom he instructed to telephone to the Central Station and have Patrolman Glenn sent to the scene—he being one the colored officers on the force, and an expert on chickens.

"Well, this hyar's my busy day," said the deacon, nervously. He began gathering up the chickens into a sack and making for the back door. Whereupon Lenhausen and Hackett fell upon him, threw him to the floor and handcuffed him. In the fracas several dozen eggs were spattered over the floor and smashed; fruit and vegetables were scattered, and the deacon says his feelings were done ruined entirely.

They took him to jail for trial, and he was promptly and triumphantly acquitted.

While he was receiving the congratulations of his friends in the courtroom, the German added insult to injury by carrying off the chickens, which had been brought in, squawking, as evidence.

HE SEEKS DAMAGES.

This was too much, and the deacon joined all hands as defendants in a suit for damages.

He looked like an offended thundercloud when he went into Justice Pierce's court, yesterday, and took the witness stand to tell of his wrongs.

"Yass'r," he said, with a bow to the court, "Ah had these hyar chickens in a coop when a lady she come along and said they were her chickens. I asked her was she the German's lady, and she said she was; so I tol' her

(Continued on Eleventh Page.)

STORE FOR DOING GOOD.

Church Women Start Unique Concern to Help Poor Children in the Slum District.

A remarkable store is to be started soon in Los Angeles, the first of its kind ever known here as a separate enterprise. Unlike every other place of business in the city it is not to be conducted to make money, and likewise it will not be run to make paupers.

This original scheme is to benefit the poor in the district that radiates from the Utah-street school. The store will be at No. 1300½ Kearney street, and its stock in trade will consist of clothing, new and second hand, shoes, and again shoes, and every necessity of life that can be secured by a philanthropic band of women and put on sale for a nominal sum, to be in reach of the pocketbooks of the vicinity.

The women of the First Unitarian Church have the project in hand. They will not seek to teach religion. "God knows," said one lady, "they have enough religion, but not enough clothes." They will seek through this store to do much toward relieving the dire want and poverty that stalks there. Even a penny will have a purchasing value at this place and 5 and 10 cents will be welcomed as much as the almighty dollar in other parts of the city.

For a long time the little school children who have presented such pathetic spectacles at the Utah-street school have been clothed to a great extent by the principal and the teachers who have worked to secure contributions and have numberless times gone down in their own pockets to relieve want.

Yesterday when people were shivering with the cold and the rain was dashing down at intervals, one poor little girl at this school came clad in a thin old calico dress, and a man's old coat over it. Her feet were bare, full of sores, and bleeding. And this little girl is only one of many, many such cases that may be seen in that section of the city almost any day.

The large-hearted women in charge of this store have already a small stock of goods. One of their number will be on hand this afternoon at No. 1300½ Kearney street from 2 o'clock on.

This is the way the wicked, meddling policemen of Los Angeles are said to treat inoffensive colored gentlemen found with chickens in their possession. Deacon Dunton, who is suing two officers for damages, yesterday told the court that he was abused about like the man here pictured.

UNIQUE LIBRARY PLAN.

Woman's Organization Circulates Free Literature in the Southern Part of the City.

A unique free circulating-library scheme has been evolved by the Woodlawn W.C.T.U., of which Mrs. C. A. Cale, No. 3737 Adair street, is president.

The members of the library are divided into groups of not more than thirty persons, and a carrier boy is assigned to each group. The carrier leaves a paper with the first member of the group; calls the next day and takes it to number two, leaving another in its stead. Thus each evening he starts out with a fresh paper, and exchanges all the way down the line, returning to headquarters with the one collected from the last person in the group, and which is now thirty days old. On the same plan, a new magazine is started out each Monday evening, and permitted to remain with each member one week, while a bound volume goes out on the first day of each month, and is left with each member one month. Contributions of money and books are solicited by Mrs. Cale to carry on the work.

DRUGGIST SAVES HER.

Woman Takes Boric Acid, Thinking It Morphine, to Kill Herself—Crying on Street.

Strange circumstances surround Juana Bosca's attempt at suicide on South Main street, near Ninth, last evening. She was lost, crying, and taking a white powder which she thought was poison. She was sent to the Receiving Hospital, where it was found that the powder was only boracic acid. She refused to give any account of herself.

The police learned that early in the evening she went to a North Main-street drug store and tried to get morphine. The druggist did not give her the drug because of her actions, but

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

F. J. Nicholson proposed to the Board of Public Works yesterday to collect garbage, carry it beyond the ten-mile limit, and dump it in the high seas; he says he can save the city $1000 a month.

Councilman Lyons will make the first move this morning in his proposed investigation of local fuel conditions.

The Civil Service Board has achieved sudden popularity in municipal circles by settling four knotty cases concerning department squabbles without dismissing a man.

Mrs. Selma Lewis was yesterday awarded judgment by Judge Monroe for 50,000 shares of San Pedro Salt Company stock, in her suit against J. S. Dunn and his two sons.

The suit for heavy damages begun by the A. Fusenot Company against Homer Laughlin is on trial before Judge Houser and a jury. The action arises from delays incident to the alterations in the Laughlin Building, the present home of the firm.

In the contest for the office of Coroner the counting of ballots has been abandoned and the matter of double-circling is to be argued again today on demurrer, and then an appeal to the District Court of Appeals will follow.

The first of a series of cases by which the police hope to drive the small army of fortune-telling fakers from the city was tried in the police court yesterday, and resulted in the conviction of a Hindoo who has been victimizing superstitious women.

John Benjamin sat calmly in Justice Rose's court yesterday and heard J. W. Avis testify that he had spent $80 "entertaining" Mrs. Benjamin.

AT THE CITY HALL.

OCEAN BATH FOR GARBAGE.

PROPOSAL TO CARRY REFUSE TO HIGH SEAS.

City Tires of Costly Municipal Experiment—Private Contractors Offer to Cut Expense of Collecting and Destroying Waste in Half—The Board of Public Works Willing.

A ray of hope dawned yesterday through the gloom of the garbage situation. Frederick J. Nicholson, a local real estate dealer and contractor, proposed to the board to gather the city's waste, carry it out ten miles to sea and dump it into the ocean. He says that he can save the city at least $1000 a month.

"We shall be pleased to receive any proposal that is likely to lessen the cost of garbage collection and destruction," said Chairman Anderson. Mr. Nicholson said that he will present his proposal in writing next Monday.

Three years ago garbage was collected and destroyed by private contractors. For this service the city paid $1750 a month. But it was a notorious fact that the contractors attended more assiduously to local politics than to garbage collection. They were long on political influence, but short on teams and men.

Then came the movement for a municipal garbage incineration and collection by the city direct. Caring for the city's waste was placed under the jurisdiction of the Board of Public Works, that politics might be eliminated.

The city contracted to pay $75,000 for an incinerator. It leased teams and suitable wagons from local contractors and started to collect and dispose of refuse by direct labor.

The semi-annual report of the City Auditor shows that for the first six months of this year the cost of garbage collection and destruction has been more than $5000 a month. Yet complaint is made that in some districts garbage is still uncollected.

Mr. Nicholson says that he is prepared to take the garbage to one of the near-by beaches and carry it out ten miles beyond the breakers. "If it is taken out that far," said Nicholson, "it will not wash back to the shore. The outgoing tide will carry it away easier than the incoming one can bring it ashore."

Incineration of waste is proving a costly experiment. The best showing the local force has been able to make is to burn the garbage for 75 cents a ton. This is the average for last month; at times the cost has been as great as $1 a ton. Contractors profess to believe that this is excessively high. There have been numerous offers to incinerate the waste for 50 cents a ton. At one time the Decarie Company offered to make a contract at the rate of 35 cents a ton.

Foreman Allen, in charge of the incinerator force, told the board Monday that the present process of collection and destruction of waste is both expensive and unsatisfactory. "If the board will entertain a proposal from me to care for the refuse," said Allen, "I will sign a contract and give a cash bond to dispose of all the refuse for just one-half the present expense."

Commissioners of the Board of Public Works are not purblind on the question of municipal ownership. They will recommend any proposal to collect and dispose of the waste that will lessen the cost and lighten the burden of the Department of Public Works.

At present the condition is this: The city has paid about $80,000 for a municipal incinerator; the cost of collecting and destroying the refuse is three times what it was under a private contract, and private contractors are offering to perform the work for half what it is costing the city by direct labor.

All the city employés connected with the garbage department are civil service men, the city owns its incinerator, the department is under the Board of Public Works and there is not even a suspicion of politics or nepotism—but a private contractor is offering to save the city $30,000 a year on the contract.

ROAR FROM LYONS.

WOULD FIGHT GAS COMPANY.

Chairman Lyons of the Gas and Light Committee is still girding his loins preparatory to his attack on the gas company. Yesterday he went to the Mayor's office to fortify himself with the moral support of the chief executive. On his official staff Lyons now has two expert machinists. He thinks these will be valuable aides when he is once within the company's plant.

Today has been set for the initial attack. Lyons lamented to a friend last night that he has been left to conduct his forlorn hope alone. Councilman Yonkin is ill at his home from cold and exposure—he blames the gas company—and Councilman Wallace prefers to manage his campaign from the City Hall.

But Lyons says he is going to investigate the gas situation if he has to go through the whole performance single-handed. The novelty of a Seventh Ward councilman fighting the gas company has brought Lyons into the limelight. To the company he looks like a lemon.

C. Ellis, an employé of the Home Telephone Company, has been proposed as one of the experts to report on the condition of the gas company's plant. R. McKay, an employé of the water department, may also occupy a place on Lyons's staff.

DOVE OF PEACE.

KINDLY CIVIL SERVICE.

The Civil Service Board is making an excellent record since the new year in reconciling contending factions in the municipal service. Four trials have been held; in each the verdict has been of such a nature as to send accuser and accused back to work together in seeming friendship.

Foreman Frankhouser in the electrical department was the accused in the first case. Frankhouser was charged with putting favorites in easy places to the extent of violating civil service rules. The board discovered that the charges were the outgrowth of a misinterpreted request made by Frankhouser of the Fire Board. S. L. Strock maintains his place at the head of the eligible list in the electrical department and the proposed examination for repairmen is cancelled.

W. A. Register and Police Captain Auble convinced the board that no violation of rules was intended when Register was appointed to a place as driver of a chaingang carriage. The commission decided to permit Register to draw his back pay for work performed; but he must wait his turn on the eligible list before going back on the wagon.

Nicholas Butterfield succeeded in convincing the board that his resignation from the street-flushing crew was the result of a misunderstanding of the civil service rules. He thought he was getting a leave of absence. Butterfield started to work on the outfall sewer but failed to make good with the superintendent and was dismissed. He protested and some harsh sounding charges were made. Yesterday Butterfield received permission from the Civil Service Board to go back to work in the street department and the charges exploded without doing any particular damage or making much noise.

C. F. Derby, superintendent of the old outfall sewer, is not yet entirely happy. The Civil Service Board has asked Butterfield to submit some of his charges in the form of a regular complaint. Butterfield has taken this under advisement. Derby says that he can easily disprove them all, but a civil service trial is something that no city employé, however efficient, cares to undergo.

MAY ABROGATE CONTRACT.

THINKS COST EXCESSIVE.

Chairman Wallace of the Council Finance Committee and City Auditor Musbet are investigating quietly the dead animal contract. They find that if the canine mortality for December continues for five months the city will become a feline paradise with not a dog in it.

Mr. Wallace said yesterday afternoon that the Finance Committee may recommend to the Council the abrogation of the contract. The City Auditor has declined to approve the December demand; he thinks the claims should be itemized and that there should be some showing of ears, scalps or tails.

Attorney Dockweiler, representing the contractors, sprung a surprise yesterday afternoon by asserting that his company will not oppose abrogating the contract; he says the contractor is losing money and would be pleased to secure a release from his $1000 bond.

AT THE COURTHOUSE.

ALL LETTERS BARRED OUT.

MRS. LEWIS WINS SUIT AGAINST THE DUNNS.

But It Is Only Partial Victory. Gets Half of Hundred Thousand Shares of Stock Asked for—Witness Refers to Difference Between Catching and Landing a Sucker.

Mrs. Selma Lewis yesterday won a partial victory in her suit against J. S. Dunn and his two sons to recover 100,000 shares of San Pedro Salt Company stock. Judge Monroe cut the arguments of the attorneys short and gave judgment for Mrs. Lewis for 50,000 shares. The court held that the first block of 50,000 shares was transferred in a sale, but that the second block was given as a pledge.

All the letters about the good time the Dunns and Lewises had together at Catalina during the summer of 1903 were barred out by the court. The briefest allusion to that time was made during the examination of I. L. Dunn, who described a rather doleful ride with Mrs. Lewis and her daughter from the Dunn home at Long Beach to the salt works. He said that she opened the conversation.

"They have been telling us wonderful things you are doing here," Mrs. Lewis was reported as saying.

"There's nothing wonderful in selling salt at $5.50 f.o.b. at Los Angeles that costs $11.50 to mill," young Dunn said he answered.

A little later Mrs. Lewis remarked, the witness said:

"Oh, Mr. Dunn, I'll help you to sell salt, and get this thing in better condition. I have some dear friends that I think I can interest in the company."

The witness said that he replied: "Woman, this is what you have brought me to. I haven't even money to buy my children clothing."

"Well, I'm not to blame for that," was the alleged response. "I had nothing to do with the salt company. That our shares of stock I had was only to allow me to help in the organization of the company."

The witness said that he then made a remark to the effect that her husband ought to be in the penitentiary. Mrs. Lewis was quoted at repiying:

"No, he can't be in the penitentiary. You have left it too long. I found that out from an attorney yesterday."

"Well," young Dunn said he answered, "Mrs. Lewis, you may have suckers on the string and when you start fishing for suckers at Ocean Park you got a sucker, all right, but you haven't landed him yet."

About five months ago, the witness said, Mrs. Lewis called upon him, opened her pocketbook and produced from it a pebble.

"Mr. Dunn," she said, "you don't know what this means."

"It was the Catalina business," said the witness, "and I said: 'I don't know anything about it, but I do know you as a married woman, mother of three children, and wife of Meyer Lewis. If you have anything to talk about you had better take your attorney and go to our attorney.'"

"Well, Mr. Dunn," Mrs. Lewis was said to have replied, "if you understood what this meant and what was coming out, I think that we could get together on the matter."

In rebuttal Mrs. Lewis took the stand and produced the pebble referred to. It was a memento given to her, according to Mrs. Lewis's story, by Orton Dunn when she recovered a ring of his under romantic circumstances. The friendly feeling then engendered was largely responsible, she contended, for her placing unlimited faith in his promise to befriend her and her family.

MRS. CRESSEY INSANE?

DOCTOR SAYS HE THINKS SO.

There was a warm contest between opposing attorneys in the guardianship matter of Mrs. Nellie E. Cressey yesterday. Counsel for Capt. Cressey objected most strenuously to permitting Dr. W. W. Richardson to tell what opinion he formed regarding Mrs. Cressey. Arguments on this point occupied the attention of Judge Wilbur for some hours, and then the objection was sustained. Attorney George P. Adams, however, contrived to get the doctor's opinion before the court in another way.

Dr. Richardson lives close to the Cressey home, and he rushed over there on the night of the fire to be of assistance. The fire occurred on December 10, 1905, the day of Capt. Cressey's marriage to the well-to-do widow. Dr. Richardson was going upstairs to aid in removing valuables to a place of safety. It was alleged that Mrs. Cressey objected, saying that she never had been introduced to him, and that it would be improper for a perfect stranger to go upstairs. After her scruples had been removed by a formal introduction, she insisted, it was testified, that the doctor accompany her into the reception-room and be presented to her guests, although the flames were crackling overhead.

Dr. Richardson said that he had in the first instance formed the opinion that Mrs. Cressey was peculiar, but that after meeting her on the night of the fire and one other time, he arrived at the conclusion that she was insane.

FUSENOT COMPANY SUES.

TROUBLE OVER NEW QUARTERS.

The heavy damage suit of the A. Fusenot Company, which carries on business at the Ville de Paris, against Homer Laughlin to recover $74,000 as damages is being tried before Judge Houser and a jury in Department Nine.

The action arises out of the removal of the Broadway firm from its old to its new quarters in the Laughlin building. Under the contract the Fusenot Company was to have had possession in August, 1905, but only partial possession was obtained about a month later and full possession not until the following January.

By this delay the plaintiff claims a large amount as damages for carrying over a very large stock of goods, additional salaries that had to be paid without return in service, and extra expenditures for insurance and storage.

Lowenthal and Denis are appearing for the plaintiff, while Lynn Helm and H. Sterry are for the defense.

BOOTH MAY APPEAL.

BALLOT COUNTING ENDED.

By consent, the counting of the ballots in the contest for the office of Coroner by Dr. James P. Booth has been abandoned. Unless Dr. Booth can secure a reversal of the decision of Judge West in the matter of "double circling," he cannot hope to win.

It has been decided to place reliance on the throwing out of the Non-Partisan ballots, and on that issue fight the matter out. The point is raised by the demurrer interposed, and this afternoon the matter will again be argued before Judge West. As the court has twice decided the question, it is improbable that Judge West will sustain the demurrer. If he does not, the matter will be taken to the District Court of Appeals. If the court should sustain the demurrer, then the other side will appeal.

The official tellers were paid off, yesterday, Dr. Booth paying one-fourth of the costs of the contest up to the time that Milton Young withdrew, and the entire expense from that time to date.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

BOWERS ESTATE. H. C. Bowers yesterday petitioned for letters in the estate of Stephen Bowers, who died on January 5. There is cash in the bank amounting to $1300, and real estate brings the total value of the property to $2420. The widow and three children are the heirs at law.

SENT TO PATTON. Henry Gearhart, a laboring man of Sierra Madre, was yesterday committed to the State Hospital by Judge Rives.

WILL ARBITRATE. John J. Colt and the Abbot Kinney Company are at odds over the miniature railroad at Venice. Both sides have consented to leave their differences to arbitrators, H. R. Hanna and Patrick Sheedy, being selected, chose ex-Judge W. M. York as the third.

WANTS DAMAGES. Frank Eastman is suing G. A. Peterson to recover $5050 as damages for alleged malicious prosecution. Eastman was arrested and charged at Pasadena with disturbing the peace, but the case was dismissed by Justice MacDonald. Eastman claims that Peterson, at whose instance he was arrested, acted without probable cause.

PLEADS GUILTY. Oscar E. Kelly yesterday pleaded guilty to obtaining goods under false pretenses, and was sentenced to San Quentin for one year. Kelly went to a wholesale house and represented himself as "Mr. Alexander" of a dry goods house at Oro Grande. He ordered a bill of goods and took away with him two rolls of silk for family use, as he explained.

ASKS MAINTENANCE. Eva Morgan, who resides at No. 121 South Bunker Hill avenue, is suing her husband, Aaron Morgan, for separate maintenance. The parties were married in England in 1889, and there are two children. The wife alleges that she suffered such cruelty from her husband that she obtained a legal separation in England, with an allowance of $5 a week. Later a reconciliation took place and the family came to this country. The wife alleges that her husband's conduct has again become unbearable and that she desires to live apart. He is a rug salesman and makes, she alleges, from $500 to $600 a month, and has $4600 in the bank, with about $1000 worth of stock at his home.

Headaches and Neuralgia from Colds.

Laxative Bromo Quinine, the world-wide cold and grip remedy, removes cause. Call for full name. Look for signature, E. W. Grove. 25c. BOTH ADS NOT ON SAME PAGE

Times' New Year's Annual.

The Midwinter Number of The Times has had an unprecedented sale; more copies have been mailed away by enterprising Los Angeles citizens than ever before. It is a great missionary to send friends, and a thousand personal letters could not give them as much concise information about this great land of ours. It will aid the whole country if business men will send a copy to their customers and correspondents. Real estate dealers can help themselves in no better way than by supplying clients living at a distance with one of these great papers. Anybody, anywhere, will surely be delighted to receive a copy of these "Land of Sunshine" publications. Mail orders promptly filled.

Ravioli Day at the Europa.

Take your dinner at the Europa tonight. This is Ravioli day. 312 West Seventh street.

THE INFERIOR COURTS.

SPOOK FAKER FOUND GUILTY.

VICTIMS TESTIFY AGAINST HINDU MEDIUM.

Trial of "Spirit Prince" Attracts Great Attention and Girls Show Sympathy for Accused—Lonergan Case on Trial—Husband Smiles at Expose of Wife's Frailties.

Swami Dio Leo Mazzininando, "prince of spooks," was found guilty yesterday of practicing the "occult arts" without a license. Before a jury in Justice Chambers's court, Mazzininando gave startling testimony. He appears to be aged about 40 years. He said he is aged 80 years. That he is a faker was clearly proved by competent witnesses.

Several women admitted having been victimized by the defendant. The furnishings of his strange den were described and his peculiar "rites," practiced for the purpose of working upon the superstitions of the credulous, were shown up.

The accused said he is a Hindu "teacher." He says he is "unfolding the souls" of many people in Los Angeles. He admits he is doing it for pay.

More than a score of women sat in court all of yesterday and took special interest in the proceedings. They showed their faith in the defendant in various ways. There were many young girls present who also took an active interest. These were crowded close to the railing behind which the dreamer of dreams sat. They seemed to be anxious to bask in the smiles which he occasionally threw in their direction.

Prosecuting Attorney Eddy scored a strong point during the trial by forcing Mazzininando to admit he is one of an organization of mediums who are banded together for the purpose of evading a city ordinance. The faker became entangled under the hot fire of questions poured into him by Eddy and finally admitted he is a medium.

The jury was out for less than fifteen minutes and returned a verdict of guilty. Dio Leo will be sentenced this afternoon at 2 o'clock.

Rather Costly Fun.

John Benjamin sat in Justice Rose's courtroom yesterday morning and heard a dapper young man, John William Avis, testify that he had spent $80 "showing Mrs. Grace Benjamin a good time." The defendant is a boy of 20, and Mrs. Benjamin, who is slightly older, is the complaining witness. Avis is charged with carrying a concealed weapon. He is a sad-eyed youth who seems to feel keenly the loss of the money he says he has spent entertaining another man's wife. He was held under $50 bond and could not produce the money, so went to jail. His trial was set for Friday morning. After the hearing Mr. Benjamin danced attendance upon his young wife, and taking her jauntily by the arm, the couple sailed out of court. Neither seemed to feel there was anything unusual in the proceedings.

Jockey Falls Again.

Spencer Sutherland, once well known as a steeplechase jockey, is now facing a grand larceny charge. Justice Rose yesterday held him to answer under a $1500 bond. He will be examined on January 26.

The jockey is accused of stealing a gold watch and chain from S. E. Larson while the two were in a Broadway bath parlor. Sutherland was arrested while wearing the watch, it is said.

About three years ago Sutherland gained notoriety by figuring as principal in a bigamy trial. He was convicted and spent nearly two years in the penitentiary. He had married a young Visalia girl during an orgy in the Del Monte Café, and later he married a Los Angeles girl in spite of fierce opposition on the part of her parents.

Lonergan on Trial.

J. J. Lonergan, proprietor of the Imperial Café was on trial yesterday in Justice Rose's court on a charge of selling a poor, little quail. There is an accumulation of evidence in the case, which occupied the greater part of the afternoon. The hearing will be concluded this afternoon.

Spencer Escapes.

William Atwell of No. 834 West Seventh street caused the arrest of Frederick Spencer on a charge of disturbing the peace yesterday. Spencer was tried before Justice Rose and the charge against him was quickly dismissed for lack of evidence.

Mercy for Risden.

Though E. D. Risden went to the home of his wife, No. 730 Lamar street, and raised a "rough-house," he escaped, yesterday, with a suspended sentence of thirty days, after a trial in Justice Rose's court. Risden admitted that he was intoxicated at the time and promised to be good in the future. It was charged that he had called upon his wife, from whom he is separated, and had threatened to kill her. It was said that he had even gone so far as to stab her in the hand. Drink is said to be the cause of his downfall. He will be given a chance to reform.

On a Serious Charge.

For an alleged criminal assault on Mabel King, a pretty 13-year-old girl who lives at No. 839 East Twenty-ninth street, Earl Aldrich, aged 19, who lives in the same house, was obliged to face a serious charge yesterday. Justice Rose held the prisoner under a $2000 bond. Aldrich is employed by the Sunset Telephone Company. He will be examined Monday morning.

An Opportunity for Careful Investors

Newport Heights Acreage

Cheapest Land in Southern California

Newport Heights is a high plateau, almost perfectly level, with the lowest point over 70 ft. above the sea. It extends backward from Newport Bay for several miles and comprises over 13,000 acres of deep, rich, slightly sandy loam soil, very fertile and productive. It is subdivided into five-acre tracts with artesian water of the finest quality in abundance for all irrigation purposes, piped to each tract.

Deep Rich Soil
Abundance of Water

We are the owners of this property and are now placing these five-acre subdivisions on the market at $1500 each. One-fifth to be paid in cash and the balance in 6, 12, 18 and 24 month installments. 6% interest on deferred payments.

Considering the soil, water, location, and transportation facilities, this is the cheapest acreage in Southern California. Pacific Electric cars run every hour from Los Angeles.

Printed matter and full information may be had upon request.

JOINT RECEPTION PLANNED.

Spanish War Veterans of Southern California Prepare to Entertain Commander-in-Chief.

The forthcoming visit to this Coast of Capt. Hamilton Ward of Buffalo, N. Y., commander-in-chief of the Spanish War veterans, will be made the occasion of a large gathering of members of the order in this city. A joint reception by representatives of all the camps of the order in Southern California is being arranged, and it is probable that several hundred delegates from various near-by cities will come to Los Angeles to greet their commanding officer. The exact date of the proposed reception has not been fixed, for the reason that it is not known what day Capt. Ward will arrive here. Committees from the various camps are preparing a programme for his entertainment, which will cover several days. Roosevelt Camp, Spanish War Veterans, will hold a smoker this evening at its hall, No. 220½ South Main street, when details of the reception will be discussed.

THE OIL INDUSTRY.

TONOPAH IS IN NEED OF FUEL.

MINING MEN SEND TO LOS ANGELES FOR OIL.

Standard in San Francisco Has Refused to Supply Them—All Are Interested in Whether Trust Will Regain at Midway Its Losses at Coalinga—Potomac's Dividend.

A demand for fuel has reached Los Angeles from Tonopah, where shortage has been felt in coal. To fill the order may be an extremely difficult matter on account of the trouble in getting cars. Shipments would have to go via Sacramento and Reno. When asked why they did not apply to the Standard at San Francisco, the intending purchasers replied that they had done so and were informed that the trust could not supply their demand.

Tonopah is within the territory that was arbitrarily set aside two years ago for exclusive exploitation by coal barons to quiet their clamor at loss of other markets, as well as to save oil for California railroad use. Perhaps it was this, or perhaps shortage in supply, or perhaps both, that made the trust decline to fill the order.

STANDARD IN MIDWAY.

The authoritative announcement in The Times of the efforts of the Standard to draw the Midway operators into a one-sided contract which the trust will be enabled to recover from the blow it has just received at Coalinga and regain its weakening clutch on the State's industry, is a common topic of discussion wherever those interested in petroleum come together. The fear that the offer may be accepted is expressed by some, although the amount offered—25 cents—is about 40 per cent. less than what is being offered at Coalinga for "spot oil," and even less than the Associated pays for a lower grade at Kern. Its effect will undoubtedly be to save the Standard from much of the consequences of what may prove to be one of the hardest blows it has received in business in many a year, viz., the recent loss of control of Coalinga.

Today the Standard has no production of its own except at Newhall; there is no light oil at all at Kern and none to spare in other fields that can be bought at any such figure as 25 cents under a long contract. The Midway oil is of sufficiently high gravity to fill most of the Standard's wants. To supply six million barrels would require several years' output. That much better terms can be obtained by standing firm is a commonly expressed opinion; if not immediately, then in the very near future.

POTOMAC PAYS DIVIDEND.

The revival of prosperity in the oil business is once more evidenced by the reappearance this month of the Potomac Company of Bakersfield in the list of dividend payers. The amount to be disbursed is about $6000 at the rate of one-half of 1 per cent.

Since its organization this corporation, which is a member of the Producers' Agency at Bakersfield, has paid but one dividend and that was paid some three years ago. Its property is in a good part of the Kern River district, although one that has been invaded by water. It has been selling oil almost continually to the Standard or Associated, but the ruinous price hitherto barred the possibility of any payment being made. It underwent a change of management some months ago. Thomas Scott, an attorney of Bakersfield, is now president and John M. Dye, general manager.

STORAGE OR MARKET?

It is now being stated by Associated people that it is the intention to store much of the oil to be purchased under the contract with the Independent Agency. Among independents this is considered unlikely to be done to any extent, but if it should be done it may be accepted as further evidence of the good times ahead for producers and the increased demand, both present and future; as for what reason would any company raise its bid 50 per cent. to simply accumulate a surplus unless it anticipated a big market at greatly enhanced figures very quickly? As a matter of fact, few believe that much of the newly purchased oil will stay long in storage. It is wanted too much elsewhere.

ANNUAL MEETINGS.

The Mexican Petroleum stockholders' annual meeting, which was set for yesterday, was adjourned until the 25th inst., on account of the illness of Director C. A. Canfield, and the absence of President E. L. Doheny in Mexico.

The Union Oil Company will hold its stockholders' annual meeting today.

FEARFUL ITCHING BURNING SORES

Boy in Misery 12 Years—Eczema Spread Over Body in Rough Scales, Cracked, Inflamed, and Swollen—Case Pronounced Incurable, but Completely Cured by Two Sets of Cuticura Remedies.

HIS SKIN NOW FINE AND SMOOTH AS SILK

"I wish to inform you that you wonderful Cuticura has put a stop to twelve years of misery I passed with my son. As an infant I noticed on his body a red spot and treated same with different remedies for about five years, but when the spot began to get larger I put him under the care of doctors. Under their treatment the disease spread to four different parts of his body. The longer the doctors treated him the worse it grew. During the day it would get rough and form like scales. At night it would be cracked, inflamed, and badly swollen, with terrible burning and itching. When I think of his suffering, it nearly breaks my heart. His screams could be heard down-stairs. The suffering of my son made me full of misery. I had no ambition to work, to eat, nor could I sleep.

"One doctor told me that my son's eczema was incurable, and gave it up for a bad job. One evening I saw an article in the paper about the wonderful Cuticura and decided to give it a trial. "I tell you that Cuticura Ointment is worth its weight in gold, and when I had used the first box of Ointment there was a great improvement, and by the time I had used the second set of Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent my child was cured. He is now twelve years old, and his skin is as fine and smooth as silk. Michael Steinman, 7 Sumter Avenue, Brooklyn, N. Y., April 16, 1905."

FOR WOMAN'S EYE

Too much stress cannot be placed on the great value of Cuticura Soap, Ointment, and Pills in antiseptic cleansing, thus affording pure, sweet, and economical local and constitutional treatment for inflammations, itchings, irritations, relaxations, displacements, and pains, as well as such sympathetic affections as anæmia, chlorosis, hysteria, nervousness, and debility.

Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass. Mailed Free, How to Cure Skin Humors.

SCHOOLMASTERS' CLUB.

Will Feast Incoming and Outgoing Board of Education at Levy's Saturday.

"Who are they? What are their names?" These are the questions that will agitate the members of the Schoolmasters' Club when they receive programmes for the banquet to be given by that organization Saturday at Levy's in honor of the incoming and outgoing Board of Education.

The banquet is to be a fine affair. There will be a number of speakers, and they will be introduced by prominent members of the club, who are mentioned by their especial hobbies instead of their baptismal names.

Here is the schedule: A toast by Joseph Scott, introduced by the exponent of self-government; "Early Schools and School Masters," by J. M. Guinn, introduced by the logician; "Business Men in Public Life," by H. W. Frank, introduced by the psychologist; remarks by W. D. Stephens, introduced by the financier; "The Teaching Force," by W. J. Washburn, introduced by Apollo; "Moral Education in the Schools," by Melville Dozier, introduced by the association football manager; remarks by W. C. Patterson, introduced by the electrician, and remarks by Dr. E. C. Moore, who will be introduced by the philosopher.

Ernest J. Lickley, president of the club, will be toastmaster, and the Schoolmasters' Glee Club will sing. The guests for the evening will be the members of the School Board, past and present. The other officers of this organization are: W. W. Tritt, vice-president; A. Morris Fosdick, secretary, and B. W. Reed, treasurer.

RECEIVES STRONG SUPPORT.

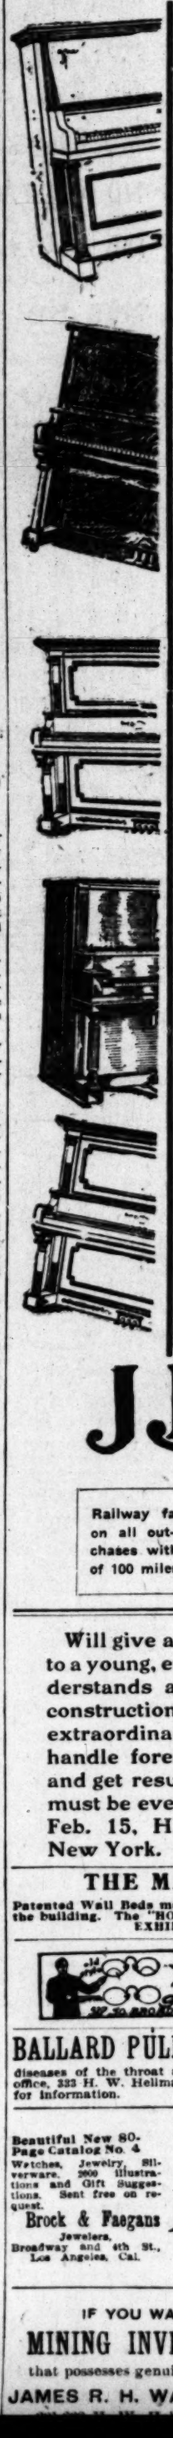
Benefit Concert for Firemen's Relief Fund Assured Success—Over Thousand Tickets Sold.

The success of the benefit concert for the relief fund of the Los Angeles Fire Department, which is to be given in Simpson Auditorium on the evening of January 31, is assured. Up to last night 1085 tickets had been sold and the sale had hardly begun. It is expected that more than 5000 tickets will have been sold before the day of the concert. The programme is now being prepared and although it has not been completed the names of most of the persons who will take part are known. Others may be added later, but with the list now at hand it is certain that an excellent entertainment will be provided. Among those who have consented to take part, all of them having volunteered their services, are the following: LeRoy Jepson, tenor; F. Walker Seager, baritone; Frank H. Colby, organist; Billy Arlington, a famous old-time minstrel; Delano Guitar and Banjo Club; Miss Grace E. Marven, mezzo contralto; Mme. Addington, soprano; Rev. Robert J. Burdette and the Angelus Quartette. Seats for the benefit are now on sale at the office of the Bartlett Music Company, No. 231 South Broadway.

A Piano Opportunity

SPECIAL SALE

Stockton Piano Stock



TODAY Luckiest Bargains in a long, long while. Come while they last at

J. B. Brown Music Co., 648 Bdwy.

Private circumstances have compelled the owners of the California Piano House, Inc., of Stockton to retire from business.

Their entire stock of high grade pianos was thrown on the market to be sold en block.

They accepted our cash offer, which was way below the market.

The first and second shipments are now in our warerooms. The very high character of the pianos to be offered and prices we will ask will create a great stir. Every instrument is brand new—as if it just came from the factory.

They are pianos of well known standard makes such as are never sold under price except under extraordinary conditions—and when they are they don't last long.

If you want a real piano bargain this is your opportunity.

Somebody is going to get bargains. Every piano will be sold and there is a big bunch of them, but the prices will be so very low as to insure their immediate sale. It will pay you to investigate this opportunity.

Pen Points

Bishop Hamilton must be getting used to it by this time.

Jamaica's ancient hoodoo still appears to be on her trail.

The earthquakes are evidently engaged in looping the loops.

Can't something be done to head off 1907 in his wild career of death and disaster?

The continued rainy weather must have made the race tracks almost as slippery as the bookmakers.

Mr. Bryan seems to think as little of his military record as some people think of his political record.

Just to show it has not entirely deserted us, the sun now appears for fifteen minutes every afternoon.

The suspicion is now being aroused that railroading in this country is being done by boomerang throwers.

Los Angeles people now visiting Germany will feel very much at home there. Germany is holding elections.

Boston must be glad that there are no blue laws that prevent copper stocks from rising at the right time.

Mrs. Russell Sage has loaned $600,000 to a theater. The late Mr. Sage must be tired turning over by this time.

The winter tourists who went to Jamaica to avoid the earthquake zone probably wish now that they had come to California.

It has been judicially decided that Chicago is not a seaport. But it is most anything else than anybody has a mind to call it.

Every time something is printed about a Pittsburgh millionaire the editor prefaces the item with a veiled apology to his subscribers.

If the railroads keep this smash-up business going much longer they will be without rolling stock, and the country will be short on population.

It is getting to be so now that a railroad train will jump the track just for the mere delight of taking a bump at the train on the other track.

A distinguished scientist claims that New York can never have an earthquake. Not that it doesn't need a shaking up of some kind, now and then.

The story called "Pigs Is Pigs" has had the largest sale of any recent publication. Probably a hundred thousand copies were purchased by street-car hogs alone.

What with its parks and squares and royal gardens, London is said to be the greenest city in the world. American mining promoters have thought that for a long time.

No one else has pointed it out as a cause, but we sometimes think the reason the American people are so healthy is that they eat 4,000,000 bottles of pickles every week.

One of William Dean Howells's biographers says he was born in the West. Ohio might have been in the West when Howells was born there, but it's a long ways from it now.

A young man has started to walk from South Dakota to New York to get Andrew Carnegie to give him $35,000. When Mr. Carnegie hears of it he will probably do some walking, too.

James Bryce, the new British Ambassador to this country, also calls us Anglo-Saxons. And he's a man who ought to know better. Americans are as far from being Anglo-Saxons as Mr. Bryce is himself.

Cities are still standing and prospering that were shaken by earthquakes 2000 years ago. This is well understood in San Francisco, therefore work is going on as fast as Pinhead McCarthy will allow it to go.

Canadians argue that we ought to accept their money on our street cars because American money is accepted for everything in Canada. American money is not only accepted for everything everywhere, but grabbed at.

Senator Guggenheim has five brothers, all of whom are millionaires. Under the circumstances it is not thought that the Senator will do much job chasing at Washington in the interests of the members of his own family.

The City Council of La Crosse, Wis., has passed an ordinance making it unlawful for a street car conductor to collect a fare from a passenger unable to find a seat. If that were to be made the law in Los Angeles we'll bet that all the street-car hogs would stand up.

It is now advocated that baseball umpires announce their decisions by means of signals. If, in addition to this, a cyclone cellar is provided for the umpire to jump into when the bleachers get after him, we think nothing further will be necessary to make the coming season one of the most fatal in the history of the game.

WOMEN TO THE RESCUE.

President Roosevelt's dolorous experience with petticoat diplomacy was nothing but a trivial annoyance, compared to what the United States army has suffered from the emotional activity of the skirted heroes of the "We'll See to You." The dear creatures—Lord bless 'em—had a notion that the army canteen was a portable receptacle for soul-destroying drink, and that every soldier was obliged to carry one of the nefarious things slung over his shoulder. They agitated vociferously against the canteen; they swooped down on Congress in a clamorous horde, demanding that the demon rum—in a canteen—be driven out of the army. It was futile to tell them that the canteen was not a tin whisky jug, but a soldier's club, providing entertainment, reading and beer for the enlisted men when off duty, all under direct control of his officers and located within the post. Indeed it was futile to attempt to tell them anything. They did all the talking and wouldn't listen.

A petticoat-pestered Congress surrendered in despair. Anything to stop the noise and turn the "We'll See to You" loose on somebody else. The canteen was abolished, and the soldier was sent out to groggeries and dives to drink "rotgut" whisky instead of beer, just as every man in the army and every other man with a grain of sense in his head knew and said he would be.

Permitting women to run the army was a preposterous idea, and it was intolerably exasperating to officers and men, but Congress never could pluck up courage enough to undo the fool work and incur another invasion by the audible sisterhood.

There is hope, however, that something sensible may be done, now that women of another sort have become interested in the matter and are forming clubs to advocate restoration of the canteen. Mothers, wives, sisters and friends of the American soldier, knowing what the canteen is, and having rational ideas about temperance, are organizing a campaign against the outside groggeries and the immorality, drunkenness, subversion of discipline and alarming increase of desertions resulting from the misdirected and meddlesome zeal of fanatics in petticoats, and they will be heartily seconded by the best men in the army.

And after the sensible women shall have undone what the other sort did, in Heaven's name let the men responsible for the welfare and efficiency of the army attend to its affairs without interference by statesmen in petticoats.

TWENTY-FIVE YEARS AMERICAN MINING.

Commencing with a total mineral production of the value of $364,928,298 in 1880, we reached a mineral product value of $1,623,877,127 in 1905, an increase of $1,258,948,829 in only twenty-five years, by the following quinquennial stages:

1880	$ 364,928,298
1885	418,952,189
1890	606,476,280
1895	648,771,574
1900	1,107,020,952
1905	1,622,877,127

according to the striking and easily-read chart prepared by Dr. David T. Day, Chief of Division of Mining and Mineral Resources of the United States Geological Survey. It is safe to say that these figures present a photograph of progress in realized mineral resources which no other country in the world has ever achieved.

The annual mineral product and the growth each year for the ten years, 1896 to 1905, inclusive, attained almost incredible figures, as follows:

	Product.	Increase.
1896	$ 640,544,221	
1897	646,992,582	$ 6,448,361
1898	724,972,884	77,980,302
1899	1,014,355,705	289,382,821
1900	1,107,020,952	92,665,247
1901	1,141,972,978	34,952,026
1902	1,323,665,577	181,692,599
1903	1,491,885,541	168,219,964
1904	1,590,852,594	98,967,053
1905	1,622,877,127	32,024,533
Total realized production, ten years		$10,974,572,722

That ten years' total averages over $1,097,000,000 a year, or more than $3,060,000 for each of the 300 working days of each of the ten years. Brought home to us in that way we can at least begin to form an idea of what it means to belong to a country possessed of such gigantic mineral resources as is the United States.

By classes the twenty-five years' comparison is:

	Metallic.	Non-metallic.	Unspecified.
1905	$702,452,106	$921,954,019	$ 600,000
1880	185,642,163	173,279,135	6,000,000
Increase	$516,809,945	$747,744,884	*$5,400,000

*Decrease. The classification is closer now.

Similar comparison for ten years is:

	Metallic.	Non-metallic.	Unspecified.
1905	$702,452,106	$921,954,019	$ 600,000
1895	245,874,421	293,897,097	1,000,000
Increase	$456,578,677	$627,128,922	*$400,000

*Decrease.

It is interesting to compare the principal products of 1905 with similar products in 1896:

	1905.	1896.
Bituminous coal	$234,877,963	$114,891,515
Anthracite coal	141,579,600	91,748,651
Pig iron	252,450,000	96,350,000
Clay products	149,697,188	63,110,408
Copper	139,265,716	48,456,892
Gold	85,190,711	52,000,000
Petroleum	94,157,200	58,518,709
Stone	63,798,748	22,965,299
Natural gas	41,562,855	13,992,572
Cement	35,937,523	6,472,213
Silver	34,221,972	39,654,600
Lead	29,486,600	10,528,000
Zinc	24,054,192	8,519,930
Lime	19,941,680	6,227,900
Sand (molding)	10,115,915	*
Mineral waters	6,811,611	4,136,192
Phosphate rock	6,782,408	2,893,272
Salt	6,095,822	4,000,339
Slate	5,406,207	2,746,305
Zinc white	5,530,340	1,400,000

*No separate data.

In the ten years bituminous coal production increased about threefold; pig iron, more than fourfold; clay products, one and one-third fold; copper, nearly threefold; stone nearly threefold; natural gas, more than threefold; cement, nearly sixfold; lead, nearly threefold; zinc, fourfold; slate, twofold; zinc white, more than threefold, and phosphate rock, nearly one and one-half fold.

Other mineral productions in 1905, in order of importance as named were: Sulphur, aluminum, gypsum, glass sand, quicksilver, borax, sand, lime brick, pyrite, grindstones, mineral paints, asphaltum, talc and soapstone, antimony, fibrous talc, fluorspar, graphite, precious stones, bauxite, feldspar, fuller's earth, bromine, barytes mica, monazite, flint quartz, asbestos, manganese ore, marls, magnesite, arsenious oxide, pumice stone, garnet, infusorial earth, millstones, corundum and emery, crystalline quartz, platinum, and several minor items.

And all this is really only the beginning of American mining development. What may we not expect when big Alaska is opened up with railways?

GOV. GILLETT ON GRAFTING.

As The Times expected he would do, Gov. Gillett has expressed in the most outspoken manner his disgust with the grafting propensities of the members of the State Legislature. The brazen and greedy recklessness with which these petty looters attacked the State treasury by voting money from the contingent fund for their political lieutenants, having no regard for the State's welfare or the State's service, seems to have shocked the Governor. He has been in Sacramento before, but the present Legislature has surpassed all its predecessors in its shameless voracity. Because the lawmakers have a lot of boosters and relatives to provide for, the State must feed an army of loafers—of such is the patriotism and loyalty of the average Assemblyman and Senator, whose conscience seems to have been lost either in the shuffle or the deal, or at some other stage of the game.

Gov. Gillett deplores and denounces this state of things. It seems that he did his best to hold back this hungry and excited band of grabbers sometimes vulgarly "Solons," but his efforts were as ineffective as the attempt of the Imperial Valley ranchers to jetty the bursting Colorado River with hoop-skirts and chicken-coops. The Governor explains that he cannot veto these patronage grabs without killing the entire contingent appropriation and holding up necessary expenditures. He might try that move and compel the Legislature to begin over again. The looters undoubtedly would find some way to balk or override him, however. It is within the power of the Legislature to disburse the State funds.

It is suggested by Gov. Gillett that a constitutional amendment might be adopted in order to absolutely limit these appropriations. But it is clear to The Times that the most salutary method of dealing with this outrage would be for the voters of the State to awaken, to do something for their own self-protection and self-respect, to give up the habit of letting a few fuglers (or a committee of fifteen dominated by one) choose their lawmakers for them, to attend the primaries, to rally at the polls, and to see to it that not one of these contemptible political hobos is ever elected to the Legislature or any other office, in the future. Put them all on the black-list—every yellow one of them that stained his hands in the raid!

IN THE BACK DISTRICTS.

The fact that a white man in darkest Mississippi thinks he still has a right to sell negroes, and that other white men in the same locality think they still have a right to buy them, is, of course, an incident so isolated as not to require any serious outburst of feeling on the part of the original Abolitionists or their descendants. Outside of the cruel features of the story it is refreshing, and a thing to be welcomed. It goes to prove that there are yet places left in this country where people don't know it all, and where they have not become so horribly sophisticated that they no longer believe in the fairies.

There is a county in Pennsylvania that has no railroad, and there are grown men and women in that county who have never seen a locomotive. A man was met in Santa Cruz mountains the other day who had never been farther away from his pleasant and happy home in those lovely hills than San José. That there is such a man as "Red" Hayes he knew only by hearsay. You couldn't prove it by him, even if it were necessary to prove it, which it is not.

You may travel in whatever State of the Union you please and you will still find these out-of-the-way places where there are people who are as innocent of guile as those mentioned. The United States is not yet covered by towns nor totally infested with bunco steerers, by several square miles.

And we ought to be glad of it. It gives us a place to go to when we feel that we can no longer keep from going crazy. It furnishes retreats for the tired heart when it is sick of the hypocrisy of a shallow world. And it gives us to know that the man in the back districts has a good deal the best of us in more ways than one.

LUCKY CITY OF ANGELS.

THE MIDWINTER.

Appreciation That Tells.

LOS ANGELES, Jan. 15.—[To the Editor of The Times:] Busy in your sanctum, and hustling all day and nearly all night to get The Daily Times, full of bright news, out on time, I doubt very much whether you know how highly the Midwinter Number, issued January 1, is appreciated—in Washington, for instance.

Letters are coming to me, though, in response to copies I sent, which will almost make even an editor blush with modesty. Among them are the following:

"Department of State,
"Washington, Jan. 9, 1907.

"My dear Mr. Ballard:

"I thank you for sending me the Midwinter Number of The Los Angeles Times. On examination I find it of great interest.

"Very sincerely yours,
"ELIHU ROOT."

"The Postmaster-General,
"Washington, Jan. 7, 1907.

"My dear Mr. Ballard:

"Thank you for sending me the Midwinter Number of The Los Angeles Times. I have looked it over with much pleasure.

"GEORGE B. CORTELYOU."

If space were not so scarce in The Times, I would send more from other eastern men of prominence.

WALTER J. BALLARD.

CURIOUS CAT ITEMS.

Mahomet, woke from sleep by the crying of the muezzin at the adjacent tower, found a cat asleep within his long sleeve. To avoid waking the cat he cut the part upon which it laid out of his sleeve and went to prayer.

One of the local catteries profits over $3000 a year by the sale of aristocratic kittens and cats to women of culture, of wealth and of affection for this class of dumb animals.

A lady resident at one of the palatial hotels at Los Angeles keeps a maid entirely for the purpose of attending to the comfort of her three expensive Persian cats.

Webster's Dictionary states that "the domestic cat needs no description; it is a deceitful animal, and when enraged extremely spiteful. It is kept in houses chiefly for the purpose of catching rats and mice."

The domestic cat of civilization is not in any way related to the wild cat, but another species entirely.

One of the great cat judges of England is visiting Mr. Letts, the dry goods prince, and has been invited to judge cats at the coming cat show; also a well-known Chicago judge has been invited.

For various well-known reasons the life of the domestic cat is precarious, although it has a far better chance of life than the well-fed, long-haired creation that wealthy women adore.

A College Yell Hymn.

Rock chalk, jay hawk, hallelujah,
Rock chalk, jay hawk, hallelujah,
Glory, glory hallelujah.

The strains of this unique chorus, mingled with drum beats and the occasional discordant notes from a horn, were heard near Eleventh and Main streets yesterday afternoon.

"What's that bunch of K. U. students doin' here?" asked a man, as he stepped in the shelter of a doorway. "They're crazy, playing football this time of year."

"Not football," replied his companion. "Must have come down for basketball game. There's a crowd around them—let's go back and see what they're doin'."

They went back to the corner, but they didn't find college boys. Huddled together around a bass drum, were eight members of the Salvation Army entertaining a shivering crowd with a "college yell" hymn set to the tune—it was very hard for the crowd to tell what tune.

"Better 'n rag time—rag time hymns are little stale," said one of the band as they prepared to march down the street. [Kansas City Times.

LAND OF BEAUTY.

AN APPRECIATION.

BY C. W. BURTON.

Not France nor Italy ever presented a scene so entrancingly beautiful as the great valley of Southern California of Monday last. Indeed, it may be doubted if any spot in the northern hemisphere at any season of the year ever showed so supernally lovely as this valley around Los Angeles on that day in mid-January. Those who have gazed upon this broad and varied landscape at all seasons for forty years probably never saw it more beautiful than on that day.

It would be difficult to decide which feature of this matchless landscape was most fascinating to the sensitive spirit capable of feeling the spell in all its intensity. The great amphitheater usually referred to as the Los Angeles Valley stretches more than 100 miles eastward from the ocean. The towering ramparts of the everlasting hills stand guard over this most variously beautiful and fertile spot on all the myriad-tinted footstool of the Most High. Along the ocean shore the valley opens out to an equal extent of 100 miles. Three streams, all mountain torrents, under the copious rains of the season, cut it from mountain base to where the waves lave the strand. From where the steep sides of the mountain range, deeply furrowed with cañons and corrugated with ridges, end the plain slopes in a gentle declivity or drops in terraced plateaux to the streams. Close up to the mountain base the contour is broken and bold. At lower levels the declivity is gentle and often so regular as to present no slightest obstacle to obstruct the view for many miles.

There is the physical topography of the valley. Last Monday the angels who stud the sky with stars, who paint the clouds like light, or set them agleam with a world of fire, seem to have poured out all the riches of their hues most brilliant, most glorious, most sombre, as well as all their neutral tints, with hands as lavish as the utmost power of their Almighty Lord.

During the early morning hours the skies were curtained with masses of clouds as dense as in a pouring rainstorm, others as filmy as the most delicate tracery of lace. High above the horizon, where the sunlight lay behind the cloud, these masses were as dark as gloom. Lower on the horizon, where the beams of light fell directly on the masses before the eye, there rose billowy mountain peaks, towering height above height and almost solid in their effect upon the eye. Burnished silver never left the hands of mortal smith so glowing white. All the wool ever clipped from all the flocks of earth since Abel was a herdsman, washed cleaner than human fuller ever made a fleece, never were spotless and soft as some of those masses of cloud that hung as curtains across the sky. At other points some glorious angel of the dawn dashed reds and purples, brilliant as fire or royal as a king, on some uplifting mass of cloud that seemed ambitious to be compared to the sun in heaven.

And all along the ridges of the great mountain range for hundreds of miles lay billowy masses of snow, 500 to 2000 feet high, rising boldly into the sky, until the tops became mingled with the clouds. They seemed ambitiously contending for the prize for spotless purity with the overhanging clouds, white and pure as light itself. Here and there the masses of cloud lifted for a moment to let the blue sky break through and show where the snow ended and cloud began. It seemed a challenge of the skies to the earth, which would say: "See, there are the earth-bound snows, here are the soaring clouds, children of the upper air. Are we not more spotless than they?" But the mountain peak bowed not nor shrunk from the comparison, but as the sun struck the snows more directly they seemed to gleam back defiance and proclaim: "No, earth nor heaven knows no whiteness so unsullied as ours."

And the plain? Snow and cloud, billow upon billow on the highest points of earth and in the heavens above seemed to shrink from contrast with the multi-colored glories of the lower world. The hills cast their shadows darkly where they could, and the procession of the clouds moved in masses between the sunlight and the plain, as if to intercept the light and cast a murky shadow over the plain lest its charms should win the highest meed of praise.

But it was all in vain. This is all the land of sunshine and these beauties and glories are all the offspring of his rays. With impartial favor he shed his brightest beams on the billowy masses of the clouds, on the seemingly equally immaterial and unsubstantial—snows, folded in league-long convolutions around the rugged mountain tops, reducing them to a soft contour equal to that of the plain below or the cloud above. And now these beams fellion the terraced or undulating plain, bringing out myriad hues, each vying with all the others. The rosy fingers of newly-born Aurora, the splendors of the setting sun, when the steeds of Phoebus, climbing or descending the declivity of the heavens, beats the air into flecks of flame, were not brighter than the hues wrought by the beams of the sun all over this broad expanse of the valley. In the foreground of the almost infinite picture were massed hundreds of thousands of orange trees, each passed like a flying panorama by the train. The abundant rains had washed these trees of every spot of dust. It had sent fresh life blood coursing through their veins. The leaves gleamed and glistened in the sun and the abundant fruit, yellow as mined gold, hung in closely massed spheres from every limb. The tender growth of grass or peas or weeds between the rows concealed the brown earth and there was little to break the continuous mass of vivid emerald which seemed in vain intent on covering up the brilliant gold of the fruit, as if there were rivalry there, too. And elsewhere all over the sloping mesa and level plain and along the watercourses and up the sides of the smooth hills the most delicate green carpets all the scene.

Shut your eyes and imagine all the fairest scenes your eyes have ever rested on in the most luxuriant springtime that have ever decked the earth and then it will fall short of this midwinter day in this favored land.

And all the valley from mountain base to ocean strand is studded thick with pretty homes between the crowding orchard rows. Many, very many of these homes are magnificent in their scale. Hundreds of villages nestle along the plain and by the water courses, and a score of towns or cities occupy the more populous centers at all points of the valley.

Will this last? Not as it was on Monday. No two days are alike along these glorious mountain heights, these rich plains, in the changing skies. No two hours are alike, and hardly two seconds. It is a series of dissolving views and each seems lovelier or grander, more entrancing than the previous one. [illegible] end of June or July in spring, then [illegible] week with [illegible] and more [illegible] pale green [illegible] ing from the [illegible] vests, ready [illegible] ange groves [illegible] crop of gold, [illegible] blossoms, like [illegible] takes its place. [illegible] brown as the sun [illegible] burn them is [illegible] tween the rows, [illegible] straight as a [illegible] air. By April [illegible] vines will begin [illegible] and by May [illegible] green. The pepper [illegible] will drop with [illegible] around the [illegible] and the stately [illegible] slim and straight as [illegible] ful and willowy as [illegible] roses will strew [illegible] rare flowers will [illegible] point. In this land [illegible] is not a rare thing [illegible] there and continuous [illegible] is beauty's home, and [illegible] and gulches she [illegible] common thing by all [illegible] at every turn.

How common is this [illegible] Redlands there are [illegible] ange grove. MUSIC AND THE STAGE.

[illegible] O'Neill came home in "Monte [illegible]" last night. Whatever the [illegible] meanings of "The Voice of the [illegible]," his audience forgave him [illegible] and welcomed in the dashing Ed- [illegible] Dantes a hero of old days. [illegible] production itself is nothing unusual, but the glamour of the romantic [illegible] is there, and still all of [illegible] melodramatic fine arts in [illegible] it, although his youthful phy- [illegible] and some of his grace have been [illegible] to insistent time.

[illegible] the whole, the scenery of the [illegible] is much better than that [illegible] to "The Voice of the Mighty," [illegible] none of it rises to real ex- [illegible] One setting, the "open [illegible]" in which Dantes issues the [illegible] proclamation that he has [illegible] the world, was so crude as [illegible] funny. Very acceptable were [illegible] settings for the first act—entire, [illegible] of the Pont du Gard and the [illegible] one at the Chateau D'If.

[illegible]'s company shows to much [illegible] advantage in this play, and the [illegible] is marked in the case of [illegible] Dale, easily situated in the [illegible] Mercedes, but far from repose- [illegible] the bigger, more dominating role [illegible] dias.

[illegible] natural love for occasional melo- [illegible] that permeates every heart was [illegible] by the size of the audience and [illegible] applause that encouraged [illegible] hailed the downfall of In- [illegible]

[illegible] O'Neill has been playing Monte [illegible] so long that the first criticisms [illegible] effort belong to another period. [illegible] morality fits him for the part, [illegible] enhances his resources, and [illegible] perience has given him strong, [illegible] over-strong, command over [illegible] situations.

[illegible] Cristo" will be seen again [illegible] this performance concluding [illegible] engagement.

[illegible] Hartmann has been enjoying [illegible] thoroughly during his week in [illegible] geles. His only personal regrets [illegible] are the absence of his young [illegible] and bouncing baby boy, who are [illegible] in Berlin, awaiting the re- [illegible] the musical paterfamilias. [illegible] though it has rained most of the [illegible] has found a new scheme to [illegible] purchase of an umbrella, for [illegible] a "student composer" or [illegible] applicant for alms has left [illegible] able of course until the next [illegible] the owner would return, [illegible] perhaps immediately following [illegible] shall be another umbrella dis- [illegible]

[illegible] mann has been offered eleven [illegible] ent violins, some one of which [illegible] probably purchase to replace [illegible] master which was stolen from [illegible] several weeks ago.

[illegible] violinist has listened to Stark, [illegible] announces him the best café or- [illegible] leader in this country. Well, [illegible] people had the same thought. [illegible] is entertained at dinner by the [illegible] Club last night, and tomorrow [illegible] night, with his party, he will oc- [illegible] box at the Symphony Orches- [illegible]

[illegible] concert will be given tonight [illegible] the Auditorium.

[illegible] matinée performance of [illegible] City" will be given at the [illegible] tomorrow afternoon.

WOMEN'S CLUBS.

[illegible]y Hall in the Blanchard [illegible] was crowded to the limit [illegible] afternoon for one of the fin- [illegible] of the year in the Cosmos [illegible]. F. Baumgardt lectured [illegible] City of Paris," the lecture be- [illegible] fully illustrated with stere- [illegible] views from pictures recently [illegible]. Mr. Baumgardt while on an [illegible] foreign tour, [illegible] Boulevards, the statues, the [illegible] the principal places of in- [illegible] the great French capital were [illegible] the historical and present- [illegible] attaching to each was ex- [illegible] the speaker, who is equally [illegible] with the Paris of today, [illegible] born of history.

Underpriced Underwear

Mostly for Children

Warm underclothing will help protect against chills and colds during this unsettled weather. These underpriced garments are worth exactly as much to you as if we had unlimited quantities, they happen to be little lots, or you'd have to pay full worth.

Wool union suits for children 6 to 12 years old, were $1.60 to $2.00, now $1.00 and $1.25.

Fleece lined vests for girls of 4 to 6, were 25c, now 20c, three for 50c.

Boys' odd wool drawers at half price.

Women's high-neck-long-sleeved, knee length union suits, in all sizes, 50c.

Pre-Inventory Sale of Suits

And Fur Pieces

Even though most of these suits are just right, in weight, shade and texture, for year-'round wear in this climate, good business calls for a thorough clearance before inventory, be the loss what it may.

We positively will not allow any of them to stand in the way of the new Spring suits which our buyers are already sending on from New York. We started the season with prices a good many per cent. under what other Los Angeles stores asked for like qualities, and now reduce them 25 to 50 per cent. on top of that. Just to hint of the values obtainable.

$25 to $32.50 suits are now	$18.50
$32.50 to $45 suits are now	$25.00
$45 to $72.50 suits are now	$35.00

All our furs are reduced from 33⅓ to 50 per cent., also.

Our Tea Department

Teas of the various kinds—Oolong, English Breakfast, Ceylon, Gun Powder, Young Hyson, Japan—handled by us, are bought not so much for their style as for their cupping properties. That same care and attention is devoted to this department which prevails generally throughout this "House of Quality."

We have teas of all kinds and at all prices, from 35c to $2.50 a pound. This last is an Oolong, which Eastern catalogues quote at $4 and $5 a pound.

Try our teas. If you are not pleased with them, come in and get your money back.

EVENTS IN LOCAL SOCIETY.

MISS JESSIE GILLMORE,
popular San Diego belle, and Bryant Mathews, of this city, whose engagement is announced today.

THE announcement of the engagement of Bryant Mathews, a well-known young bachelor of this city, to Miss Jessie Gillmore of San Diego, brings news of a pretty romance which had its inception within the quaintly beautiful halls of Stanford University.

Miss Gillmore is a beautiful girl, prominent in society of her home city, and is well known here, where she has visited and been widely entertained. At Stanford University she was one of the most popular co-eds and a member of the Kappa Alpha Theta sorority, and is also a member of Lambda Theta Phi. She is a daughter of Mr. and Mrs. Collins Gillmore of San Diego, and the wedding which is to take place in a few months, will be at their home.

Mr. Matthews is a son of Mr. and Mrs. Newell Mathews of No. 2103 South Union avenue, and is prominent in business and social life of the city. He is a brother of Miss Amanda Mathews, who is so well known as a writer of clever short stories. Mr. Mathews was a favorite at Stanford University, where he stood well with the faculty and students both. He is a member of Beta Theta Pi fraternity.

Mrs. Howard's Tea.

Yesterday afternoon the lovely new home of Mrs. Albert J. Howard at No. 1840 Wilton avenue was opened at a charmingly pretty tea given in compliment to Miss Eleanor Merrill of San Francisco, whose engagement to Volney Craig has been announced, and also as a compliment to Miss Louise McFarland, whose marriage to Leo Chandler takes place on February 6.

The tea table was decked with fragrant violets and maidenhair ferns and the same sweet flowers shed their fragrance through the entire room. Violet bon-bons, cakes and ices further enhanced the beauty of the effect. In the other rooms potted plants and palms and ferns formed a pleasing background for the glowing masses of poinsettias arranged there.

Assisting Mrs. Howard in entertaining her guests were, her daughter, Mrs. E. Avery McCarthy, and the Misses Grace and Katherine Mellus and Misses Martha and Eleanor Craig. About forty young girl friends of Miss McFarland and Miss Merrill were entertained during the afternoon.

Miss McFarland's Attendants.

Mr. and Mrs. Dan McFarland have issued invitations for the wedding of their daughter, Miss Louise McFarland, and Leo St. Clair Chandler, the wedding to take place on Wednesday evening, February 6, at 9 o'clock at the Woman's Club House, No. 940 South Figueroa street.

A large number of the friends of the couple have been invited and the ceremony is to take place at 9 o'clock, after which will come the reception and later the affair will wind up with a dance.

Miss McFarland and Mr. Chandler are most popular and have been overwhelmed with social courtesies, ever since the announcement of their engagement. Miss McFarland, who is a piquant beauty of the brunette order will doubtless make a beautiful bride, and surrounded by the bevy of pretty girl attendants, the wedding promises to be a charming one. Miss Sallie McFarland, sister of the bride-to-be, is to act as maid of honor, and she, by the way, is one of the budding beauties among the younger girls, who have not as yet made their formal bow to the social world. Those who have been chosen to act as bridesmaids include Misses Sam Haskins, Avery McCarthy, Jefferson Paul Chandler and Misses Louise Burke, Lucille Chandler, Florence Silent, Grace Mellus and Frances Cochran of the Soldiers' Home, Jefferson Paul Chandler, brother of the groom, is to be best man, and the following young men have been chosen to act as ushers: Messrs. Carleton Burke, Kivesley McComber, Kay Crawford, Harry Van Nuys, Sam Dorsel, Edward Robinson and Russell Taylor.

Country Club Dance.

One of the most delightful affairs of the week end will be the dance at the Country Club for members and their friends on Friday evening. Prominent society women who are acting as hostesses include: Mmes. Michael J. Connell, William May Garland, Jack Irvine, Miss Florence Silent and Miss Annis Van Nuys. Arend's Orchestra will furnish music for the occasion.

Mrs. Thompson Here.

Mr. and Mrs. W. P. Thompson of New Mexico are here with their two children for a visit and are guests of Mrs. Thompson's mother, Mrs. Nat Dryden of No. 2177 West Twenty-fourth street. Mrs. Thompson was formerly Miss Ada Dryden, one of the charming society girls here. She will later be the guest, with her husband and two little ones, of her brother-in-law and sister, Mr. and Mrs. Harry Robinson, at their attractive home at "Edgemont."

Prominent Spokane Folk Here.

Mr. and Mrs. Patrick Clark and their son, Patrick Clark, Jr., accompanied by Miss Hallie Hall, a popular society belle, all of Spokane, are at Hotel Alexandria for a short stay. Mr. and Mrs. Clark are well known here, as they have visited many times, and are intimate and old friends of Mr. and Mrs. J. Ross Clark.

Miss Burke's Tea.

Miss Louise Burke of Berkeley Square is planning to give a large tea in honor of Miss Louise McFarland on Saturday afternoon, January 26.

Mrs. Jung's Party.

Mrs. Andrew N. Jung of No. 809 Green avenue has issued invitations for an afternoon party to be given January 31, for about one hundred of her women friends.

Honor Young Bride.

In honor of Mrs. Emile Ducommun, formerly Miss Bess Shemwell, and one of the most charming of young brides, Mrs. Leonide Ducommun and her daughter, Miss Bertha Ducommun, entertained yesterday afternoon with a handsome reception at their home, No. 1347 South Grand avenue.

The home was charmingly decorated, and in the reception rooms pink and green was used with graceful effect. The library was in yellow, and tulip shades of yellow cast a soft glow. In the dining-room papyrus, palms and poinsettias contributed to the beauty of the scene.

Assisting the hostesses in receiving were: Mmes. Henry J. Woollacott, Josephine Butler, Fanny Schumacher, Simon Majer, Gustav Herman, A. Hellman, Richard Perez, Oscar Lawler Joseph Kingman Ellison and Misses Germaine Fusenot, Frances Wills, Margaret Woollacott, Mayme Young, Henriet Milner, Catherine Kirk, Hildreth Maier, Camille Hammon and Ellen Gardner. Music for the afternoon was discoursed by De Nubila's Orchestra.

Gamut Club Affair.

Members of the Gamut Club entertained with an informal Dutch lunch and reception in honor of Arthur Hartman, the eminent violinist and his accompanist, Arthur Borschke. An interesting programme was rendered, Harley Hamilton presiding and William Strobridge, acting as host.

Y.W.C.A. Jollity.

This evening another of the Y.W.C.A. delightful Thursday evenings is to be. There are to be readings by Miss Lottie Livingstone and songs and instrumental solos, and also those in charge have a choice lot of novel entertainments for the evening, which they will not disclose until the hour chosen.

Entertain Daughters.

Mrs. Theodore Eisen of No. 2632 South Figueroa street entertained with an informal tea on Tuesday afternoon, having as guests, the Daughters of Christ Church. The home was prettily decorated and tea was served by a company of young women.

Mrs. Page Brown's Affair.

The Woman's Guild of St. John's Church was delightfully entertained a few afternoons ago by Mrs. Page Brown at her attractive home, No. 2713 Kenwood street.

Miss Frye Engaged.

Announcement is made of the engagement of Miss Esther Frye, daughter of Mr. and Mrs. L. Frye of No. 807 Boston street, to Joseph Greene of this city. The marriage is to take place in the near future.

Shaws Here.

Hon. and Mrs. Victor E. Shaw and family, formerly of San Diego have taken a home at No. 2617 South Figueroa street. Miss Alice Shaw has visited here, as the guest of her uncle and aunt, Mr. and Mrs. C. C. Parker of West Twenty-eighth street, and has many friends.

For Miss Otis.

Miss Louise Otis, who is the guest of Mrs. Rollins on Portland street, was guest of honor at a little dinner given on Sunday evening by Mr. and Mrs. Hamilton Bowman Rollins, other guests being, Misses Grace Mellus, Jane Rollins and Messrs. Waldo Norris, George Cole and Volney Howard. Monday they had as their guests at a Belasco box party, Miss Otis, Charlie Seylor and Will Read.

Bachelor Maids.

Miss June Leithold entertained the members of the Bachelor Maids I.S.C. Club at her home, No. 232 West Twenty-second street. After the business meeting, a novel puzzle game entertained the guests and later light refreshments were served.

Members of the club present were: Misses Beatrice Duff, Kate McKechnie, Irene Cummins, Ella Ludwig and Lucy Lindsley. Guests for the afternoon were Miss Edith Zucker and Mrs. Leithold. The next meeting will be on Saturday afternoon, January 26, at the home of Miss Lucy Lindsley of No. 1719 South Flower street.

The Head Dress Dinner.

Mrs. Michael J. Connell of No. 2267 South Figueroa street always has some original idea tucked up her sleeve and this time it is a head dress dinner dance for Miss Louise McFarland, to take place on the evening of February 1. This is a decidedly Frenchy idea and each man and fair maid or matron at the dinner is to wear a costume just to the shoulders. The hair and face will be made up to represent different characters, and the effect will certainly be rather handsome. Later dancing will be enjoyed in the hall room above stairs.

Miss Silent's Tea.

Planned in compliment to Miss Louise McFarland is the recherche tea, which Miss Florence Silent of Chester Place will give on Saturday afternoon at the Country Club for a large number of young friends of Miss McFarland and Mr. Chandler.

Sachet Shower.

Miss Louise McFarland is cordially fêted, and as the time for her wedding approaches nearly every day is taken up with delightful parties, one of the most unique of which is the sachet shower which Mrs. John Van Gelson Posey is planning to give at her home, No. 650 West Twenty-third street, tomorrow afternoon.

All the girl friends have been busily making sachets for the bride-to-be, and suffice it to say that that they are all of the daintiest and most charming design, which these pretty girls' heads have been able to evolve.

Mrs. Potter's Luncheon.

So many functions have complimented the young people recently, and now comes the luncheon for twenty women friends planned by Mrs. Milo Potter in honor of Mrs. Marshall Hinman of Dunkirk, N. Y., to be given at Hotel Van Nuys on Saturday. This will be one of the handsome functions of the week end, as Mrs. Potter's functions are always particularly distinctive.

Luncheon for Mrs. Otis.

In honor of Mrs. Elwell S. Otis, Mrs. John H. Norton of No. 834 West Twenty-eighth street is planning a charming luncheon party to be given on next Wednesday. Later, in honor of beautiful Miss Louise Otis, Mrs. Norton will entertain with a tea for the younger people.

Mr. Rawson Weds.

Friends here have received cards announcing the marriage of Frederick H. Hawson, a prominent Chicagoan, to Miss Edith Frances Bennett, daughter of Mr. and Mrs. Frances Bennett of that city. Mr. Rawson visited here last winter as guest of Lieut. and Mrs. Randolph Miner and made many friends, while here. He is owner of the Chicago Auditorium Annex and president of the Chicago Union Trust Company, and a multi-millionaire. He and his bride may come here on their honeymoon, and if so there will be much pleasant entertaining for them. They will be at home after April 1 at No. 591 North Lake street, Chicago.

Miss Glasscock a Bride.

At the Chatsworth M. E. Church recently Miss Rose B. Glasscock was united in marriage to Frank O. Wadleigh. The bride was beautifully gowned in soft white goods, and was attended by her sister, Vena. The bride and her attendant carried bouquets of carnations and ferns. The groom was attended by his brother, Fred Wadleigh, and Ray Glasscock and Blaine Walker. Rev. C. H. Scott of Ventura performed the ceremony. Miss Alice Butler, at the organ, played Lohengrin's bridal march and soft music during the ceremony.

The church was decorated in green and white. A reception was held at the church.

Notes and Personals.

George H. Brody, wife and daughter, Miss Leone, are here to spend the winter and are located at Fifth and Hill streets. They are prominent residents of Des Moines, Iowa, and this is their sixth winter out here.

Mrs. George K. Porter and Miss Yarnell have returned from a trip to Mexico and the Grand Cañon.

Mr. and Mrs. Harvey Deardorff of Kansas City, Mo., have come to Los Angeles for a permanent residence, and are at home at No. 1334 Ingraham street.

Mr. and Mrs. E. von S. Rantman of Baltimore are registered at the Hotel Alexandria.

TO ENJOY A GOOD DINNER

How to Avoid Distress and Indigestion After Eating.

Let us tell you how you can enjoy a good dinner, so that the heartiest meal will set well on your stomach and cause no unpleasant and disagreeable after effects.

We will show you how to remain the appetite of your childhood and the enjoyment of food, so that it will taste as well as when mother cooked the dinner.

There is no hard work necessary to do this; no need of a rigid and self-denying diet list; no call for nasty and disagreeable medicines. Simply take a Mi-o-na stomach tablet before each meal and before going to bed, and it will so strengthen the stomach that before long a hearty meal will give you gratification and comfort, without the least fear of distress and suffering.

The strongest proof we can offer of our faith in this advice is the fact that we give an absolute unqualified guarantee (applying to two 50c boxes of Mi-o-na), that your money will be refunded unless Mi-o-na cures.

Mi-o-na is not a mere digestive, giving only temporary relief, but a specific for all diseases of the stomach, strengthening the digestive organs and making a permanent cure.

We absolutely agree that your money will be refunded should you buy a 50c box of Mi-o-na stomach tablets and not be satisfied with the results. Mi-o-na is sold by druggists everywhere, or will be sent by mail on receipt of price, 50c.

Write today for a free sample package, and also give us your symptoms, and one of the best known stomach specialists will give your case his careful and personal attention without charge. Booth's Miona Company, Buffalo, N. Y.

25 Per Cent Reduction

On Watches, Diamonds, Jewelry, Silverware, etc. Every article in our immense stock is now on sale at a reduction of One-Fourth.

MOST OF MY FRIENDS know of my recent illness and slow recovery. It came at a time when my store was being remodeled and its capacity doubled—when it was necessary to increase my stock by more than half to meet the requirements of enlarged quarters—when my personal attention to business matters and presence at the store was essential to my success under the new business conditions.

My enforced absence prevented this. I was unable to attend to any business details. In consequence I find myself with heavy indebtedness to meet, which cannot be handled by the receipts I would receive in the ordinary course of business.

In consequence I must turn a large part of this stock into money. I must have the ready cash to handle payments which will soon come due. I have decided, therefore, to inaugurate a 25 per cent. reduction sale. For the next few weeks you can purchase any article in our immense stock at one-fourth off its regular price. You know how long this business has been established. You know its reputation for square dealing and honest values. This one-fourth reduction is an honest reduction—and it gives you a very unusual opportunity to purchase goods of standard quality at one-fourth under their regular value.

This sale begins today. Feel free to come to the store and look about, whether you intend making a purchase or not. You are welcome here and you will find much that will interest you in this carefully selected stock.

Climate Never Cur Tuberculosis

The Bensonizer LUNG BATH Cu all cases in the first and second sta

Toulon, Ill., had five cases of tuberculosis. Three were persuaded by their family doctors to take the climate cure, went to New Mexico and Arizona, and from there all went home in a box. The other two came to Denver and took the Bensonizer cure and went home with a box of Bensonizer Inhaling Box) and are alive today to tell the tale. Read what one of them has to say:

TOULON, Ill., Nov. 4, 190

Dear Doctor—Three years ago, when you sent me from Colorado and told me I could live in Illinois, my doctors here said I was doomed. But I am still here and the four other patients I tried so hard to get to take your wonderful cure and succeeded only in getting one of them go to you, while the home doctors persuaded the other to stay away from you and take the climate and your cure. These three are all dead and buried, while we five alive to laugh at our doctors, who are now saying that must be some good in your treatment. Oh, that all miserable victims of this terrible scourge could be induced take your cure before they are beyond help, and thus saved from a consumptive's death.

But I hear from others that your business is steadily growing, as the glad tidings spread over the country.

Truly your friend,
W. M. CARTER.

CHILDREN SHIVER IN COLD ROOMS.

SCHOOLS TO BE HEATED WITH A SUPPLY OF COKE.

Fuel Problem Still a Great One. Polytechnic High to Have Longer Hours and More Teachers—One School Site to Be Sold and Others to Be Purchased.

Shut up the public schools of the city, or else abandon the idea of trying to heat the buildings with the driblets of coal doled out to the various schools by the firm holding the coal supply contract—this was the situation forced upon the Purchasing Committee of the Board of Education during the past week.

As a result, the committee went into the open market and purchased from Lee Chamberlain & Co. ninety tons of coke, for immediate delivery. The purchase price was $17 per ton. With the heat obtained from this fuel the schools of the city are now kept open.

The fuel proposition received free discussion at last night's meeting of the Board of Education. President Kellam of the Diamond Coal Company was scored for his methods in fulfilling the contract for supplying the schools with coal. The contract calls for 1000 tons. The coal company is delivering two or three tons a day. The board would be real fierce with President Kellam of the coal company, but it can't seem to find out how this would do any good; while the members of the board and Kellam might all get heated, the school children would continue to shiver. Finally it was decided to authorize the Purchasing Committee to take full control of the full proposition and wrestle with it as the committee sees best.

The report of Superintendent Moore, which was adopted, contained several items of general interest. It showed that the total enrollment in the city schools to date is 37,398. The boys take the lead, as there are 19,045 of them, and there are 18,353 girls. This is a gain over the corresponding month of last year of 3414.

There were eleven cases of corporal punishment, and three were suspended from the schools.

Owing to the lack of funds, Superintendent Moore recommended that no new classes be formed in the evening high school during the present school year, and that the Alliance Francaise be permitted to organize French classes in the Tenth-street school, the Sentous-street school and the Berendo-street school. He reported that the rule prohibiting the attendance of pupils from outside the city at any of the elementary schools is being strictly enforced, on account of lack of room.

The board authorized its Building Committee to take steps towards selling the Eighteenth-street school site, as it is declared that the land, a tract of 158x170 feet, on Eighteenth, near Union avenue, is too small for a building, and that the district is now well supplied with schools and the money represented by the land is urgently needed elsewhere.

The condemnation of additional land for school purposes at the First-street school was ordered, and it was decided to proceed at once toward procuring a school site in the vicinity of Jefferson street and Western avenue.

On the beginning of the next school term, the Polytechnic High School will be in full sway from 8 o'clock in the morning until 5:15 o'clock in the evening. This plan was adopted last night. The students will be allowed to arrange their courses by consultation with the school authorities. Six periods of instruction is the fixed standard for a teacher's day. The result will be that the teaching force at "Poly" will have to be largely augmented.

The board adopted the report of its Teachers' Committee, as follows:

That J. C. Reinhard be assigned to the work of assistant attendance officer.

That kindergartens be opened in the Logan-street and the Euclid-avenue schools.

That Maria Lopez be assigned to teach Spanish in the evening high school; that the offer of Katherine B. Ross to conduct a class in English compositions in evenig high school, be accepted; and that C. P. Neilson be employed to give instruction in free-hand drawing, according to the regulations governing emergency appointees.

That the resignation of Ida B. Reed be accepted.

That leave of absence be granted to Hattie F. Gower from February 11 to June 30.

That the following be transferred from substitute to regular list of teachers: Mrs. Hattie Hollingsworth, to date from December 10, 1906; Katherine Crouch, Carrie B. Clark, Ruby Kisble, Mrs. Clara H. Harding, Laura M. Hussey, Mrs. Grace A. G. Franks, Helen F. Ford, Henrietta E. Brayton, Florence I. Dodge.

That the following transfers and assignments be made:

Jessie M. Springer, from Amelia street to Casco street, K Asst.; Carrie B. Clark, from Amelia street to Amelia street, B1; Ethel V. Wilson, from Amelia street to Main street, A2 B3; Marion L. Akerman, from Amelia street to Gates street, K Asst.; Lottie M. Young, from Main street to Vermont avenue, K Asst.; Mary F. Maitland, from Main street to First street, 6th grade; Ida M. Rankin, from First street to Second street, B6; Ida D. Glasscock, from First street to Seventeenth street, A4 B5; Adele Mossman, from First street to Bridge street, 6th grade; Grace R. Murdock, from First street to Euclid avenue, B1, new; Eric S. Pritschow, from First street to Euclid avenue, 7th grade; Ida A. Brown, from First street to Main street, A3 B4; Gertrude M. Ellis, from First street to Fifty-second street, B1, new; Mrs. Nellie Jones, from First street to Main street, Vol. K. Asst.; Jennie H. Evers, from First street to Gates street, Vol. K. Asst.; Jessie Haywood, from First street to Fifty-fourth avenue, Vol. K. Asst.; Tena McDougall, from Amelia street, A3 B4, to Amelia street, 1st grade; Eva G. Walker, from Amelia street to Amelia street, A3 B4; Frances Bristor, from Jefferson street to Thirtieth street, K, director; Frances J. Whitlock, from Jefferson street to Jefferson street, A, director.

FOOTHILL CITY ITEMS.

HOLLYWOOD, Jan. 16.—The First National and Hollywood Savings Bank and Trust Company of Hollywood held annual meetings Tuesday and elected the following directors: John Law, J. B. Brokaw, F. M. Douglas, H. J. Whitley, Robert Hale, Alan Gardner and J. Eugene Law. The boards have organized, with John Law, president; J. B. Brokaw and F. M. Douglas, vice-presidents; J. Eugene Law, cashier, and John M. Bireley, assistant cashier.

is given with the one purpose to protect the sick and quickly introduce our new treatment to the afflicted of Los Angeles and vicinity, as well as to prove to them its marvelous curative powers, and its superiority over all others. One single treatment is equal in curative effect to weeks under the old, worn-out methods.

Along with such a liberal offer, Drs. Shores wish to caution the public to

Beware of Free Treatment Fakirs

Drs. Shores and Shores are absolutely fair and square in their business methods—they are skillful, experienced, conscientious physicians and specialists. What they announce in the papers—**THAT THEY DO TO THE FULL.** Drs. Shores run no fake "schemes"—they do not offer **"FREE TREATMENT AS A BAIT"** to get sick people to their offices and then rob them for fake "medicines," etc. Nothing is free that costs money to obtain.

Apply This Week

The low rate of $1 a treatment or $15 for a cure in all catarrhal diseases—all medicines free, it must be understood is a special offer and it applies to all. The only restriction is that you must APPLY THIS WEEK. Hundreds will take advantage of it. It is given to PROVE TO THOSE AFFLICTED with deafness, asthma, lung troubles, and all catarrhal affections that this new treatment is absolutely superior to all others and that it cures more surely and in one-fourth to one-tenth the time required under the old system.

In a Nut Shell

After examined free and you are convinced that Drs. Shores and Shores understand your case, and want Drs. Shores to cure you, their prices and terms are within easy reach of all. $1.00 a treatment or $15 for a cure in all catarrhal diseases curable. All medicines free. If you live away, WRITE for free examination blanks.

LARGEST ORANGES

(Continued from First Page.)

seems on it is generally felt that some discount will have to be allowed on the excessive sizes. This will probably apply to everything larger than 150s.

As to the quality of the fruit, it is exceptionally fine. California has never had a crop of oranges more delicious than that now on the trees. Indeed, it may well be questioned whether any State ever produced a similarly fine crop of oranges. The skin is not thick, it is smooth, and the flavor is delicious. This is true of the large fruit as well as that of moderate size. The "jumbos" that one picks from the trees are thin-skinned, smooth-skinned, and of the most piquant and delicious flavor.

CAR QUESTION PUZZLING.

The question of cars is one of the most interesting connected with this subject, and one of the most puzzling to answer. During the first months of the season, small as the movement was, shippers were unable to get the few cars they needed. Since the opening of the new year the car shortage has not been acute, not because there were many cars on the ground suitable for shipping oranges, but because the demand for the cars is so exceedingly light. There have been going out less than an average of fifty cars a day, whereas at the present time the average movement should be 150 cars at least. The railroads say that there are about 2000 cars west of the El Paso, Ogden and Albuquerque gateways. The shippers, both the exchange and the independents, when the shortage reached an acute stage during December, had the matter up very vigorously with the railroads, and both shippers and officials of the roads say that everything is being done apparently to get a supply of cars West with all possible despatch. The slackness of the movement during the past two or three weeks has given the railroads an excellent chance to get a supply within reach for the rush when the weather clears.

On all hands there is a commendable hopefulness. Both the shippers and the railroads look to the future with confidence and say that there will be no more difficulty in this matter than heretofore. There is a car shortage of more or less acuteness every year, and there will be surely some of this condition felt when there are 200 to 250 carloads of oranges a day going out of the territory. The trouble has been attributed by the railroads, and the orange shippers seem disposed to take that for its face value, to the fact that there is a shortage of all kinds of cars all over the country for all sorts of purposes. This clamor for cars has been so great that every railroad that got hold of one used it for any purpose needed without regard to the intention for which the car was built. They say not only grain but hay has been shipped to market in fruit cars.

RAIN RETARDS SHIPPING.

The effect of the rain during this month of January has been a retarding cause in shipping oranges. Where the ground is heavy, it will be impossible to pick the fruit in less than two weeks after the rains stop. In lighter soils they are able to pick the day after the clouds clear away, and in the uplands on very light soil they are picking between showers. At Pomona they are getting out about 10 cars a day through efforts of the manager of the exchange. On the contrary, at Riverside, the Chases, who have a total of 3000 acres of citrus orchard of their own, and who market all their own fruit, have only shipped four cars in more than a week. Redlands is particularly fortunate. It has much upland orchard, where the soil is light and the drainage the best. In these orchards they pick between the showers. Many orchards were seen with boxes full of fruit and a heavy rain pouring down. This was on Tuesday, near Colton.

The market, of course, under existing circumstances, is good. Taking the whole range, prices run for fruit f.o.b. California, at about $1.60 to $2.15. The top price is a very rare exception, but some independent shippers claim that they have sold some fruit within the current week f.o.b. at that price. The regular market is probably about $2.

As soon as the weather clears there will be a big rush to get fruit out to market. If the cars are available, the movement will probably be 200 to 250 cars a day. It is a matter that the growers have under careful consideration. If too many rush to market at this rate a very few days would overstock the eastern markets. The market to the far East has not made any very loud call for oranges, even during the current month. The dealers there are without doubt holding off waiting for the rush to come, when they think they will get fruit at their own price. Out in the Middle West they have been asking for more oranges than they could get under existing conditions.

CAN'T STAND KISSING.

Miner Hicks Driven from Stage to Pick and Shovel by One San Jose Smack.

Hicks, the man who was buried in the mine, has struck, and is going back to the pick and shovel.

He didn't so much mind having a mountain on top of him. But he does object to being kissed.

He says there are limits to human endurance.

An elderly and sentimental damsel greeted him with one chaste salute at the close of his show in San José the other night.

According to a special San José dispatch to The Times, Hicks did not take the tribute as gracefully as did Capt. Hobson.

He was scared.

"Back to the mines for me," he said when the San José reporters interviewed him at the close of the ordeal.

It seems that after the frost he encountered in Los Angeles, Hicks's manager determined to introduce new features into his performance.

One of the new features is a hand-to-hand reception by Hicks at the close of the show.

"While Hicks was speaking this afternoon," says the dispatch, "an elderly lady in the audience rose to her feet and after announcing that she had informed her husband, who occupied the seat next to her, that she intended to kiss Hicks if she ever had the opportunity, stated that she was there and willing to keep her word. A few minutes later Hicks's manager requested the miner to go down into the audience and shake hands with all who might like to meet him. Hicks shied at the idea—evidently thinking of the old lady that had addressed him a few moments before. However, he did as he was told, and the first one to greet him was the affectionate being, who threw her arms around him and kissed him fair on the face.

The miner was interviewed by The Times man. He declared: "Me back to the mines—no more stage for me. I would stop tonight," went on Hicks, "but my contract binds me for five weeks, and I have yet one week to run."

"But I thought you were making $500 a week doing this 'stunt,'" the newspaper man stated.

"I am," declared the famous Hicks. "But give me my little old $3 per day and a pick and shovel and I'll be satisfied. I'm going back to Bakersfield—and honest work."

Prices of rubber goods have been advanced 5 per cent. by the United States Rubber Company on its price list to the trade for 1907, which was made public Tuesday.

DON'T SPECULATE YOUR MONEY AWAY
SELECT A SAFE, CONSERVATIVE INVESTMENT

Let Your Money Grow

It is not the province of an advertisement to preach great moral or economical lessons, yet in these days of careless speculation, it is highly proper in this announcement to refer to the ... stability and the permanent qualities of this industry, based absolutely upon the wants of the people, owned by the people and returning to the people a steady and substantial profit. The ... of the United States Granite Pressed Brick Company has no phase of speculation. There is no element of chance about its organization. There is no doubt of its success. The need for ... cern is unquestionable. The sale of its products at good prices is indisputable. The profit to its stockholders is as certain as the growth and development of this great country itself. Out of ... sands and thousands being recklessly squandered in ill-advised speculation, this company is steadily, day by day, drawing to itself a number of wise, far-seeing people, who will make big money ... little investment year in and year out, long after the fleeting speculations of today are shrouded in the oblivion from which many of them never should have emerged.

The Most Profitable Business of the Age

The brick business is as permanent as civilization. There are three great concerns in Southern California. You cannot buy a share of stock in any of them. They are making money fast. We can make it faster. Our plant at the corner of 15th and Alameda streets, and for which the machinery has been ordered, will turn out 20,000 pressed brick per day at a total cost of $7 a thousand. We make a better brick. We make it of crushed granite. We have secured vast acres of the raw material in the Tu Junga Valley. We make it in one day, 24 hours, instead of three weeks. We make not only a better brick, showing more favorable crushing, transverse and absorption tests, but we make a handsomer brick. With a third of the cost, taking a third of the time and producing it at the rate of 20,000 a day, the great profits of this company must be apparent to every mind at a glance.

There is no guesswork about an industry such as this. The demand for brick and more brick is steady and insistent. Even under the ordinary methods of brick making a new company could make money rapidly, but under our process the profits are limited only by our capacity to produce. There is a ready sale for every brick we can make.

INTERIOR VIEW PRESSED BRICK-MAKING PLANT.

The ... every working day in the year.

This Is An Investment Offer That May Never Come to You A...

It presents a chance to put a little money to work where it will surely grow. The stock is offered at $7 a share in lots of ten shares or more. The par value of each share is $10, fully paid and non-assessable forever. Investigate it thoroughly for yourself. Come in and see the pressed bricks made by our process. Have your friends see them also. Bring your architect, your builder or bricklayer with you. Remember that we claim to make the best, the most enduring, the handsomest and yet the cheapest brick in the world today. If we cannot satisfy you on these claims, no not invest a dollar in the stock. Figure out for yourself the profits on 20,000 brick daily selling at prices ranging from $25 to $30 a thousand and costing us only $7 a thousand to produce. Then figure out your revenue on ten shares or more in a company where there are only 25,000 shares all told. As a money maker it has no equal among the safe industries of the coast and appeals to every person desiring to invest where big returns are certain from the start.

LEE'S CENTENARY.

Admirerers of the Great Confederate General Will Celebrate the Event With Reception.

A celebration of the centenary of Robert E. Lee will be held on Saturday afternoon at 2 o'clock, at the home of Mrs. J. F. Salyer, No. 705 East Adams street, under the auspices of Wade Hampton Chapter, U.D.C.

The Los Angeles and John H. Reagan chapters, and the United Confederate Veterans will be present. A musical programme will be given; the invocation will be Rev. E. P. Ryland, and Charles T. Hendricks will sing "Lee's Farewell to His Soldiers." A paper will be read by Mrs. C. P. Wimberly on the life and character of Gen. Lee.

Mrs. Ross R. Hutchason, above, president of Wade Hampton Chapter, U.D.C., and Mrs. J. F. Salyer, librarian, will be hostess.

The receiving party will be Mrs. J. F. Salyer, hostess; Mrs. R. R. Hutchason, Mrs. Matthew S. Robertson and Mrs. W. T. Marvin, the presidents of the three local chapters, and Mrs. Albert M. Stephens, president of the California Division.

Refreshments will be served and a cordial invitation is extended to all southern people, and to admirers of Lee, whether North or South.

COMING HIGH SCHOOL PLAYS.

Senior A Class to Present "Janice Meredith" and the B's "The Private Secretary."

That charming witch, Janice Meredith, will trip it lightly over the boards of the Burbank Theater stage on the afternoon of February 7, when the Senior A class of the Los Angeles High School presents this fetching drama.

Janice in powder and patches and colonial array will be impersonated by as winsome a girl of today as ever

Pretty High School girls who will have prominent parts in the coming mid-year class plays. Miss Rebecca Lee Dorsey, above, who will appear in "The Private Secretary," and Miss Grace Brown, title role in "Janice Meredith."

tricked a red-coated soldier out of his head and heart, Miss Grace V. Brown playing the title role. All the parts have been carefully bestowed and the play will present a lovely and spirited spectacle, a real chapter from bygone days.

Harry Duffield has been engaged to train the young people in their work and will lend quite a professional flavor to the result. The entire cast includes Jettie Baskett as Tabitha Drinker, Beatrice Killifer as Sukey, Ruth Widney as Mrs. Meredith, Harvey Housh as Sergeant Willis, Walter Duzan as Lieut. Bunthin, Linn Christopher as Trooper Rosscomb, Walter Harting as Sergeant Buger, Paul Ogilvie as Lieut. Piel, Chris Wilson as Joe Bagley, Walter Jacoby as Col. Rahl, Harry Cain as Squire Hennion, Charles Snyder as Squire Meredith, Minor Ressel as Lieut. Mowbray, Edwin Walker as Lord Clowes, Elliott Pettengil as Pilemon Henning and Harry Seward as Charles Townes.

One day ahead of the Senior A play comes the Senior B production at the Belasco Theater. This enterprising class contains several society belles and popular beaux in the High School world, and they have been plotting for some time to surprise the public with as vivacious and rattling a farce as could be found, keeping the name of it a secret until the last possible moment.

"The Private Secretary," has been chosen. It tells the story of an exceedingly precise young clergyman who is engaged to tutor two London girls, and who finds life both astonishing and upsetting. The play is full of jollity.

Miss Rebecca Lee Dorsey, a vivacious brunette beauty, will take one of the principal parts and will play it for all it is worth. Miss Dorsey is an exceedingly talented and popular young miss. The caste for "The Private Secretary" is not yet fully chosen.

GAS VICTIM MAY DIE.

Lincoln Lewis, an employé of the Los Angeles Gas and Electric Company, was overcome by escaping gas yesterday morning. He was found at the point of death in his room No. 939 Macy street. A roomer named Blake detected the gas fumes and found Lewis unconscious. Blake and others worked over the apparently lifeless man for more than an hour before the heart's action was apparent. Lewis was taken to the Receiving Hospital but did not regain consciousness. He was removed to the County Hospital.

THE FATHER OF ORIENTAL RUG IMPORTATION.

Iskender Bey Returned—The Noted Rug Man Back in Los Angeles.

Every rug buyer in Los Angeles and all over the United States, will well remember the rare and genuine specimens of oriental rugs that Iskender Bey used to bring to this country. He has been in the remotest parts of the Orient for years and has just arrived in Los Angeles with the rarest collection of oriental rugs of historic beauty. This collection will be on exhibition next Wednesday, January 22, at the Decorative Art Galleries, which will be opened at 446 South Broadway by W. H. Gillard, the renowned decorator formerly with W. and J. Sloan & Co.—[Adv.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

LEGAL LIGHT PASSES AWAY.

ATTORNEY E. C. BAILEY DEAD IN PASADENA CITY.

Was Formerly Corporation Counsel of That Municipality and Had Had a Brilliant Career in the East. Burglars Make Big Haul from Cypress-avenue Home.

Office of The Times, No. 24 S. Raymond Ave.

PASADENA, Jan. 17.—Edward C. Bailey, former City Attorney of Pasadena, and one of the most highly respected members of the California bar, died yesterday morning at his home, No. 470 Palmetto Drive. He had been ill for several weeks, but no one had any idea that the end was near, and his death came as a shock to his large circle of friends.

Mr. Bailey was born in Boston, May 9, 1871. He was educated at Cornell University, and in the law department of the University of New York, receiving the degree of B.L., from the former institution in 1891, and the degree of bachelor of laws from the latter in 1894. On finishing his college work he was at once admitted to the bar in New York City, and practiced as a member of the firm of Bailey & Perkins until 1898, when failing health forced him to give up his work and come to California.

For a year after coming to Pasadena Mr. Bailey was forced to remain idle in order to regain his health, but in 1900 he entered the law firm of Lee & Scott in Los Angeles. After a short period he severed his connection with that firm in order to accept the post of City Attorney of Pasadena, which office he held until the adoption of the charter. He then opened offices here for himself and practiced until he was tendered a partnership with the firm of Lee & Scott, which he accepted. Until December, 1906, the firm was known as Lee, Scott, Bailey & Chase. In that year Mr. Bailey again severed his connection with the firm, and opened offices of his own in the Wilcox Building.

As a trial lawyer Mr. Bailey was recognized as one of the leading members of his profession. He was a magnetic speaker, and, in spite of his youth, was looked up to by his colleagues. He was a gifted orator and was considered a man of great promise.

Mr. Bailey leaves, besides his widow, two young sons, Clifford S. Bailey and Edward H. Bailey, 2nd.

The entire estate of Mr. Bailey is left to his widow, she being named as co-executrix. Funeral arrangements have not yet been made, but will be announced later.

RAIN IN FITS.

Rain fell by fits and starts all day yesterday and although no appreciable precipitation was registered in the gauge, the streets were kept wet in the downtown districts, while in the outlying parts the mud was again softened and traffic impeded. Toward evening a gentle breeze sprang up and the storm clouds were blown away, but for a while it looked as if the storm of last week was about to be repeated.

More rain at this time would do more harm than good, as delicate flowers and shrubs are beginning to show their heads and the effect of the heavy showers just passed, and any violent precipitation would destroy them. Lawns, which are still soft as the result of the soaking which they received, would also suffer from continued rain at this moment, and work on the streets would be seriously impeded.

CUT OUT NEW WARDS?

The Council met in called session yesterday afternoon to discuss several matters that were not accomplished at the regular meeting. The question of caring for the storm water was brought up by the reading of a communication from an irate property holder whose land had suffered from the effects of the water. The matter was held over until later.

The most important matter considered was with regard to the redividing of the city into wards. The annexation of the East Pasadena territory has made a redistricting necessary, and steps will have to be taken at once to accomplish the matter if things are to be straightened out by the time of the primaries. It is probable that the necessary ordinance will be brought up either at the next regular meeting or at a special meeting before that time.

BIG HAUL OF BURGLARS.

Late Tuesday night burglars gained access to the home of F. M. Washburn at No. 553 Cyprus avenue and managed to get away with a considerable quantity of jewelry, silverware and clothing. They left no clew behind them, and though the police at once went to work on the case, but little has been accomplished so far in the way of detecting the criminals.

The marauders gained an entrance to the house by cutting away a panel of the back door and turning the key from the inside. No one was at home at the time and the men made a systematic search of the house, taking their time and carrying off everything that they thought would be of value to them. Detective Copping is at work on the case and hopes to be able to run the men to earth, though he has but scant clew to work on.

The following late arrivals are registered at the hotels:

Green—Mrs. E. J. Barnette and child, Seattle; F. O. Allen, Jr., J. H. Dullis Allen, Philadelphia; Henry Green, Louisville, Ky.; George L. Vincent, Des Moines, Iowa; Miss Anna H. Chase, Valley Falls, R. I.; Miss Olga E. Ahler, Springfield, Mass.; Mrs. C. A. Watson and child, Redlands; Mr. and Mrs. A. Boyle, Pittsburgh, Pa.; Mr. and Mrs. F. H. Holyoke, Bangor, Me.; J. A. Wilcoxson, Lamar, Colo.; Mrs. A. B. Graham, New York City; A. S. Wood and wife, Kenneth, Cal.; Mrs. J. K. Arnsty, Chicago; Miss Arnsty, Miss Anderson, Chicago; Miss Cornelia Green, Georgia; Miss Grace Darfe, New York City; Mr. and Mrs. F. C. Hickson, La Crosse, Wis.; Mrs. Robert R. Langdon, Minneapolis; Kate Moline, Minneapolis; Mrs. John Manning, Troy, N. Y.; Theodore Coe, Miss Theodora M. Coe, Newark, N. J.

Maryland—Judge Spriehs, William Sprinks, British Columbia; Miss Dodds, Montreal; H. P. Upham and wife, St. Paul, Minn.; Mr. and Mrs. Charles Bechdorfer, St. Paul, Minn.; Miss Allie Ross, Knoxville, Tenn.; Miss Anna Thompson, Providence, R. I.; Mrs. George M. Buffem, Providence, R. I.; A. E. Johnson, Minneapolis; V. A. Johnson, Minneapolis; B. A. Dickenson, San Francisco.

TOURNAMENT AFFAIRS.

The affairs of the Tournament of Roses Association are rapidly being closed up and it now looks as though an even better showing would be made than was at first hoped for. The spontaneous response of most people to the call for support was most gratifying to the men who undertook the work, and there is a general feeling that the Tournament for 1907 was the most successful and satisfactory ever known to Pasadena.

IN COLD CLUTCH.

The cold snap which has held Pasadena in its grasp for several days promises to continue and heavy calls are being made on the fuel dealers. North winds sweeping down the mountainsides have chilled the air and there is a general wintry atmosphere noticeable. Overcoats and mufflers are in evidence, and visitors are beginning to think that the name "Land of Sunshine" must be a misnomer.

Although no great damage has been done to the flowers by the cold, there are reports of frost in the lowlands lying immediately south of the city, and many of the lawns have been turned yellow. No trouble has occurred in Pasadena, however, and all of the shrubbery is fresh and green in appearance.

CARY OUT AGAIN.

Secretary George P. Cary of the Tournament of Roses Association, who was forced to take to his bed through sickness immediately after the tournament, is now able to be about again. The continued strain of his official duties coupled with that of his own business and a bad cold, formed a combination too strong for him, and he was forced to surrender himself to the care of his doctor. Yesterday he was about on the streets again, however, and he announced that he is as well as ever now.

BOTTLES BOTHER MOTORISTS.

Motorists and cyclists are complaining bitterly at the thoughtlessness of people who throw empty bottles into the streets, regardless of the fact that they form a menace to every automobile that passes by. Several cases of tire troubles have been reported and a careful outlook will be kept for the miscreants. West Colorado street is the site of the latest trouble, several bottles having been smashed with apparent malicious forethought near the corner of Pasadena avenue.

OVERLAND DELAYED.

The "jaw-bar" of the coupling-pin on the baggage car of the eastbound Santa Fé overland broke last evening just as the train started to pull out from the Green station, and for more than a half hour the train was delayed. The cars were stalled at the Colorado-street crossing and while repairs were being made traffic was completely tied up. By the time the damage had been repaired there was a long line of electric cars tied up on Colorado street.

INFORMAL TEA.

Mrs. Tileston and Miss Elsie Tileston of Minnesota, who are spending the winter in Pasadena, were guests of honor at a very prettily appointed informal afternoon tea given yesterday by Miss Senter at her home in Kensington Place. About twenty of the matrons and an equal number of society maids were invited to meet Mrs. Tileston and her daughter. The reception room and library were simply decorated with holly, wild clematis and other woodland spoils, and in the dining-room, where tea was served, masses of California violets adorned the table and sideboard. Mrs. Della Senter presided over the teacups and was assisted by the Misses Ludovici and Miss Elizabeth Speer. Among those present between 4 and 5 o'clock were Mmes. Robert T. Vandevort, W. D. McGilvray, Walter Wotkyns, John R. Bragdon, I. B. Winslow, Albert E. Carroll, Benjamin Page; Misses Speer, Rowland, Armstrong, Ranney, Stehman, Markham, Gertrude Markham and McGilvray.

Tuesday afternoon a small bridge party was given by Miss Tileston of South Los Robles avenue for Mrs. and Miss Elsie Tileston, the guests upon this occasion being Mrs. Everetts, Mrs. Torrey Everetts, Mmes. R. I. Rogers, R. Vandevort, H. H. Sherk, W. L. Wotkyns and Miss Bates.

Col. G. G. Green celebrated his birthday last evening by giving a dinner in his private car. The car was decorated with red carnations and smilax, and covers were laid for Col. A. H. Sellers, Frank C. Bolt, J. H. Mansfield, George Hickson, Jacob Rehm, J. B. Stubbs, Robert Neustadt, Walter Raymond, W. E. Gratten, F. H. Hutchinson and Luther Green.

F. A. Wann, general traffic manager of the Salt Lake route, has rented the home of Senator C. W. Bell at No. 628 St. John avenue, for the season.

Miss Maysie Lynch of No. 675 Summit avenue entertained yesterday afternoon with a musical tea in honor of Mrs. Jones-Simmons of Los Angeles. Miss Lynch was assisted in receiving by Miss Alice Chapin and Miss Augusta Gould.

Commodore and Mrs. H. H. Sinclair have taken the Lutz residence on North Marengo avenue for a year.

Mrs. Robert A. Rowan of No. 215 South Orange Grove avenue will entertain a party of friends at dinner this evening.

Mrs. William C. Burns of No. 727 South Orange Grove avenue will entertain at cards tomorrow afternoon.

Miss Margaret Armstrong of Altadena will give a tennis breakfast at the Country Clubhouse on Saturday.

The Woman's League of the First Universalist Church will meet in the church parlors this afternoon at 2:30 o'clock.

Mrs. J. L. Fisk has removed into her new residence at No. 510 West California street and is now at home to her friends there.

Mrs. Harry Gray of No. 294 South Grand avenue gave a daintily appointed luncheon Tuesday in honor of Miss Gardner of Evansville, Ind.

Mrs. Walstein Root of No. 210 South Grand avenue will entertain a party of friends at dinner tomorrow evening.

Mrs. Edward King of North Chester avenue entertained the members of the Pittsburgh Club at cards yesterday afternoon.

Mr. and Mrs. Charles C. McCormick and their daughter, Mrs. Julius Knoblaugh of Freeport, Ill., have taken a cottage for the season at No. 366 North Euclid avenue.

POMONA'S GROWTH.

Indicated by Prosperous Condition of Building and Loan Association. Australian Visitor.

POMONA, Jan. 16.—The annual meeting of the Pomona Building and Loan Association will be held on Monday evening. The past year has been the most prosperous in the history of the organization. Aside from paying 8 per cent. to its stockholders, a goodly sum has been added to the surplus account.

The rapid growth of building here has brought the association much business, over $80,000 having been loaned for the erection of homes during the past year.

Mrs. Deane Prescott Mitchell of West Australia is visiting her mother-in-law, Mrs. H. A. Mitchell, and sister-in-law, Mrs. Arthur M. Dole. Mrs. Mitchell's voyage was a long one, because of heavy seas and high winds.

Miss Florence Kauffman has been compelled to discontinue her studies at Stanford on account of a nervous breakdown. She is at the home of her father, Prof. P. W. Kauffman, on North Ellen street.

SEASHORE GIRL COLORADO BRIDE.

LONG BEACH WOMAN WEDS A FORMER PREACHER.

He's a Grocer Now and Love Is the Reason for It, as Explained Over the Wires from the Intermountain Plateau Region — Bad Checks Turn Up from Whittier.

LONG BEACH, Jan. 16.—A dispatch from Denver, Colo., says:

"Love drove Frank B. Swisher of Idaho Springs from the pulpit to the grocery store, and he is now selling butter, eggs and coffee instead of distributing religion. In the Graymont Hotel this morning the preacher-grocer assumed the responsibilities of wedded life. The bride was Miss Ina L. Epperson, a musician, who arrived yesterday from Long Beach, Cal.

"It was about two years ago that Mr. Swisher met the idol of his heart in Woodland Park, Colo., and both young hearts began to beat furiously with love. He was a preacher then, but he realized that he must find a more paying business to maintain a cosy cottage. He became a grocery-man, and now has a snug little home in Idaho Springs, to which he will take a happy bride today. Rev. R. R. Adams of Idaho Springs officiated at the wedding this morning."

DISCOVER FORGERY.

Two checks, aggregating $95, received today by the National Bank of Long Beach for collection, revealed forgeries committed by some man sailing under the name of J. L. Wood. One check is for $45, the other for $50, and both purport to have been made payable to J. L. Wood by the Long Beach Hardware Company. Both appear to have been indorsed by Wood, and were cashed by the bank at Whittier. The Long Beach Hardware Company is not a depositor at the National Bank, and the checks, sent to that institution for explanation, brought a prompt repudiation of them and a statement that the signatures were bold forgeries. Prompt notice was sent to the Whittier bank, but the officials here incline to the belief that the forger has gone to other fields.

SAID AT SEASHORE.

J. A. Kent, a grocery clerk, has a wrenched shoulder and both hands burned nearly to the bone, as the result of a thrilling runaway on Locust avenue. His horse shied at a bit of paper and bolted. After running a mile, the animal encountered an automobile which crossed in front of him, bringing him to a halt. Though the harness was tangled up and the wagon nearly a wreck, Kent bravely remained in his seat, working to regain control of his horse.

Plans, profiles and specifications for the sewer system along the beach will be presented to the city trustees January 22. The sewage will be carried to two receiving tanks and pumped automatically into the city's main sewer on Pine bluff.

The annual inspection of Co. H. will take place Saturday night, conducted by Col. Wilhelm, U.S.A., and the man who organized the Long Beach company. Next Tuesday night the company will elect a second lieutenant to fill a vacancy.

The cases of Dr. George A. Ledford, A. L. Dorris and ex-Deputy Constable Leslie W. Folsom, charged with assault upon the person of Mrs. Frances M. Dorris, in forcibly removing her from the Glenwood roominghouse recently, will be called before Recorder Hart tomorrow and dismissed in compliance with formal notice from Dist.-Atty. Fredericks that there is no case against the defendants. Attorney Knight has as yet failed to locate his missing client.

Capt. Lewis H. Paine of Co. H, Seventh Regiment, yesterday set a record for his men by scoring 93 1-3 out of a possible 100 at the armory rifle range.

Dr. T. C. Donnell, recently operated on for appendicitis under discouraging conditions, continues to improve, and his attending physicians are much encouraged.

The directors of the Long Beach Water Company have voted to expend $100,000 in immediate improvements, which include new machinery, new mains and extension of the system.

The Long Beach Medical Society last night elected Dr. F. L. Wood, president; Dr. F. L. Rodgers, secretary-treasurer, and Dr. H. O. Bates, counsellor. Drs. Sellery, Holden and Freeman were appointed a pure food committee, whose duty will be to make inspection of milk, water and foods, and see that ordinances governing their purity are enforced.

A meeting of all former residents or natives of Iowa will be held Friday evening at the City Hall to form a Hawkeye society.

Work was commenced this morning on the foundations of the city market house, at Seventh and Olive. The building will be 90x156 feet, and will cost $12,237.

JOLLY OLD LADIES.

Ocean Park Women Search for Fount of Everlasting Youth—Who Can Join.

OCEAN PARK, Jan. 16.—"If the day be fair, the J.O.L. will meet at Ocean Park, 27 Hill street; if the day be foul, then stay away—I'll have the club another day. Wednesday, January 16, is the date, so come early and go home late. If you can't come, write and tell Mrs. H. A. Morton, J.O.L."

Thus read the rhyming invitation that called the dozen women of the Jolly Old Maids' Club to the regular monthly meeting, held today at the home of Mrs. Morton, who had the honor of assisting in the organization of the club more than ten years ago. It has a membership of twelve and once each year the club holds a meeting at the residence of every member.

At these meetings the search is continued for the fount of everlasting youth. Discussions of disease and ailments are barred and the members are growing old gracefully by keeping ever in mind the society's motto, "Never Grow Old."

No one is eligible to membership who has not passed the three score and one milestone and no new members are received except to fill the chairs made vacant by those who have gone before. The snows of 85 winters have whitened the hair of Mrs. G. S. Lisk, the oldest of the members, while Miss M. E. Hill, affectionately termed the "baby" of the society, is but 61 years young. The united ages of the dozen members is 743 years.

At each gathering a rosebud is placed upon the table to denote the number of members who have taken the final degree, and today four fragrant roses beckoned from the beyond.

Those present at the round-up today were: Mrs. Elizabeth Goldsberry, Dr. Ruth M. Wood, Mrs. M. W. Driscoll, Mrs. B. Gray, Mrs. M. Merriam, Mrs. G. S. Lisk, Mrs. Helen Caldwell, Mrs. D. W. Dunks, Mrs. M. Kendall, Miss M. E. Hill; Mrs. C. H. Putnam, president, and Mrs. H. A. Morton, hostess.

THAT BULKHEAD DELAY.

The time for signing the contract for the bulkhead having expired, it is probable that the City Trustees will be compelled to readvertise for bids. The delay was occasioned by E. C. Alsop, to whom had been awarded the contract, making the discovery that, as the city had no jurisdiction over the tide lands belonging to the State, there might be some trouble in securing his pay, as the work is to be done under the Vrooman bonding act. The proposed bulkhead is designed to protect the ocean frontage of Short Line Beach from the high tides of the equinoctial periods, and the jetty portion of the construction extends over the State tide lands.

Have One Doctor

No sense in running from one doctor to another. Select the best one, then stand by him. Do not delay, but consult him in time when you are sick. Ask his opinion of

Ayer's Cherry Pectoral

REVISED FORMULA

for coughs and colds. Then use it or not, just as he says.

The new kind contains no alcohol

We have no secrets to hide! We publish the formulas of all our medicines.

PETERSON GUILTY.

Jury Convicts Him of Selling Liquor to Minors—Recommends Fine as Only Penalty.

MONROVIA, Jan. 16.—Nels Peterson, who runs a saloon near the entrance of the coursing park at Arcadia, was last night convicted of selling intoxicating liquors to a minor. Nearly an entire day was spent in impaneling a jury. Earl Rogers appeared for the defendant. After the jury was secured a night session was asked for and granted.

Deputy District Attorney F. P. Blair called only two witnesses to the stand, both minors. Each testified to the purchase of beer in the Peterson saloon early in December.

Mrs. Nels Peterson testified for the defendant that on December 26 she had sold the boys beer. Peterson himself testified that he had never sold beer to the boys, but had twice ordered them to leave the saloon. The jury at midnight agreed on a verdict of guilty as charged in the complaint, but recommended a fine as the penalty.

Attorney Rogers asked that before fine be imposed, he be given time to present law to set the verdict aside and also to argue for a new trial. Justice Glover fixed Monday, at 10 o'clock, as the time for this hearing.

WATER BOND ISSUE.

Those who are opposing the voting of the $35,000 issue of water bonds argue that a city of this size cannot afford to vote a tax that will discourage capital from making investments here. The city now has a bonded indebtedness of $100,000, and with the new issue, should it carry, this would be increased to $193,000. The main opposition seems to be to the $50,000 recommendation for the building of a mountain reservoir.

HARBOR CITY TRAFFIC.

SAN PEDRO, Jan. 16.—The report of the local customhouse for December shows the arrival at this port of sixty-nine steamers, three ships, six barkentines, twenty-seven schooners—a total of 101 vessels lumber laden, carrying in crews 1650 men and having a net tonnage of 52,276 tons. These vessels brought 37,756,000 feet of lumber, 2,350,000 shingles, 109,000 shakes, 2,384,000 laths, 694 poles, 2582 piles, 102 tons of shooks, 1275 tons of grain, 64,392 barrels of oil, 15,081 barrels of cement, 1454 tons of merchandise and 2352 passengers.

There were exported during the month 649 tons of merchandise and 2372 passengers departed.

THAT AVALON FENCE.

AVALON, Jan. 16.—Again the fence. The Santa Catalina Island Company, after constructing a fence along the beach last summer afterwards removed it. Yesterday a large force of workmen put the fence again in place. The fence was intended to prevent the steamer San Diego from landing passengers here. It is not yet known what the latest development means.

GREAT PLANS OF EPISCOPALIANS.

ANTEDATE PILGRIM FATHERS A TWELVEMONTH.

Canon Hulse Comes Here in Interest of Great Fund—Will Take Advantage of the Coming Jamestown Celebration to Give Impetus to Church Work.

The Episcopal church of America is making great preparations for the coming celebration at Jamestown, Va., of the 300th anniversary of the landing of the English at that place, which will occur simultaneously with the meeting of their General Convention at Richmond, in the month of October, 1907.

This celebration will be taken advantage of to give impetus to the religious work of the English denomination, and in order to properly back it up with the greatest possible activity, it was determined, at the Boston convention last year, to raise a fund of $1,000,000 or more, among the men of the church, and present it to the Richmond convention, to be known as the Men's Thank-offering Fund.

In furtherance of this movement, Rev. Canon Hulse, of the Cathedral of St. John the Divine, New York, will arrive in Los Angeles this week, and Bishop Johnson has arranged for him to address a men's mass meeting in St. Paul's Pro-Cathedral on next Sunday evening.

Said Rev. J. D. H. Browne yesterday, in speaking of this celebration: "The first free government on this continent was set up by the Episcopal church, at Jamestown, Va., in 1619—one year before the Pilgrims landed at Plymouth Rock. At that time a meeting of the representatives of 1000 colonists was held, and it was really the first congress on American soil. Jamestown was settled by the English twelve years before this congress met."

It is to commemorate this beginning of American history that the great celebration is to be held, primarily, and President Roosevelt has thought it of sufficient importance to ask the Congress of the United States to make provision for it, and the most extensive preparations are now under way.

The fleets of the world are to be represented by their mightiest war ships, and a great industrial exposition is also to mark the event. This celebration is of peculiar interest to the Episcopal church, as the first religious service held in the colonies was that of their denomination, and the first building erected in Jamestown, after the stockade and fort, was an Episcopal church, and out of these facts grows the determination to create the million-dollar fund.

The movement has the support of the most eminent churchmen in America, to which the President of the United States and the Chief Justice of the Supreme Court of the United States, have lent their influence.

The sending of Canon Hulse to the Coast is a most important step in the consummation of the purpose to raise the fund. He is an able platform speaker and a distinguished pulpit orator, and a general invitation is extended to men of the city to hear him. His work will extend throughout the diocese.

CHILDS PLACE SOLD?

Rumored Purchase of Huntington Property for Two and a Half Millions Denied.

The rumored sale for $2,500,000 of the Childs place, comprising the block of land bounded by Main, Hill, Eleventh and Twelfth streets, is not confirmed.

R. A. Rowan and Julius Black are named as the agents for the buyers of this magnificent property. Both are reticent about the deal. Mr. Rowan admitted that they had made an offer to Henry E. Huntington, the owner, who is at present in New York, of about $2,500,000. He denied that a deal has been made.

The property is a full city block, having a frontage of 700 feet on Main street, 600 on Hill, 606 on Twelfth and 563 feet on Eleventh street, comprising a trifle over eight acres. At present a three-story frame residence occupies the central part of the lot, which is in use as a school for young ladies. The place, with its stately trees and old-fashioned air, has been of interest to many residents of Los Angeles.

Mr. Huntington bought the property from Mrs. Childs about five years ago for $250,000. A few weeks after the purchase he was offered $500,000.

More recently he was offered about $2,000,000. The latest reported deal, should it be consummated, would go on record as the largest in city property ever made at one time by one firm in Los Angeles.

Both agents refused to divulge the names of the probable purchasers of the property, or their intentions as to its use, but it is hinted that soon several magnificent business blocks would be reared.

Subdivision

Large tract rich bottom land. Unlimited free water for irrigation. Positive profit of $100,000 in a year. Present net income $15,000 to $20,000 a year. Requires $10,000 for half interest. Quick action necessary. Address

"MOTHER DYING BY A BULLET.

ACCIDENT MAY COST LIFE OF A BOLSA WOMAN.

Daughter Gets Pistol to Frighten Off Persistent Tramp and Unintended Discharge of the Firearm Results in Probably Fatal Wound. Doctors Give Little Hope.

[BY DIRECT WIRE TO THE TIMES].

SANTA ANA, Jan. 16.—[Exclusive Dispatch.] Mrs. Louis Hell of Bolsa, with a bullet through her stomach, is not expected to live. She was accidentally shot this afternoon by her daughter, Miss Viva Hell, as Miss Hell was bringing a loaded revolver downstairs to frighten away a tramp who was endeavoring to break into the house.

The accident occurred on the Louis Hell ranch near Bolsa. The tramp had been about the place for several hours and had acted in a very suspicious manner. Finally he attempted to gain an entrance to the house.

The doors were barred against him by Mrs. Hell, who was alone in the place with her eldest daughter Viva.

So persistent was the tramp in his attempt at breaking in that Mrs. Hell asked her daughter to go upstairs after the pistol. This Miss Hell did and as she was coming down the stairs the revolver was discharged by her, she being much wrought up over the disturbance.

The tramp took to his heels, and peace officers are now seeking him. Dr. Violett of Garden Grove was called and he says the bullet entered the left side of the stomach. He gives but little hope of recovery. Dr. Stewart of Los Angeles has been called in consultation.

The Hell family is one of the best known ones in the county. Louis Hell is a prominent rancher. Mrs. Hell is 55 years old.

COAL COMING BY STEAMER.

SIX THOUSAND TONS ARRIVE AT SAN DIEGO PORT.

Steamer Tordenskhold Brings a Lot of Much-Desired Fuel from Nanaimo—Large Part of It Will Be Shipped at Once to Los Angeles. Notes About the Bay City.

[BY THE ASSOCIATED PRESS—P.M.]

SAN DIEGO, Jan. 16.—The steamer Tordenskhold, which sailed from Nanaimo January 10 arrived today with a cargo of coal. She comes in good time, as her cargo is wanted. A large part of her 6000 tons will be shipped at once to Los Angeles.

BAY CITY RIPPLES.

The name of the man whose body was found in a cottage at Del Mar is probably Robert Pocher. The identification was by a prayer book, which had been given to the man by David Stoller, whose name was written in it. The deceased had worked as a gardener at St. Joseph's Sanitarium. He was 26 or 28 years of age, had served in the Spanish-American War and had been a steward in a hospital in China.

At an expense of $58,000 the Southern California Mountain Water Company has completed the filtration plant in Chollas Valley for the treatment of water used by the city.

John T. Wright, for many years keeper of a store on the water front, was found dead in his bed, yesterday. He was last seen alive on Saturday.

The work of moving houses off the right of way of the San Diego and Arizona Railroad through the city has been commenced, the buildings on the depot site, at the foot of Hawtree, being moved first.

A. Q. Schofield has been elected a member of the City Board of Education in place of John Campbell, resigned.

Mrs. Emily Overbaugh, owner of the Overbaugh block, recently completed, died, yesterday, from blood poisoning, aged 78. She was the widow of Allen G. Overbaugh.

Melville Klauber has announced that he will not accept the presidency of the Chamber of Commerce, and Dr. Edward Grove will not continue as president another year. Dr. D. Gochenauer will probably be chosen.

A quit claim deed has been filed, showing the formal tranfer of large property interests at Pacific Beach by G. O. J. Stough to Folsom Bros.

FOR ELSINORE LIBRARY.

ELSINORE, Jan. 16.—Miss Mabel E. Prentiss of Sacramento, State library organizer, has been in Elsinore the past two days, a guest at the Lakeview. Miss Prentiss was here on business connected with the new Elsinore public library organization.

Mrs. J. B. Coughran and little sons, who have spent two months in Elsinore, have returned to their home in Long Beach.

Mr. and Mrs. G. W. Brewer, have rented their ranch in block 25 to Theodore Day and have gone to Los Angeles to reside.

Mr. and Mrs. George Hammann of Los Angeles are spending a few weeks in Elsinore. They arrived yesterday.

Among Lakeview arrivals are: P. Greenberg, San Francisco; J. Elsnor, G. S. Lapham, Ray Hutchins, E. J. Prouse, Los Angeles.

Bundy arrivals are: J. H. Walker, P. H. Haw and wife, Chicago; C. H. Hart and wife, Fullerton; F. H. Reed and wife, Redlands; Mrs. E. J. Hougland, Los Angeles; Mrs. A. O. Hougland, Marion, Iowa.

An imperial edict at Peking was issued yesterday ordering a return to the old methods of learning and directing that suitable men be selected as teachers in the Confucian schools at Chifu, where special attention is to be given to teaching the code of ethics and moral doctrines of the Chinese sage.

GRINDS YOUNG MAN TO DEATH.

TRAIN FATALITY ON SANTA FE NEAR NORTHAM STATION.

Victim Had Lately Been Employed as a Painter in Los Angeles—His Companion Thinks That He Sat Down on the Rails to Rest and Went to Sleep.

[BY DIRECT WIRE TO THE TIMES].

FULLERTON, Jan. 16.—[Exclusive Dispatch.] Frank Murphy, aged 22, was instantly killed by the southbound San Diego train this evening one-half mile south of Northam Station.

Frank Plummer, who was asleep near the track, says he thinks Murphy sat down on the rails to rest and went to sleep. Murphy had been working with a painter in Los Angeles, and the men were on the way to Santa Ana, where they had been promised work.

Murphy's body was ground to pieces, as the train was running at full speed. The remains were removed to Fullerton tonight, where an inquest will be held tomorrow.

WED UNDER THE IVY.

Jewish Society Turns Out for Enkle-Basthein Nuptials at Levy's—A Brilliant Scene.

Edmund Basthein and Irene Enkle were married last night at Levy's, and will leave at once for the home of the groom in San Francisco.

The solemn words of the Jewish service were spoken by Rabbi Hecht, while the young couple stood before him with clasped hands beneath a canopy of ivy. From beyond the open doors of the room came softly the strains of Schumann's "Traumerei."

"The founding of a new house in Israel" is made an impressive occasion, and a joyous one withal. Gravely the gathering listened to the words of Dr. Hecht; and then, on the instant the ceremony was concluded, joy reigned supreme. Hearty, laughing congratulations were showered on bride and groom, the tributes of friends and the rejoicing of Israel in the new house founded.

To the Wedding March from "Lohengrin" the wedding party passed into the wide hallway, where they stood while Miss Hazel Meyer sang LeClair's "Bright Star of Hope." She sang it sweetly, in a voice which quivered a little from the excitement of the occasion. Then the party went on into the banquet hall.

The long tables were decked with crossing lines of smilax and pink carnations, in which hundreds of tiny incandescent lights nestled, like fireflies at rest.

A dance in the great ballroom concluded the festivities.

Miss Rose Germain was the maid of honor, James Schwabacher best man. The bride was dressed in Duchesse lace.

Mr. and Mrs. Abraham Enkle have recently taken up their residence in Los Angeles, coming from San Francisco. Mr. Basthein, a nephew of S. Nordlinger of this city, is a traveling salesman for a San Francisco jewelry house.

TOLD AT SIERRA MADRE.

SIERRA MADRE, Jan. 16.—At a meeting last evening the organization of the First National Bank of Sierra Madre, for which permission had been granted from Washington, was effected, and the entire capital stock was subscribed. The following were elected as directors: C. H. Baker, C. S. Kersting, Alfred Cooper, N. H. Hosmer, L. C. Torrance, Charles Ewing, F. S. Sinley and E. W. Camp. It is expected that the bank will be open for business by February 15.

The government has shipped from the experimental station at Henninger's Flats 6000 trees, which are being set out along the Sturtevant trail and slopes of the Big Santa Anita Cañon.

DEACON HELD THE SACK

(Continued from First Page.)

this was my mos' busiest day, and if she wanted them chickens she had better go fo' a court officer."

"Why didn't you tell the policemen where you got the chickens when they asked you?" remarked Justice Pierce.

"Well, Judge, Your Honor," said the witness, resignedly, "they says to me did I buy 'em of a black man, and I says, 'Sirs, 'taffit none of my business, people being so mixed here in America that you can't tell who is colored and specially it not being none of my business, nohow.'"

ABOUT THE SACKING.

He says he didn't put the chickens in a sack with any improper motives. He claims 'twas this way:

"I says to the officers, 'Sirs, these hyar chickens bein' in dispute, we will put 'em in a sack until it is decided.' I told one of 'em to hol' the sack; but they seized the chickens and they cuffed me and they hit me and at last they drug me out and took me to the jail and put me in a criminal cell." (Very mournfully at the recollection.)

One of the attorneys for the defense asked the deacon very cuttingly if he had ever been arrested before.

"We object," said the deacon's lawyer, hotly.

"We want to prove that being arrested couldn't hurt his feelings so much," said the lawyer.

"Well, I was arrested once because I was totin' round with a gang of preachers preachin' on the street," said the deacon, evidently disgusted at the recollection.

"Is that the only time?" persisted the lawyer.

"Say!" growled the deacon, indignantly, "is you all goin' to write my biography?"

He said, however, that his arrest had hurt his reputation among his colored flock and white friends, and that he had lost many valuable customers by reason of his illegal arrest.

LIEUTENANT UNEASY.

Lieut. Lenhausen said on the stand that he had no warrant for the man's arrest but that he got uneasy when he saw the deacon vanishing into the back of the store with the contested chickens in a sack. Pinched him anyhow.

The German, George Clotzbach, also went on the stand. He said he recognized his chickens at once by the color of their feathers.

"Did thy have different feathers from any other chickens?" snapped the lawyer for the deacon.

"No, I guess not," said the German, without much interest.

"Then how did you know them?"

"By their feathers."

Justice Pierce didn't decide the case because the deacon's lawyer wants to argue it, but His Honor seemed to give a hint.

He said that if officers always waited to scurry round and get warrants and search warrants and the rest of the red tape when they saw men with suspicious bundles there would never be any thieves caught.

"It is my experience," he said, "that an officer rarely, if ever, exceeds his rights and his duties."

The inference is that the deacon's feelings will have to go unavenged in the interests of the general peace safety and welfare.

DANGER LURKS IN MUD.

Fire Fighting Apparatus Sticks in Unpaved Streets and Great Loss Might Result.

A fire alarm turned in from a North Main-street box yesterday afternoon served to reveal an element of danger in the condition of unpaved streets in the city. The response to the alarm was instant, as always, but the horses could only plod laboriously through the deep, clinging mud which has occasioned great inconvenience and loss in the city. A team of three splendid grays, the kind of horses that have helped make "two minutes to the fire" a common phrase, tugged frantically at an engine which was almost stalled when it should have been moving swiftly.

The usual crowd that runs to a fire ran only part of the way, and then slowed to a walk to wait for the engines to catch up. Just north of Sunset boulevard the driver of the hook and ladder truck drew in his helplessly plunging horses, letting them take a slow walk.

"If they could run in that mud," said some one in the crowd, "it would simply tear the equipment all to pieces. It'll be bad if a big fire starts while the roads are like this."

Strictly Reliable

Specialists

Men!

Do you know that we have the largest and best equipped offices west of Chicago with five of the foremost specialists for men in the United States, and are prepared to furnish you with the best treatment to be had in the city.

If you are suffering from

Varicocele, Hydrocele, Piles, Fistula, Blood Poison, Skin Diseases, Any Chronic or Contracted Disorder

Come to us before going to so-called specialists, who do more harm than good. We make a thorough and searching examination free, and guarantee a cure in every case accepted by us. Write if you cannot call. Many patients cured that we have never seen, by our remarkable method of treating by mail. All correspondence strictly confidential, and replies in plain envelope.

Dr. Greene & Co.

ROOMS 12 TO 16, NO. 254 SOUTH BROADWAY, RINDGE BLDG.
HOURS—8 to 5, 7 to 8 daily. Sundays, 9 to 12.
San Diego Office, Sixth and F. San Bernardino Office, 550 Third St.

MEN—save time and money by patronizing experts on special diseases. Varicocele and Hydrocele positively and forever cured by ONE treatment. No blood, no chloroform, no detention from business. We cure every case perfectly and quickly without danger or the use of barbarous methods. Our office is not conducted by hired substitutes; every case we handle personally and guarantee a cure or charge no fee. Special attention given to the cure of all Genito-Urinary and Chronic Diseases of Men and Women. 25 years' special experience. Consultation at office or by letter FREE. DR. MERRILL, 325½ SOUTH BROADWAY.

WEAK MEN

Let Me Guide You on Your Way to Regain Your Health and Renew Your Strength

Do you feel that you are not the man you once were? Feel tired in the morning? Easily exhausted? Back weak? Memory failing? Losing ambition? If you have any or all of the above symptoms, let me explain to you my methods of rebuilding the vigor of men, and refer you to the thousands I have cured. I guarantee to cure all the special diseases of men, such as Varicocele, Hydrocele, Stricture, Contracted Disorders, Contagious Blood Poison, Nervous Debility, etc.

GET CURED NOW

It is not a question of whether you can be cured, but whether you will be cured. Don't wait until it is too late. The cure is absolutely certain. I cause no pain nor detention from business. I especially solicit cases which many so-called treatments have failed, or where money has been wasted on museum doctors, electric belts and other appliances.

EXAMINATIONS FREE

I offer not only FREE CONSULTATION and Advice, but will make a careful examination and diagnosis without charge. No ailing man should neglect this opportunity to get expert opinion about this trouble.

Could I afford to make such an offer if I was not absolutely certain of curing every case I take?

Rheumatism Cured

Torturing, grinding, rasping, aggravating pain. Let it come in the guise of lumbago, sciatica, muscular, inflammatory, "come and go"; in the joints, in the chest, in the back; anywhere, I will cure it. My Electric Belt goes to the spot and drives it out of the body. It relieves the pain in an hour and cures the worst cases in a week.

Dr. McLaughlin's Electric Belt

Has cured thousands of rheumatics—IT WILL CURE YOU.

Two Interesting Letters

Cottonwood, Ariz.

DR. McLAUGHLIN: Dear Sir—Enclosed I send you money order for your No. 1 belt. I am flat on my back with rheumatism; have been so for eight days, and if your belt will help me I want it right away, as I would like to get out if possible. Yours truly, JAMES HOWEY.

Big Bug, Ariz.

DR. McLAUGHLIN: Dear Sir—Your letter of inquiry at hand. Your belt has been given a good trial and I am happy to say that I am greatly benefited by it. I am about as if nothing had been the matter with me. I wore the belt half a day for 21 days, then I did not need it after that. Yours truly, DAN MARSHALL.

FREE TEST! Call and test it. You can see what it will do for you. Its great power will surprise you. Many cases are cured in ten days. I will send my book free if you can't call.

1-17-07.

THE DR. M. B McLAUGHLIN CO., 129 S. Spring St., Los Angeles.
Please send me your free book in sealed envelope, without marks, and oblige.

ADDRESS .....

Men Stop Get Well

Whatever the cause—over-indulgence, indiscretion, dissipation or accident—if you give me your case I'll get right down to the cause at once; begin to build you up on real rational lines.

I'll soon have you a normal healthy man. Soon have you strong and vigorous as Nature intended you should be.

It is hardly possible for your case to be worse than thousands I have cured—soundly—completely.

Consult me without charge and I'll outline a course of treatment that I am sure will cure you and tell you the cost. No matter how small my fee it includes all medicines free.

I have cured diseases and complaints of men—am an expert in those diseases. You can surely trust me with your case for a speedy, certain cure.

Yesterday's Forecast and Report.

U. S. WEATHER BUREAU, Los Angeles, Jan. 16.—[Reported by A. B. Wollaber, Local Forecaster.] At 4 o'clock a.m. the barometer registered 29.94; at 5 p.m. 29.90. Thermometer for the corresponding hours showed 40 deg. and 49 deg. Relative humidity, 5 a.m., 89 per cent; 5 p.m., 56 per cent. Wind, 5 a.m., northeast, velocity 4 miles; 5 p.m., south, velocity 4 miles. Maximum temperature, 50 deg.; minimum, 39 deg. Rainfall past twenty-four hours, .01 of an inch; rainfall for season, 11.13 inches.

Weather Conditions.—Light snow has occurred at scattering places in the Northwest, Utah and New Mexico, during the last twenty-four hours, and some rain fell in California, due to the influence of a moderate disturbance which is now central over Northern Arizona, and a second storm area which moved inland from the ocean yesterday and is now off the Oregon coast. The immense high area central east of the Rockies is advancing slowly eastward, its crest being over Canada. It has caused colder weather in the Eastern States. Extremely cold weather continues in Montana, and the temperature generally throughout the Northwest is below normal. The storm off the Oregon coast is expected to move southeastward and cause unsettled, rainy weather in Los Angeles and vicinity tonight and Thursday.

Forecasts.—Local forecast for Los Angeles and vicinity: Unsettled weather, with rain, tonight and Thursday; winds becoming southerly.

SAN FRANCISCO, Jan. 16.—Another storm has appeared on the coast of California, and will probably move southward, causing high southeast winds along the Coast and in the great valleys. Southern warnings are displayed at all points. Forecast:

San Francisco and vicinity: Rain Thursday; high southeast winds.

Sacramento and San Joaquin valleys: Rain Thursday; snow in the hills and mountains; high southeast winds.

Los Angeles and vicinity: Rain Thursday; brisk to high southerly winds.

Arizona: Generally fair Thursday and Friday.

YUMA (Ariz.) Jan. 16.—[Exclusive Dispatch from the U. S. Geological Survey.] Gauge height Colorado River, 21.9 feet.

LOCAL PRODUCE MARKET.

Following the reduction in the prices of butter, made officially last week by the independent butter dealers of the Produce Exchange, they met again yesterday morning, this time to advance prices. The increase is only temporary, occasioned by a sudden shortage of fresh butter. Steamers have failed in the habit of calling at Cayucos having been unable on account of storms, to make that port to pick up the waiting supplies intended for this market. As soon as shipments from the north are resumed, and fresh butter begins to better supply, the prices will again be lowered.

Valley butter is now quoted at 75 cents per 2-pound square; coast butter 77½@75¢; choice butter 82½@85; cooking butter 24.

There is now in storage 287,600 pounds of butter, 100,000 pounds less than at the same time last year.

Ranch eggs are exceptionally firm at present prices. San Diego dealers were sending here yesterday for extra supplies. Local jobbers reported trouble in getting eggs to fill orders yesterday. There is now in storage here 567 cases, 1000 cases more than last year at corresponding date.

Eggs on 'change yesterday were: Three sacks of white sweets; 2 cases of fancy valley butter. There is an excellent trade on apples. A few Winter Nelles pears are on the market at 1c per pound. Coast roads will not be in an operative condition before another week, and shipments of potatoes and onions will be scarce until the roads are again opened.

Fish were in fair supply, but lobsters and wind mullets scarce.

The receipts of produce as reported for yesterday's exchange were as follows: Eggs 190 cases; butter, 22,100 lbs.; cheese, 1,000 lbs.; potatoes, 1085 sacks; onions, none; beans, none; sweet potatoes, none.

Prices Current.

EGGS—Candled, fresh California ranch, 32; eastern storage, selected, 28; northern candled, 25.

BUTTER—Fancy local butter, 2-lb sq., 75; Lucerne butter, 75; valley creamery, 75; fancy Coast creamery, 75@77½; choice Coast creamery, 67½; cooking butter, 24.

New York Cotton Market.

[BY PRIVATE WIRE TO FRED DORR.]

NEW YORK, Jan. 16.—The cotton market reversed its action of yesterday and broke this morning on disappointing cables. Spot cables in Liverpool were 18,000 bales but futures in that market were weak and five to six points lower as a result of a big estimate for the India cotton acreage with predictions for a large crop. The bears also used the Claflin clearance sale at concessions a sa bear argument and selling was rather heavy. Most of it was for the account of an operator who had just returned from the south in a bearish mood over crop conditions for the coming season. This interest was a heavy seller and disposed of about 15,000 bales at the bottom in an effort to break prices further. The movement is heavy but it should be borne in mind that considerable cotton still remains to come into sight to absorb the amount already ginned.

Southern spot markets quiet and unchanged to 1-8 lower. Port receipts 48,904; last year 20,328. Exports 35,362.

Our market is due to come about 13 points lower around 933 for March and 948 for May. Liverpool spot cotton in good demand 5 points higher at 5.84 for American middling on sales of 12,000 bales including 10,000 American. Imports 37,000 including 29,000 American. The advance of five points in Liverpool spots with sales of 12,000 bales indicates that the option list was subjected to some heavy bear pressure. One cable states that the selling was for American account. As the market at present has an extended short interest and trade conditions favor stability this is logical to presume that the decline is forced and will not hold. Port receipts probably 50,000, last week 56,000. Last year 20,322.

Official advices estimate the cotton acreage of India this year at about 1,000,000 acres more than planted last year. Present estimate of yield 4,105,000 bales.

Official port receipts 48,000; last week 56,000; last year, 2525. New Orleans rects 11,000 to 13,350; last week 12,838; last year, 6248.

Floor advices say the market steadier.

GENERAL EASTERN MARKETS.

GRAIN AND PRODUCE.

[BY THE ASSOCIATED PRESS—A. M.]

CHICAGO, Jan. 16.—The wheat market opened a trifle easier because of lower cables and favorable weather in the winter wheat territory. Small receipts at Minneapolis and Duluth partly offset these efforts and later when the price of oats advanced 1c, the sentiment in the wheat pit became bullish. Prices, however, showed only moderate changes. The market closed steady. May opened unchanged to a shade lower at 76@76⅛ to 76⅜; sold between 75⅞ and 76⅜ and closed a shade higher at 76⅛@76⅜. Wet weather caused firmness in the corn market. May closed ⅜ higher at 46⅛. The market for oats was strong and active. May closed, 45@45⅜ up at 37⅜. The provisions market was weak on selling by packers. At the close May pork was down 10, lard was off 5 and ribs were 7½ lower.

The leading futures closed as follows:

Wheat—	Closing.
May	76⅛@76⅜
July	75⅝
Corn—	
January	40½
May	44⅛
July	44⅝
Oats—	
January	35
May	37⅜
July	34⅛@34¼

Cash quotations were as follows: Flour was steady; No. 2 spring wheat 76@79; No. 3, 65@75; No. 2 red, 75¾; No. 3, No. 2 corn, 41; No. 2 yellow, 41½; No. 2 oats, 35; No. 3 white, 34@37; No. 2 rye, 62; fair to choice malting barley, 59@64; No. 1 flax seed, 1.13; No. 1 northwestern, 1.20; prime timothy seed, 4.35; clover, contract grades, 14.00; short ribs, sides (loose), 8.75@9.05; mess pork, per bbl., 16.02½; lard, per 100 lbs., 9.30; short clear sides (boxed), 9.25@9.37½; whisky, basis of high wines, 1.25.

Sheet and Pillow Case Party

We are Agents for Royal Hygenic Sheets and Cases

Sheets and cases are every day necessities and the best is none too good, for the frequent laundering will wear them out soon enough. We have taken the exclusive agency for the Royal Hygeinic sheets and cases, which, though a little higher in price, are well worth the difference in their wearing qualities. However, all of our sheets and cases are, quality considered, lower in price than similar grades elsewhere. We designated this sale "a sheet and pillow case party," which is a caption we have used for a number of years; as a fact the customers who throng our counters when we have such a sale bears a very close resemblance to a gathering at a party.

FOR READY MADE SHEETS WORTH 40c.

Cleanup Sale 5000 Blankets

This big lot of blankets represents a delayed shipment caused by the rush of holiday traffic as well as congested freight conditions. Coming as they do at a time when the season is far advanced, we prefer to feature the entire lot and take our share of the loss, than to incur the further expense of caring for them in moth-proof storage rooms. We want to put away just as few wool bed coverings as possible. Actual cost is of much more benefit to us right now than a good profit would be if we kept them over till next season. You can save dollars by purchasing now.

$5.00 FOR CHOICE DOWN COMFORTERS WORTH $7.50. **$5.00**

Unusually fine bed covering; this is one of the finest, softest and warmest comforters made; only the finest materials used in making and come in a choice assortment of colors; are specially priced for this big sale.
